Dear Sir,

Your enquiry of 9th duly to hand. I have filled out your blank and am herewith returning same.

You are fully justified in all you claim for your preparation "PSYCHINE." I have used the same myself as well as my family and with the most beneficial results, especially in the case of incipient colds. I have given it a **prominent place in my medicine chest and that place will never be vacant hereafter**; it should be in every home in the land. It is the grandest tonic I ever tried.

As you will note I have up-to-date purchased three large bottles and have induced several of my neighbours to try your 50c. bottle and they too are unanimous in their praise.

Yours very truly,

A. S. LEFEBVRE, J.P.

## PSYCHINE pronounced SI-KEEN
