

BOLO PASHA CONVICTED AND SENTENCED TO DIE

NOTED FRENCHMAN IS GIVEN A SENTENCE OF DEATH FOR BEING TRAITOR TO FRANCE

Bolo Pasha Convicted of Treason After Court-Martial Had Deliberated Just Fifteen Minutes—Was Charged with Having Capitalized the Company that Bought Paris Newspaper, Le Journal, With Money Obtained from the Germans—Darius Porchere Gets Three Years.

Paris, Feb. 14.—Bolo Pasha was sentenced to death today. The court-martial, which condemned him to death, deliberated for only fifteen minutes.

Darius Porchere, an accountant, who was a co-defendant, was sentenced to three years' imprisonment.

Paul Bolo Pasha's court-martial one of the most sensational cases of "intelligence with the enemy" and came up for trial before the third court-martial of Paris on February 4. Bolo Pasha was charged with having capitalized the company that bought the Paris newspaper, Le Journal, with money obtained from the Germans.

Darius Porchere, a co-defendant with Bolo Pasha, who was sentenced to three years' imprisonment, is a business agent who was charged with receiving correspondence relating to the affair as an intermediary of Bolo Pasha.

Philippe Cavallini, who was judged by default and sentenced to death, is a former member of the Italian Chamber of Deputies. He was charged with having introduced Bolo Pasha to Abba Himmil, the former Khedive of Egypt, and with having facilitated the negotiations.

Captain Mornet acted as prosecuting attorney for the military authorities. Bolo Pasha was defended by Maître Albert Salles, a member of the council of the Order of Advocates, while Maître Paul Guillaud appeared for Porchere.

American Report.

The files in the case contained no less than 4,000 separate documents, some of which including the American report and the report of M. Doyen, expert accountant, were of several hundred pages each. Bolo Pasha's activities were of peculiar interest to Americans because it was charged that the funds at his disposal, \$1,883,000 was transferred from the Deutsche Bank in Berlin to France by way of New York. It was as a result of the discovery of his manipulation of the fund through five New York banking houses that the New York state attorney-general was able to obtain which was forwarded to M. Jusserand, the French ambassador at Washington, and which brought about Bolo's arrest in Paris.

NORWAY NOT TO SHIP U. S. GOODS TO THE GERMANS

Declines, However, to Guarantee That Norwegian Products Will Not Be Sent to the Central Powers.

Washington, Feb. 14.—Norway in her reply to the proposals of the United States for a food rationing agreement made public here today by Dr. Fridtjof Nansen, head of the Norwegian special mission, offers to guarantee that no American products shall go through Norway to Germany, but declines to meet the full American demands for a restricted export of Norwegian products to the Central Powers.

"In her commercial policy" it is declared, Norway cannot break off commercial relations with one of the belligerent parties without the serious danger arising that will not be possible to maintain the political neutrality of the country much longer.

Norway may justly claim that she shall not through the prospect of being denied daily bread be placed before the choice between a total need and the acceptance of an agreement which would involve danger to her position as a neutral and possibly expose her to war.

ALWAYS HAD HEADACHES

Liver Was Torpid and Bilious Spells Brought Sick Headaches—Lost Much Time, But is Now Completely Cured.

Here is convincing evidence that however much you suffer from liver trouble and consequent biliousness there is cure in the use of Dr. Chase's Kidney-Liver Pills. Overheating is the most common cause of sluggish liver action. You lose your appetite, have distressing bilious spells, usually accompanied by headache and vomiting, the bowels become irregular, constipation and looseness alternating, digestion is upset and you get irritable and downhearted.

No treatment so quickly awakens the action of the liver and bowels as Dr. Chase's Kidney-Liver Pills. For this reason this medicine is wonderfully popular and has enormous sales. Mr. Charles R. Tall, Newtown, N. B., writes: "I was nearly always troubled with headaches, and could often have to stop work for a day or two. I lost many a night's sleep every month with bilious sick headaches, and although I tried doctors' medicines, and also many other patent medicines, it was without success. When I had these headaches I would vomit, and could keep nothing on my stomach. I purchased a box of Dr. Chase's Kidney-Liver Pills from G. M. Fairweather, druggist, of Sussex, N. B., and after taking one box I was so much relieved that I continued to take them until I am now completely cured. My advice to anyone suffering from sick headaches is to try Dr. Chase's Kidney-Liver Pills and be completely cured."

Mr. A. S. Mac, J. P., endorses the above statement, and says: "This is to certify that I am personally acquainted with Charles R. Tall, and believe his statement in every way to be true and correct." Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmundson, Bates, & Co., Limited, Toronto. Substitutes will only disappoint. Insist on getting what you ask for.

THE CANADIANS SUCCESSFUL IN RAIDS AT LENS

Many Germans Were Killed in Fighting Southeast of Maricourt—Canadian Casualties Small.

