

Paint-a-Car happens.

Factory quality paint jobs from \$69.95

We invented Paint-a-Car to take the heavy expense out of car painting. And it works. If it's well scrubbed we'll paint your ordinary sized car for \$69.95.

If it needs special preparation it costs a little more. If it's a luxury sized car or a wagon it will cost a little more. But you'll still save. In fact you'll save about half of what car painting usually costs.

And you'll get a great job. We guarantee it in writing. So come on in and get an estimate. Or call and ask what Paint-a-Car is all about.

Do something for your car. Hasn't it done a lot for you?

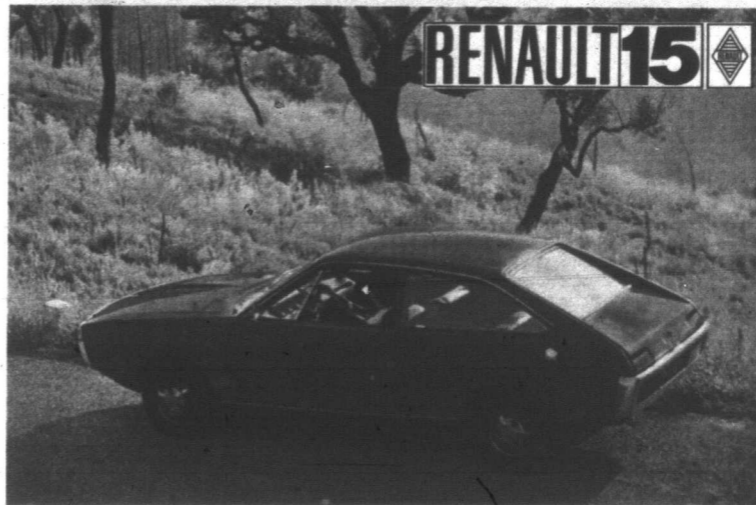

3197 LENWORTH DRIVE, MISSISSAUGA, ONTARIO

Directions: Take Wharton Way north from Highway 5 to Lenworth. (Wharton Way is exactly half way between Dixie Road and Hwy. 427.)

CAR BUYERS, COME BACK TO YOUR SENSES.

Test drive the advanced Renault 15

We have a car that you should test drive. The car is the Renault 15, a superbly designed and constructed automobile. A car that will last for years, without costing a fortune. A car with such standard equipment as bucket seats that are carved out of 7½ cubic feet of foam (that's comfort!). A car from Renault, the people whose automotive excellence won them the first

three places in the 1971 Monte Carlo Car Rally (the rally the world watches for results).

There's much to tell about the Renault 15. So come back to your senses about cars... and come and talk to us about the new Renault 15. Thank you.
