## OTTAWA.

Ottawa, May 16.—R. J. Seddon, pre-  
mier of New Zealand, is here on his  
way to the jubilee celebration. He  
has his wife and two daughters with  
him. Lord Abredeem had him to dinner  
today, and he dines with Premier  
Laurier tomorrow. Tomorrow also he  
will meet the government and discuss  
the steamship and cable matters.

Premier Murray of Nova Scotia is  
here. The street railway vote at Toronto  
yesterday excited much interest here.  
The Ottawa service is not operated on  
Sunday, but it is believed the ques-  
tion will be raised immediately. Rev.  
Dr. Saunders and some other clergy-  
men discussed the subject in their  
pulpits tonight, urging the people not  
to allow Sunday cars.

### QUEBEC.

Montreal, May 13.—Although it does  
not matter much how many documents  
come over from Rome on the school  
question, it will be interesting to know  
as a matter of news that the Pope  
through the propaganda has sent an  
official letter to the Canadian bishops  
informing them that the Manitoba  
school settlement is unsatisfactory to  
his Holiness's conscience.

Quebec, May 13.—Hon. Felix Mar-  
chand's troubles have only just be-  
gun.

Rumor credits the premier-elect  
with a desire to exclude all those who  
had anything to do with the scandals  
of the Mercier regime from the new  
cabinet. But this would seem impos-  
sible, for the reason that the Mercier  
number nineteen in the house and  
could down Marchand at any moment.

Montreal, May 14.—The annual state-  
ment of the Bank of Montreal was  
issued today. It shows profits for the  
year, after deducting charges of man-  
agement and making allowance for  
bad and doubtful debts, of \$1,330,560.

as against \$1,241,000 last year. The  
balance of profit and loss carried for-  
ward amounts to \$386,000, an increase  
of \$30,000.

Judge Dugas today condemned the  
departmental stores of Carley, Ham-  
ilton and Bolvers Bros. to pay \$25  
each for selling drugs below the price  
at which the drug stores retail them.

J. M. Fortier & Co., cigar manufac-  
turers, following the example of W.  
C. McDonald and the Hamilton fac-  
tory, closed down this evening. Nearly  
two hundred hands are out of em-  
ployment.

Montreal, May 16.—General Manager  
Hague of the Merchants' Bank of  
Canada, says that he is not a word  
of truth in the despatch from Hal-  
fax that he is to be replaced by Thos.  
Fyvie of the Bank of Nova Scotia.

Thomas Long of Collingwood replaces  
Sir Jos. Hickson in the Merchants'  
directorate.

It is now confirmed that Thomas  
Fyvie of the Bank of Nova Scotia has  
accepted the position of general man-  
ager of the Merchants' Bank of Cana-  
da, vice Geo. Hague, resigned.

Montreal, May 17.—Premier Green-  
way, who is here, will go to New York  
to complete a deal whereby the  
Manitoba government agrees to guar-  
antee the bonds of the road from  
Winnipeg to Duluth, 300 miles at \$10,  
000 per mile, only 100 of which is in  
Canadian territory. Manitoba will  
thus be liable for about \$200,000 year-  
ly.

Geo. Hague announced today to his  
office that Thos. Fyvie of the Bank  
of Nova Scotia had been appointed  
joint general manager of the Mer-  
chants Bank of Canada. It is under-  
stood, however, that Mr. Hague will  
remain a short time as consulting  
manager and then definitely retire.

Mr. Fyvie begins with a salary of  
\$25,000.

### ONTARIO.

Toronto, May 14.—A newspaper man  
wires the following to a friend here:  
"My opinion is that the cons. will  
carry, but it may be a close squeeze."

"Toronto, Ont., May 16.—The vote on  
the Sunday cars has resulted in a vic-  
tory for the company, thus settling  
the question for the next twenty-five  
years. Both sides fought hard and  
the vote was the largest polled in any  
similar contest. Out of the six wards  
in the city four returned majorities in  
favor of the cars. The total vote was  
16,348 for the cars and 15,940 against.  
The fight was eminently a contest  
between the association of the relig-  
ious community and the people.

Great enthusiasm prevailed when the  
result was announced, and congrat-  
ulatory speeches were delivered by the  
advocates of the cars. The newspa-

pers all printed special editions con-  
taining the result, which were rapidly  
bought up.

