Dear Sir:

I have before me your letter of July 3rd., which you sent to Regina and hence the delay.

I have read with care what you say re. the Branch Railway and I am sending on your letter to Hon. Arthur Meighen and asking him to give us some definite assurance. I am urging, personally, that action be taken.

I shall let you know when I hear from him and I am asking him to write you direct.

Yours very truly,
