the nuclear free press

We're "Canada's Voice of Nuclear Concern," and four times a year we'll bring you up to date with a jam-packed issue of news and analysis on a wide range of nuclear issues, including:

- the nuclear weapons build-up
- uranium mining: environmental and health effects
- reactor safety
- nuclear un-economics
- the roots of militarism.

But we also work as an effective antidote to despair and apathy, putting you in touch with the groups and individuals working to build a non-nuclear society, and making suggestions of what you can do to get involved.

Dialogue on drinking
Think about it. Talk about it.
Take action.

TAKE ACTION ON OVER- DRINKING.

"I like the taste of a cold beer on a hot day,
but I certainly don't think you have to get the gang
together with a couple of cases of beer just to celebrate
the fact you've had
a bit of exercise."