Toronto, May 16.—Notwithstanding  
the fact that citizens of Toronto voted  
in favor of running street cars on  
Sunday at yesterday's election, the  
cars did not run today, and there is  
a question as to whether they will  
run at all. The by-law under which  
yesterday's vote was taken has yet  
to be ratified by the city council, and  
this is not likely to be done until a  
legal point raised by the clerical party  
has been settled.

Toronto, May 16.—The trainmen  
from all parts of the United States  
and Canada are arriving here on  
every train to attend the convention  
of the Brotherhood of Trainmen,  
which opens in this city tomorrow.

Toronto, Ont., May 17.—The Official  
count at the city hall gives the ma-  
jority for Sunday cars at 321. The  
by law will be read a third time this  
week at an accomplished fact next  
Lord's day. Sunday cars are now in  
operation in Hamilton, Windsor, St.  
Catharines, Hamilton to Dundas,  
Queenstown to Niagara Falls, Berlin  
to Waterloo. The places at which  
street railways are in operation but  
do not run on Sundays are London,  
Ottawa, Kingston, Sarnia, Guelph,  
Belleville, Brantford and Woodstock.

### NEWFOUNDLAND.

St. Johns, N. F., May 13.—The sailing  
steamer Diana sailed this morning for  
Halifax to embark the Dominion gov-  
ernment expedition for Hudson's Bay  
to investigate the period during which  
the Hind's Straits is navigable for  
grain laden steamers in the summer.

The steamer Portia, from Halifax,  
just arrived, reports that she saw  
nothing of the Norwegian bark Loh-  
nevig, which collided with the French  
vessel St. Jean on the night of May 13  
on the Grand Banks during a fog, nor  
any sign of any of her boats.

## THE CANADIAN WEST.

Henry Saunders, Found Dead, Had a  
Master's Certificate Issued  
at St. John.

Survey of the Rainy River Rapids Completed  
—Scandinavian Settlers Doing Well.

Winnipeg, Man., May 12.—Both the  
Tribune and Free Press in their edi-  
torial comments on the liberal vic-  
tory in Quebec, regard the result as  
a death blow to the Manitoba school  
question agitation in the east.

The Winnipeg Catholics are prepar-  
ing a reception for Mr. Merry del  
Val, who is expected in Winnipeg next  
week.

The church dignitaries at St. Boni-  
face, Edinboro, will write from St.  
Montreal to the papers here that  
Archbishop Langevin is to be trans-  
ferred to a northern diocese, to be suc-  
ceeded here by Bishop Emard of Val-  
leyfield.

At the last meeting of the Winni-  
per liberal association, resolutions  
were passed strongly protesting  
against the two recent local appoint-  
ments, one in connection with the in-  
land revenue service and the other in  
connection with the customs.

James F. Handry, a popular mem-  
ber of the lands titles office, was ac-  
cidentally drowned at White Mouth  
on Monday. The deceased was a sur-  
veyor, and came to Winnipeg in 1882  
from Halifax.

Winnipeg, Man., May 13.—Lieuten-  
ant-Governor Mackintosh, who is here,  
says the prospects are bright for a  
good season in the Northwest terri-  
tory. He hopes the spring had  
been a very favorable one, and in con-  
sequence crops were looking well and  
prospects excellent, while in Alberta  
the ranchers were equally hopeful, as  
cattle were in first class condition and  
there is a tendency to higher prices  
consequent of increased demand for  
meat in the Kootenay country and the  
improved tone of the British markets.

The work of settling the Galicians,  
who arrived here recently, is progress-  
ing satisfactorily. The majority of  
them are at present living in tents  
supplied by the Lake Dauphin Railway  
company. They are comfortable and  
in good health. A report was circu-  
lated that three had died from ex-  
posure, but the story was discovered to  
be false.

Winnipeg, Man., May 14.—It is  
said that most of the large mining  
and grain companies will erect ad-  
ditional elevators this summer at points  
throughout the province. A company,  
including Scotch capitalists, has been  
formed to trade in Manitoba wheat,  
and will erect elevators in south-west-  
ern Manitoba.

A French half-breed woman, of  
Mission, on Lake Manitoba, has just  
died at the age of 107 years.

A despatch from Brandon says the  
season has been especially favorable  
for crops on the experimental farm.  
Everything on the farm shows signs  
of vigorous growth. The wheat is  
ready covers the ground fully, and  
its bright green color gives the fields  
and plots an attractive appearance.

The plants have such a rich color  
that it is evident that the weather of  
the past week has been more favor-  
able to healthy growth than excessive  
rain fall last year at the same stage  
of growth.

