Percherons - Percherons

Pure-Bred Stallions and Mares

I have in my barns at the present time a number of good stallions from yearlings to five years old. They are big, growthy fellows with the good tops and sound underpinning, which must go with the sire of good geldings.

I expect to have a new importation about the middle of December, consisting of some richly bred stallions and mares of the big quality kind.

I will sell these stallions on terms to suit purchasers, or will trade for other stallions, good geldings or cattle. The mares I will sell only for cash.

I will furnish a good guarantee with every stallion I sell, and as I am prepared to offer most reasonable terms during the next couple of months, it will be to the benefit of intending purchasers to get in touch with me at once.
