

Let your skin really breathe at night

Powder by day as often as you like, but if you really want the charm of "a skin you love to touch," do, do let your skin breathe at night

If you care for the looks of your skin, if you really want a clear, fresh complexion, don't go to bed a single night with powder flakes and the dust and grim of the day still lodged in the delicate pores.

Use this special Woodbury treatment regularly each night and see what a wonderful difference it will make in your skin.

Dip a cloth in warm water and hold it to the face until the skin is damp. Now take a cake of Woodbury's Facial Soap and go over your face with the cake itself. Then dip your hands in warm water and with the tips of your fingers work up a lather from the soap left on your face. Rub this cleansing,
