

“WHEN GREEK MEETS GREEK”

Then Comes the Tug of War—Interesting Case Between Men of Classic Kingdom

Two interesting cases have just been disposed of by His Honor Judge Deroche at the County Judge's Criminal Court. The facts were as follows:—On or about the 1st of February of this year, one Nicholas Lemper, a Greek, who had been working for Bill Coros, a Greek of Peterborough and a cousin of his, for five years was induced by the cafe on the east side of Front St., Belleville called the Boston Cafe for \$1440.00, Coros representing he had been offered \$1700.00 for the cafe. Mr. Lemper had a claim against Coros for \$600.00 wages and Coros sold him the business taking credit for the \$600.00 and took a chattel mortgage back on it for \$840 with a covenant in the mortgage that he was to keep the chattels up to the value of \$840.00. Besides the plant, furniture etc., there were certain groceries and food used in connection with the business for which Lemper paid Coros \$33.20. Lemper started the 1st of February and continued business until the 4th of May doing a good lucrative business as the 80th Battalion was then quartered in the city. Lemper claimed as an inducement to get him to buy the business Coros represented he would not open the cafe on Sundays and serve meals and after Lemper had purchased the Boston Cafe he claimed that Dourous, a cousin of Coros, who was manager of the Candy Store for Bill Coros here opened up the cafe store and served meals on Sundays and cut in on his trade. Mr. Lemper had paid \$70.00 additional cash on the purchase price without having possession of any of the papers in the transaction and without having had access to them and when the dispute arose over the giving of meals at the cafe he wished a copy of the papers and agreement so that he could submit them to some one who could read them as he could not read English and had not had possession of nor had anyone read over the bill of sale or the chattel mortgage to him. He instructed his solicitors Messrs. O'Flynn, Diamond & O'Flynn to write to Mr. Gordon of Peterborough who was the solicitor who prepared the papers for the documents and complained they were opening the cafe contrary to their arrangement. While the parties were corresponding about it Coros issued a warrant against the property and took possession of the same putting Lemper out of the business.

Prior to the transaction set forth one Nicholas Gavas had been working for Dourous in the Ideal Cafe at Peterborough and afterwards called the Boston Cafe, and had been discharged and Nicholas Gavas had been instructed that Coros was slandering him. He caused a letter to be written to Coros and Dourous asking for an apology and discontinuance of the slander in which he claimed Dourous had called Gavas a thief and accused him of stealing whereupon Coros and Dourous issued a warrant against each of the two men accusing Lemper of stealing goods from the store which he owned and upon which there was a chattel mortgage and accusing Gavas of receiving the goods. The parties were arrested on Saturday evening at a time when they were the busiest in their occupation and when it would be most difficult to get ball, locked up but obtained bail although strangers and the prosecution was held over their heads since the 13th of May although efforts were made to bring the matter to trial it was not completed until Tuesday the 26th of July.

The case against Nicholas Lemper was tried before the court, witnesses carefully examined and the action was dismissed as there was no evidence whatever of Nicholas Lemper having committed the act complained of. The action against Gavas was also dismissed as no evidence was offered connecting him with the matter. Both of these men who are Greeks have carried on a successful business in the city, have been careful and painstaking in their efforts and have felt keenly the annoyance and injury they have sustained by the action of the complainants. It was learned from the evidence at the trial that since seizure of the cafe in question Dourous, agent for Coros, had sold it for \$1,000.00 although the balance due Coros was only \$770.00 with some interest. It was also shown at the trial that when Lemper took possession there was

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask: "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?" In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering. It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

only \$33.00 worth of groceries and food supplies on hand and when he left there was \$54.30 worth on hand. It was shown that all of the fixtures there were still on hand and that Mr. Lemper had expended \$61.20 additional for an electric fan, repairs, meat machine and other improvements. There was some dispute about the knives and forks that some were missing but this was not in any way connected with Mr. Lemper and may have been the usual shortage by losses in a cafe, and the total amount of such shortage was much less than the improvements which had been added by Lemper to the premises.

Messrs. Lemper and Gavas while considerably worried by the legal procedure to which they are strangers feel pleased that they have been justified and that they have been acquitted. No evidence was produced against either of them but the complainants endeavored by general evidence to try and make a case against Mr. Nicholas Lemper and failed.

The prosecution was ably conducted by Mr. W. Carnes, County Crown Attorney and the prisoners were defended by Mr. F. E. O'Flynn of O'Flynn, Diamond & O'Flynn. Mr. Lemper who is a cousin of both Coros and Dourous whom he had trusted implicitly in all his matters contends they have taken advantage of his

SCIATICA VANISHES INSTANTLY IF NERVILINE IS USED. Can You Beat This Case? No ordinary liniment will even relieve Sciatica. Nothing but the most powerful kind of a remedy can penetrate through the tissues and finally reach the Sciatic Nerve. You can always depend on the old-time "Nerviline." Nothing made today is as good for Sciatica as Nerviline was when first produced, about forty years ago. All this time the same old "Nerviline" has been curing Sciatica, Lumbago, Rheumatism, and is considered to be without an equal in relieving pain or soreness anywhere. "Nerviline" couldn't be made stronger or better," writes James E. Edwards. "The way it cures Sciatica is to me simply a miracle. For years I suffered frightfully. I ruined my stomach with internal dosing. I rubbed in gallons of oils and liniments—none were strong enough. One good rubbing with Nerviline relieved. I kept on rubbing and shortly was cured. My father cured rheumatism in his right arm and shoulder with Nerviline, and my mother cured herself of chronic lumbago with Nerviline. Our family simply swears by Nerviline and we are never without a 50c family size bottle in our home. We find that for external pain, for coughs, colds, earache, such minor ills it is a veritable family physician."

