A proposal was made to sell the property owned by the conference at Barnesville, but no definite action was taken in the case. Application was made by the Welsford circuit for a supply during the summer months.—Referred to the stationing committee.

The report concerning the emergency fund to provide for the salaries of additional missionary superintendents showed that \$196.35 had been raised from the following circuits: Queen Square, \$27.50; Centenary, \$97.57; Exmouth, \$15; Portland, \$30; Carleton, \$13.30; Fairville, \$2; Springfield, \$5; and Grey's Mills. Last winter I forwarded a petition to the post office department at Ottawa for a change recommended by the post office inspection. Tenders were asked for the same, which were received, but why the arrangement is not carried out I know not. But unless it is carried out the consequence will be seen. Likewise the mail contract for Long Island, which was promised and the postmaster named. I leave these things to the consideration of the public, as I have spent time and money to get them carried out, and am not disposed to be laughed at for my pains by certain parties.
