ROCK SALT for horses and cattle, in tone and variety. **Toronto Salt Works, Toronto.**

to \$4.50; steers, 800 to 900 lbs., \$3.90 to \$4.15; steers, 600 to 800 lbs., \$3.50 to \$4; good yearlings, \$3.50 to \$3.75; medium light, \$3 to \$3.25.

Milk cows sell at from \$30 to \$55 each, with some choice ones going as high as \$60 each. Veal calves are easier for the commoner grades, which sell at from \$1 to \$6 per cwt. Prime new milk calves are worth \$7 per cwt, but few are offering.

Good quality of sheep and lambs are wanted. Export ewes are quoted at \$3.50 to \$6; bucks at \$4.50 to \$5; and yearling lambs at \$6.50 to \$7 per cwt. Inferior and common lambs sell at \$5.50 to \$6.50 per cwt, and spring lambs at \$4 to \$8 each.

Hog prices are lower than at last writing and the trade is looking for lower prices in the near future. Quotations here are \$6.65 per cwt. for select and \$6.40 for lights and fats. With spring litters coming badly there is little prospect of any large increase

in the supply of hogs for some time to come. Any decided drop in price could only be of a temporary character.

HORSES

The horse market is quiet. Dealers complain that there is no money in the business, as farmers are holding at too high a price to admit of doing a profitable business. Quotations at the Repository here are as follows: Single roadsters, \$112 to \$150; single colts and carriage horses, \$130 to \$165; matched pairs, \$290 to \$340; delivery horses, \$140 to \$165; general purpose and express horses, \$150 to \$170; draft horses, \$140 to \$215; serviceable second-hand workers, \$50 to \$90; serviceable second-hand drivers, \$30 to \$110.

Infections From Kissing Animals

The disgusting and dangerous fondling and kissing of beasts can only be effectually opposed, perhaps, on the whole; but some persons may be benefited by the repetition of warnings against the numerous infections which that practice is liable to incur, such as hydatids from dogs, diphtheria from cats and pigeons, and from the obstinate and loathsome disease of ringworm and favus. Dr. Leviser suggests this warning in the Medical Record, from having had occasion repeatedly to trace individual cases, as well as small epidemics, of both ringworm and favus to their source in the endearment of cats. He gives two recent cases, with particulars, of both cat and child. Favus, he states, is a disease peculiar to mice, from which the cat gets it.—American Analyst.