RELIEF FROM HAY FEVER Muskoka is 1,000 feet above sea level. Hundreds of people can get relief annually from the annoying ailment of hay fever in this district. Only three and one half hours from Toronto. Muskoka Lakes district is one of the most beautiful in the Highlands of Ontario. Hotel accommodation to suit all pockets. Illustrated descriptive matter from any Grand Trunk Agent, or sent free on application to C. E. Horning, Union Station, Toronto.

Miss Florence Robinson, of Montreal, is visiting Mr. and Mrs. W. J. Wilder, Grier St.

CROPS LOOK GOOD IN PRINCE EDWARD

Hay Will Yield Enormously But Spring Grain Is Backward.

It is doubtful if the farmers of this county have ever harvested a better hay crop than the one being gathered this year. While the exceedingly wet weather of May and June greatly delayed, and in many cases absolutely prevented, the usual grain seeding, the excessive rain was favorable for the production of a bumper crop.

The clover crops were exceedingly heavy. Alfalfa, red clover and alsike all produced abundantly, and the same thing is true of the timothy meadows. Even the pasture lands are being mowed and barns are being filled with hay from land that has not been mowed for many years.

A drive through this country at the present time is a sight to be remembered. The swaths lie deep in the newly mown fields and the wagon loads are secured from an incredibly small space of ground. Many hay fields will yield three to four tons to the acre. If the farms of this country should produce nothing else this year but the crop of hay that is now being gathered, there would even then be an abundance of fodder for all the live stock in the county.

This is far from the state of affairs prevailing, however, for the tourist throughout the country sees not only a magnificent hay crop, but also one of the best fall wheat and rye crops that could be wished. Already the binders are at work in the rye fields, and next week at the latest the fall wheat will be cut.

The spring grains are not making as good a showing, except in some of the favored localities. It is only on the rich, well-drained and well-cultivated farms that oats, barley and peas can be said to be a good crop, and even there their condition leaves much to be desired. In the low lying or poorly drained sections the spring grain crops will be far from satisfactory. Owing to the difficulty of preparing the planting ground, the corn crop will be considerably below the average.

The average farmer this year will have to depend largely on the hay crop and his pasture fields, and thus once again the stock raiser and dairyman is found to be the man who is on the safe and sure road to success.—Gazette.

J. C. WILSON CO. MAY MOVE TO PORT HOPE.

Mr. J. C. Wilson, of the Wilson Manufacturing Co., mechanical engineers, iron and brass founders, Glengary, Ont., was in town Wednesday, July 12th and in company with Mayor Mulholland, T. B. Chalk and Councillor D. Hughes Charles, looked over the available factory sites in Port Hope. He was very favorably impressed with two of the sites and will return in a few days with his son to make a selection. He was well suited with the shipping facilities and the price of power. Owing to the shipping facilities in his own town he is obliged to move and he strongly favors Port Hope. The Company is employing at present between 75 and 100 men.—Port Hope Guide.

INSTRUCTOR GRENADE SCHOOL.

A letter from Roy MacMullen who is here with the 80th Battalion as Quartermaster Sergeant and who is now at Bramshott Camp, England, says, "On my return after attending school at Aldershot, I was appointed instructor of the 11th Brigade Grenade School, retaining the rank of C. S. Q." He is with the 75th Battalion.

LADY WAS ASSAULTED.

A lady residing on the Cannifton Road was on Saturday night assaulted by a soldier who has been sent to Barrieffield Camp to come and stand his trial.

THIRTEEN YEAR OLD TOOK KIDNAP.

A lady's black silk skirt was stolen by a thirteen year old girl from Mrs. Wardhaugh's store McCannany Street on Friday. The police have since recovered the article. The case against the girl has been enlarged.

LT-Col. Adams has had a number of clean water barrels installed in the lines of the 155th at Barrieffield, and an additional thousand pounds of ice daily will be taken so as to give themes ice water to drink these hot days.

Other Editors' Opinions

GERMANY GOT THE NICKEL AND THE U.S.A. GOT THE MONEY.

Germany took sixty-five per cent. of the output of the Sudbury nickel mines for three or four years prior to the outbreak of war in 1914.

Germany's demand for Ontario's nickel was a small contributing cause to Ontario's prosperity. The blessed free trade law of supply and demand was in full operation. Nobody stopped to ask the motive for the operation of that law in relation to Canada's output of nickel. Germany got the nickel and the alien owners of Canada's nickel deposits got the money, except such "chicken feed" as filtered through to the people of the Sudbury district.—Toronto Telegram (Conservative).

