### Why "Anuric" is an INSURANCE Against Sudden Death.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery, "Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar; besides being absolutely harmless it is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat-eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages.

### STRENGTH AND BEAUTY

Come with Dr. Pierce's Golden Medical Discovery. This is a blood-cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart, nerves, brain and the body. The organs work smoothly like machinery running in oil. You feel clean, strong and vigorous instead of tired, weak and faint.

It is stated that the Canadian Pacific Railway finds its system of advancing money to settlers up to \$2,000, repayable in installments in 20 years, to be working well in the West.

Up to Thursday last, 36,100 harvest hands have been sent through to western points, according to figures received by the interior departments at Ottawa.

The small fruit crop was a failure and disappointment this year. We are promised a plentitude of plums from the fruit district, and peaches promise well also.

The school plots in this vicinity are not so good as last year. They have been handicapped by excessive heat the first of the season and by the lack of moisture during the last month and a half.

The Simcoe Reformer suggests that Civic Holiday should be abolished. The attitude of folks to this foot holiday depends entirely on whether they are working by the day or by the week.

In Collingwood a motorist was fined for not slowing down to seven miles an hour while meeting another vehicle. If this rule applied throughout the country there would be a great harvest of fines. Reducing the speed to that extent on rural roads is hardly necessary, but there should be some regulation that requires slowing down while passing to a speed that would be quite safe for all persons using the road.

The growing importance of irrigation in the agricultural development of Canada is suggested by a new folder just issued by the Department of Natural Resources of the Canadian Pacific Railway. The folder with the irrigation enterprises in the neighborhood of Calgary. It is handsomely illustrated and complete with valuable information for the farmer and home-builder. A copy may be had free by writing the Publicity Branch, Department of Natural Resources, Calgary, Alta.

Speaking of the great increase in the price of paper, the Guelph Herald says: "The public does not realize what such an increase in price means to the publisher. It simply means absolutely necessary drastic actions in every direction. Increases in subscription rates, in advertising rates and a reduction in the size of newspapers are likely to be general. In some cases the increase in the cost of paper will force suspension."

Recently a shipment of hogs by C.N. R. from Winnipeg arrived in Toronto in an awful shape. Some passengers riding in a single car at the rear of the freight train refused to go any further as there was a frightful odor. It is alleged that, upon investigation, about 100 hogs were found dead, and many had been partly devoured by the living animals. A witness stated that the cars were a ghastly sight, with legs and pieces of dead pigs trailing out of the sides, and that the intense heat made conditions horrible. The legal case is still pending.
