JOYFUL NEWS FOR THE AFFLICTED.

Toney River, N. S., Nov. 15, 1877. C. Gates & Co.,-Gentlemen,-Some ame last winter one of my children—a little boy about eightheen monthes—was badly frighteened and his beltn became seriously affected. On the least alarm he used to go off in a kind of fit, becoming motionless and black in the face, his heart at the same time palpitating in the most alarming manner. Each fit was worse than the preceeding one, causing us to fear heart disease. Hearing of some of the numerous cures effected by your medicines in this and agent, Mr. E. A. Gile, a bottle of your No. 2 Bitters, and before it was half gone I noticed a marked improvement in the child's health. A second bottle compleated the cure. The little fellow is now perfectly well and I am perfectly satisfied that Gates' Life of man Bitters saved his life. You are perfectly at liberty to publish this certificate if you

wish so to do. With respect, yours truly, WILLIAM MCMILLAN.

I will vouch from personal knowledge for the truthfulness of the above certifi-

PARKS' COTTON YARN

Awarded the Only Medal Given at the Center. nial Exhibition. FOR COTTON YARNS OF CANADIAN MAN-

UFACTURE. Numbers Five's to Ten's. White, Blue, Red, Orange and Green Made of Good American Cotton with great care. Correctly numbered and Warranted Full

Length and Weight. We would ask the purchasers of Cotton Warp to remember that our Yarn is spun on Throstle Frames, which make a stronger Yarn than the Ring Frames, used in making American Yarn.

It is also better twisted and more carefully reeled; each hank being tied up in 7 leas of 120 yards each. This makes it much more easy to wind than when it is put up without leas—as the American is—and also saves a great deal of waste Those acquainted with weaving will understand the great advantage it is to them to use

yarn put up in this manner. COTTON CARPET WARP MADE OF No. 10 YARN, 4-PLY TWISTED

WHITE, RED, BROWN, SLATE, &c. All fast colors. Each 5 lb bundle contains 10,000 yards in

ength and will make a length of Carpet in proportion to the number of ends in width. We have put more twist into this warp than it formerly had, and it will now make a more durable Carpet than can be made with any other material. THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that for the successful cure of Wasting Diseases, the nervous system must be made

rigorous and healthy." One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend for health on involuntary muscular action, the weaker

suffering first. Now, as the muscles and nerves depend so much upon each other for efficient strength and action, and as the organs action, and as the organs they control depend on both, it becomes an actual necessity to treat the nerves and muscles directly in order to speedily and permanently cure diseases of the above

named organs. The inventor, acting upon these ideas after months of experience, during which time he had ample opportunity for trying the effect of his discovery, became convinced that no other preparation known contained so potent and direct an effect upon the pervous system as his