London, Feb. 15.—Canadian troops have carried out two successful raids in which they captured prisoners and inflicted losses on the enemy. The official statement from British headquarters in France and Belgium tonight says: In an attack this morning northward of Paschendaele, in the Ypres sector, German troops temporarily occupied two British posts. The British later drove the Germans out in a counter-attack.

The statement reads: "In a successful raid southeast of Maricourt this morning, carried out by the Canadians, in addition to thirteen prisoners, two machine guns were brought back to our lines. Many Germans were killed in fighting above ground and four trench mortars were destroyed. Seventeen dugouts in the enemy's first line and others in his support line, whose occupants refused to come out when summoned, were bombed."

The casualties incurred by the raiding party were slight and all were brought in. Another successful raid was carried out last night by Canadians in the neighborhood of Hill 70, north of Lens. Considerable opposition was encountered, in spite of which six prisoners and a machine gun were captured. Our casualties were small.

MAY BE MILITARY SHAKE-UP SOON

The Morning Post quotes a lobby correspondent as stating that a crisis has arisen over Gen. Robertson's resignation by the cabinet which may have serious consequences for the latter. The rumors affect Field Marshal Haig, the British commander-in-chief, less than they do Gen. Robertson. The article in the Morning Post for the publication of which Colonel Robertson is to be prosecuted dealt with the deliberations of the Versailles council.

WEST GERMAN PRESS RAPS MR. WILSON

One Paper Declares United States President Blasphemously Invokes Divine Judgment—Five Monarchs in Exile.

Amsterdam, Feb. 14.—As was to be expected, the industrial organs of western Germany savagely comment on President Wilson's address. The Rheinische Westfaelische Gazette, under the caption of "Wilson the Poisoner," says they are talking to save their necks. Wilson, Lloyd George and the toothless tiger in Paris. With lawyers' tricks they are trying to humbug their deluded peoples. It is impossible to take President Wilson seriously.

"Assuming haughty contempt, this newspaper proceeds to prove to its satisfaction that President Wilson failed in what it terms his three objects, namely, to hearken the British with tales of inexhaustible American resources, to try and split Germany and Austria-Hungary and to play off the Reichstag majority against the military party."

Has Had No Luck. "President Wilson has had no luck," the newspaper continues. "We can tell him that a complete accord has just been arrived at between Germany and Austria-Hungary, the effects of which will become patent ere long." The newspaper concludes by enumerating all the misdeeds the United States is supposed to have committed against Spain and sundry South American republics.

CONFUSES THEM

He never has spoken more vaguely or confusedly. The only thing clear is that by flatterring Count Czernin (the Austro-Hungarian foreign minister), he wants to isolate Germany and then isolate all the strong forces within Germany.

STORMY SCENE AT PEACE CONFERENCE

There May Be More Trouble Between Germans and the Bolsheviks.

Zurich, Feb. 14.—The Munich correspondent of the Neue Augsburg Zeitung says he learns that the discussions at Brest-Litovsk last Sunday between Dr. Von Kuhlmann, the German foreign secretary, Count Czernin, the Austro-Hungarian minister of foreign affairs and Leon Trotsky, the Bolshevik foreign minister, were particularly stormy and ended in a violent rupture which bore all seeds of a future conflict. "That is why the conference at German main headquarters is discussing the eventuality of very energetic military measures against the Russians," says the correspondent.

TRADE BOYCOTT OF HUN GOODS DISAPPROVED

National Association of Manufacturers of United States Wants to Trade with Germany After the War.

New York, Feb. 14.—The National Association of Manufacturers has disapproved the proposal of a trade boycott on Germany after the war, it was announced tonight. The question was voted upon in a referendum submitted to its members by the Chamber of Commerce of the United States. The ballot of the association has been forwarded to Washington.

"The economic boycott proposed by the referendum," it said, "is an unwarranted interference in a matter of international relations, the handling of which rests with the president and Congress. The creation of a boycott, as outlined by the Paris conference of 1916, we believe to be at variance with the sentiments of President Wilson, as stated in his address to Congress on April 6, 1917.

"We are but the champions of mankind. We shall be satisfied when those rights have been made as secure as the faith and freedom of the nations can make them. We have no jealousy of German greatness. We do not wish to fight her with arms or hostile arrangements of trade if she is willing to associate herself with us and the other peace-loving nations of the world in covenants of justice and law and fair dealing.

"In view of these facts, the action proposed by the Chamber of Commerce of the United States, is in our opinion, not only futile but vicious and meets with our unqualified disapproval."

Save Food

In a time needing food economy many people are not getting all the nourishment they might from their food. It is not how much you eat, but how much you assimilate, that does you good.

The addition of a small teaspoonful of Bovril to the diet as a peptogenic before meals leads to more thorough digestion and assimilation and thus saves food, for you need less.
