Re: File No. 5008-B26-25

Dear Sir:

This will certify that my Grumman Goose, for which you issued me a ferry permit May 25, 1951, was issued a Certificate of Airworthiness by the United States Civil Aeronautical Authority on June 11, 1951. On the latter date the Canadian markings, CF-BZY, were removed and United States markings N-3692 were painted on.

Respectfully yours,

(sgd) M. W. Stell
