

# CUP Elects Bill Rankin Regional Vice-President

Bill Rankin, assistant sports editor of the Gazette, was elected vice-president for the Atlantic region of the Canadian University Press at the CUP annual conference held in Montreal during the holidays. The business highlights of the conference included discussion of the desirability and practicability of a national CUP paper, and of the possibility of shifting the emphasis of convention discussions from administrative problems to panels and seminars aiming at increased effectiveness of student journalists and their papers.

Rankin's election as ARCUP vice-president followed from the practice of Atlantic region papers having as their regional head a staff member of the paper which will host the regional conference the next Fall. The host paper is chosen by an alphabetical rotational system. This year it was the U.N.B. "Brunswickian"; next year it will be the "Dal Gazette". The regional conference will be held here, probably in late October.

The Bracken Trophy for editorial excellence, competed for by all 21 papers, was awarded to the Ubssey of the University of British Columbia. The Southam Trophy for the best English language publishing more than once a week was awarded to the University of Western Ontario Gazette. The trophy for the best French language paper was awarded to the Quartier Latin of the University of Montreal.

The Jacques Bureau Trophy for the best English language member paper publishing once a week or less—and for which the Gazette competed—was awarded to the Silhouette of McMaster University. Although each of the three judges did not give detailed criticisms, one awarded the Gazette second place in his listing, with the comment: "Its make-up, particularly on the inside pages, was pleasing and original and the content was good also".

The conference rejected the present possibility of producing a national CUP paper to be circulated to all member universities although

most delegates thought that the idea, in the first, was an excellent one. The first attempt at such a paper was made after the 1956 conference.

The second day of the conference a group of the delegates from "Canadian" papers proposed that be shifted to permit general discussion and examination at the annual conference of problems common to all member papers and their camp so as to increase the quality of writing in member papers and thereby increase the effectiveness of student journalists. Many of the delegates felt that such changes were long over due and that, unless effected, CUP would continue to be a somewhat useless organization. Most of the last day was spent discussing proposals of constitutional change in order to bring about the desired results, but, when limitations of time began to force too-shallow examination of the proposals, the conference passed a motion requiring their ratification at the 1958 conference before coming into effect.
