

Peerless Jr. Poultry Fence

will turn large animals as well as small poultry. The top and bottom wires are No. 9 hard steel wire—heavily galvanized—to prevent rusting. No top or bottom boards necessary because the heavy wires take the place. PEERLESS JUNIOR Poultry Fence almost pays for itself in the saving made on fence posts alone. Only half the posts are required, as compared with most other makes of poultry fencing. Peerless Junior Poultry Fence is

Close enough for Poultry Strong enough for Stock

Don't let your chickens eat your hog feed nor permit your hogs to tramp all over the garden. The same fence serves both purposes. PEERLESS JUNIOR Poultry Fence can be used as an all around General Purpose Fence. The wires are held together by the famous PEERLESS lock that cannot be slipped. PEERLESS JUNIOR Poultry Fence adds greatly to the appearance and value of the property it encloses. Write today for Free Fence Book which tells all about Fences—and how to choose fencing.

The Fence That Saves Expense

YOUR WASHING DONE FREE

WASH DAY, A JOY

when you have a "1900 Gravity" Washer in your home. Do let me tell you all about it. So many women have been saved the drudgery of wash day by using it that I won't be satisfied until every woman in Canada has one. It only takes six minutes to wash a whole tubful spotlessly clean, and without wear or tear—then it will wash the finest linen or the heaviest blankets. To prove my claims I will send without one cent of cost and prepay the freight, a "1900 Gravity" machine to any responsible woman for

30 DAYS' FREE TRIAL

Do your week's washings with it, then tell me how you like it. Write to-day and address me personally.

F. A. T. BACH, MANAGER, THE 1900 WASHER CO.,
357 YONGE ST., TORONTO, CAN. 2464

THE 1900 WASHER

This Scraper Cleans Disc Thoroughly.

That we have garnered a rich harvest of knowledge during our 70 years' experience is demonstrated in the construction of our "Windsor" Disc Harrow. Try as hard as you please and you'll not find a more strongly or wisely constructed harrow. The "Windsor" is built on the "out-throw" principle—to cut uniformly the length of both gangs in any soil you'll encounter in Canada. Try the "Windsor" on your land and just watch it pulverize your soil. Unlike ordinary harrows, the "Windsor" has scrapers that thoroughly clean its stiff, sharp, toughened steel discs. Wet, sticky soil, grass, roots and fibre are quickly removed from the discs by the strong, cutlery-steel blades on the scrapers. Built in 6-ft., 7-ft. and 8-ft. widths, and for use with two or three horses.

The "Lion" Disc Harrow is another example of "Frost & Wood Quality". An in-throw harrow for those who prefer that style. Two sizes, 12 and 14 discs. Both "Windsor" and "Lion" have substantial Bearings and Square Steel Axles, that run through the discs, keep them tight. No chance whatever for the discs to slip. No side draft on either machine.