Roseland, B. C., May 12.—As the  
Red Mountain train was halfway be-  
tween North Port and Roseland this  
afternoon there was nearly another  
fatal shooting accident in the same  
car in which Fisher committed sui-  
cide last Friday. A big 45 calibre Colt's  
revolver, worn by one of the passen-  
gers in his belt, was accidentally dis-  
charged as he sat down. The bullet  
plunged through the back of his seat  
and hit Edward Carlson of Lewiston,  
Id., who was sitting across the aisle.

The bullet hit the man in the back  
of the head, and he was taken to the  
hospital, where the bullet was ex-  
tracted. The wound, while painful, is  
not dangerous.

Hector MacRae of Ottawa has pur-  
chased a portion of the mine near Nel-  
son, the most famous free gold mine  
in Kootenay.

The tunnel of the Columbia and  
Kootenay mine, acquired by Helme  
of the Trail smelter in March has a  
splendid showing of ore. A fine body  
of shipping grade was broken into the  
day before Helme took over the mine  
and tunnel and it has never been out  
of ore the last time.

Winnipeg, Man., May 16.—Mr. Fra-  
ser, the government engineer, has  
completed a survey of the Rainy  
river rapids at Long Sault, and will  
leave for Ottawa in a few days.

The improvements  
to navigation are urgent in this por-  
tion of the Lake of the Woods district  
owing to the rapid strides of the min-  
ing industry, and it is hoped next  
season the work will be commenced  
on the substantial locks near Port  
Francis. All the steamers at present  
leaving Rat Portage are crowded with  
prospectors and others bound for the  
Seine river district. The new Cana-  
dian Pacific steamer Keonora will be  
placed on the route next month.

Twenty men have left Rat Portage  
for Port Francis en route to the Mani-  
touw river, where the government has  
decided to construct dams, which will  
flood the lower Manitow lake and  
make it navigable.

Dr. Jones, dominion immigration  
agent in the Scandinavian countries,  
has returned from the west, where he  
has been visiting the foreign colonies  
previous to his departure for Europe.

The doctor states that he found the  
settlers prosperous and contented.  
In most cases rapid progress is being  
made, and the condition of the col-  
onists will compare favorably with  
the best English settlements.

The veterans of the 96th rifle, ac-  
companied by the regiment, marched  
to St. John's cemetery today and  
decorated the graves of those who  
fell in the Riel rebellion.

Victoria, B. C., May 16.—Captain  
Macaulay of the schooner Penelope,  
which arrived from the west coast  
this morning, brought a letter from

### TERMS OF PEACE

Between Turkey and Greece

Discussed in London.

Fighting Still Going On With no Pros-  
pects of a Stop.

The Conditions Proposed by the Porte Looked  
Upon as Impossible.

Athens, May 17.—The most intense  
excitement prevails here. All the cabi-  
net ministers have been assembled  
since noon at the ministry of marine,  
where the despatches from the front  
are being received. The gravity of  
the situation cannot be over-esti-  
mated.

Athens, May 18.—The correspondent  
of the Associated Press at Domokos  
telegraphing at 1 o'clock this morn-  
ing, says: "The Turks having occu-  
pied Kithia, the Greek troops are re-  
treating toward the Ortrya range on  
the old frontier."

Athens, May 17, midnight.—A de-  
spatch just received from Domokos  
says that the Greek right wing has  
been compelled to retire six kilo-  
metres.

Headquarters Greek Army, Domokos,  
May 17, 4 p. m.—The Turkish at-  
tack on the Greek right wing began  
at 2 o'clock this afternoon, but the  
flank attacks are considered to be  
feints and it is believed the main at-  
tack of the Turks will be made upon  
the Greek centre, where Crown Prince  
Constantin is in command.

Two Greek cannon are doing great  
execution on the principal Turkish  
column, which is advancing through  
the hills.

The Turkish infantry at several  
points is in contact with the Greeks.  
It is believed here that the attack  
on General Smolenski's army is  
only a strategic operation and that  
the Turks will endeavor to cut be-  
tween the two Greek armies, occupy  
the road leading to the Olpher moun-  
tains, and cut off the retreat of the  
crown prince.

Athens, May 17.—Despatches sent  
from Domokos at 7 p. m. says that  
the Greek left wing has fallen back  
toward the centre before three the  
number of Turks. The battle con-  
tinued after sunset, but despite the  
yielding of the left wing, the Turks  
were finally repulsed. General Mav-  
romichalis was wounded.

A despatch sent from Domokos at  
noon by way of Lania says: "Thirty  
five thousand Turkish infantry, cav-  
alry and artillery have attacked the  
Greek line at several points of the  
left wing and the centre with a view  
of penetrating southward and sur-  
rounding Domokos. Large forces are  
also attacking General Smolenski."

London, May 17.—The conditions  
proposed by the porte as the terms of  
peace with Greece have been freely  
discussed in the lobbies of parliament  
today, and the idea of the retroces-  
sion of Thessaly and of such an in-  
demnity as is already suggested is  
ridiculed as impracticable and absurd.

At the outside an indemnity of £5,  
000,000 or £6,000,000 and a slight stra-  
tegic rectification of the frontier are  
considered as likely to be the terms  
finally settled upon.

London, May 18.—A despatch to the  
Times from Athens says that the fol-  
lowing telegram has been received  
from the Crown Prince Constantin:  
"Our right wing under Col. Mastrapas  
has been compelled to retreat. It  
still holds Vozades, but may find it  
necessary to retire on Phoukia Pass.  
It was necessary to bring up all the  
reserves in order to repulse the fur-  
ious attacks of the enemy. Our  
wounded have been sent to Larissa.  
The conduct of the army was praise-  
worthy."

London, May 18.—The Daily Tele-  
graph's special correspondent with  
the Turkish forces in Thessaly, tele-  
graphing late last night, says: "Ed-  
hem Pasha has moved on from point  
to point and finally occupied Domo-  
kos. The Greeks have sustained a  
crushing defeat."

London, May 18.—The Daily Chroni-  
cle's correspondent at Athens says  
the following is the official account of  
the fighting yesterday: "Over fifty  
thousand Turks simultaneously and  
continuously attacked our whole line  
with the greatest ferocity. Our  
artillery and infantry did splendid  
work. Twice all the regiments of the  
enemy wavered and fled, though their  
attack was soon renewed with fresh  
forces, which in turn we were able to  
turn back."

"The stubborn resistance and splen-  
did vigor of our troops finally com-  
pelled the enemy to give way alto-  
gether. All the attacks on our left  
were similarly repulsed. On our  
right we did not fare so well. The  
first attack was repulsed; but they  
massed in immense forces for the  
next attack. Our first line wavered  
and was broken and the wing would  
have been turned but for the timely  
arrival of the reserves."

"Still the enemy had gained ground  
which it was then impossible to re-  
gain, and we, therefore, fell back on  
Rous."

Times from Athens says that the fol-  
lowing telegram has been received  
from the Crown Prince Constantin:  
"Our right wing under Col. Mastrapas  
has been compelled to retreat. It  
still holds Vozades, but may find it  
necessary to retire on Phoukia Pass.  
It was necessary to bring up all the  
reserves in order to repulse the fur-  
ious attacks of the enemy. Our  
wounded have been sent to Larissa.  
The conduct of the army was praise-  
worthy."

London, May 18.—The Daily Tele-  
graph's special correspondent with  
the Turkish forces in Thessaly, tele-  
graphing late last night, says: "Ed-  
hem Pasha has moved on from point  
to point and finally occupied Domo-  
kos. The Greeks have sustained a  
crushing defeat."

London, May 18.—The Daily Chroni-  
cle's correspondent at Athens says  
the following is the official account of  
the fighting yesterday: "Over fifty  
thousand Turks simultaneously and  
continuously attacked our whole line  
with the greatest ferocity. Our  
artillery and infantry did splendid  
work. Twice all the regiments of the  
enemy wavered and fled, though their  
attack was soon renewed with fresh  
forces, which in turn we were able to  
turn back."

"The stubborn resistance and splen-  
did vigor of our troops finally com-  
pelled the enemy to give way alto-  
gether. All the attacks on our left  
were similarly repulsed. On our  
right we did not fare so well. The  
first attack was repulsed; but they  
massed in immense forces for the  
next attack. Our first line wavered  
and was broken and the wing would  
have been turned but for the timely  
arrival of the reserves."

"Still the enemy had gained ground  
which it was then impossible to re-  
gain, and we, therefore, fell back on  
Rous."

"The Turks had fifty thousand  
troops, with 30,000 reserves. Our force  
was only 35,000. We have lost heavily,  
but the enemy must have lost thou-  
sands."