OUR FIGHT FOR FREEDOM.

The Ottawa Vindicator prints a report of a sermon delivered by the Rev. J. S. I. Wilson to the Orangemen of Ottawa. According to the indicator the most striking paragraph in Mr. Wilson's sermon was in these words:

"The Dominion of Canada has sent of her best blood 300,000 men to crush militarism, to restore Belgium, Luxembourg, Serbia, and part of France, to defeat Germany and prevent this country from coming under the German flag, and we are prepared to give our last dollar and our last man to overcome this menace, yet all the time we have been harboring on our borders a greater menace than the German menace. You all know I am no pro-German, that I have aided recruiting to preserve British civilization, that I am proud of the roll of honor of this church, but I say deliberately that I would sooner be under German domination than under the Pope of Rome."

The Vindicator, as quoted by the Orange Sentinel, adds that this deliverance won instant approval from Orangemen, that there were many "hear, hear," and decided applause. The preacher went on to say that Paul's epistle to the Galatians was the Gibraltarian of Protestantism, and that Luther's commentary on the epistle was a classic.

It is rather startling to hear a man say in Canada that he would rather be under German domination than under that of the Pope of Rome, but the reference to Luther shows that Mr. Wilson was thinking of Germany's service to Protestantism.

The sound position, surely, is to stand by civil liberty and religious liberty, throwing aside all racial and religious prejudice. The man who is prejudiced against the Roman Catholic as a man is as foolish and bigoted as he who is prejudiced against the German as a man. Our fight is not against men, women and children, but for freedom and justice for all, for liberty of thought and liberty of speech and liberty of action.—Toronto Daily Star.

JOHN BULL PUSHES ON.

John Bull is apparently going on with his dirk knife in his teeth and his fists in deadly commission. We have been reading that the Germans had the Allies' dirge, on and near the Somme, checked, but each authentic report puts them a little farther forward. The ground taken is not so important (though it would be important if the British and French could get the great railway centres of Peronne and Bapaume) as the number of prisoners and the amount of material taken. The Germans and Austrians cannot lose men at the rate at which they are now losing them and keep up the conflict very long. Destruction and capture are evidently the watchword of both the Western Allies and the Russians. The fearful stress on both fronts is stirring up peace talk more and more in Germany. The speech of Dr. Brandenburg, the Liberal leader of Saxony in the German parliament, demanding the consideration of peace negotiations, points to an uprising of the sentiment of Germany outside of Prussia as against the last-ditch policy of the Prussian masters of Germany. We shall hear more of this talk as the stress continues at its present rate of intensity.—Boston Transcript.

THE TURN OF THE TIDE.

The statement by David Lloyd George that Great Britain has now a free-flowing supply of all the guns and ammunition needed goes well with the steady offensive of the British armies. Lloyd George, in all the first year and a half of the war, never prophesied smooth things to his countrymen. He constantly warned them that they were in danger of falling, and repeatedly dwelt upon the fact that Germany was beating them in the explosives factories and the gun-foundries, as well as in the field. All the more credit, then, is to be given to his present assertion that the great

problem of manufacturing for the war has been solved. His reference to the surprise which Russia had given the German General Staff by the unexpected full equipment of her armies, seems to bear out the hints we have had that England has sent much artillery and vast stores of shells through Archangel. It is true, as Lloyd George said, that the military initiative has now passed from Germany to the Allies. Even German newspapers speak today of German soldiers fighting with their backs to the wall. Major Morant warns his readers that the battles on the western front are critical for Germany. Such things, with the obvious facts always before their eyes, must tend to bring about in the minds of Germans a profound change. It is not that their spirit is broken, or their patriotic determination weakened, but that they see their early hopes definitely destroyed, with no prospect whatever of being able to impose a peace on their enemies by their own victorious arms.—New York Evening Post.

SATURDAY'S MARKET.

Fed changes were noted at Belleville market today. There was a fairly large attendance and the offerings were of first-class. The inner market was not so large as usual.

A considerable quantity of harvest apples was sold at 40c per peck. Cherries were numerous at 10c per box or \$1.00 for an eleven quart basket.

Peas brought 20c per quart and beans 5c.

Black currants were worth 15c per box. Blue raspberries sold at 3 boxes for a quarter or ten cents each. The red variety went at two boxes for twenty-five cents.

New potatoes have driven the old tubers into the shade. A large quantity of the latter remains to be disposed of. Thewen one sell at \$2 per bushel.

Old hay does not appear on the market any more, the new selling at \$10 per ton.

Pork prices have witnessed a heavy increase, hogs selling at \$11.75 live weight and \$16.00 dressed. This is due to the activity of the farmers on the land, with a resultant small hog market.

Hides are waker at 13 1/2c per pound. Wool is decidedly weaker at 40c to 43c for washed and 30c to 33c for unwashed. Deacons bring \$15.50; veals 20c; lamb pelts 30c to 40c.

Grains are unchanged.

Butter is a little firmer at 30c to 32c and eggs are quoted at 29c.

Cucumbers, cabbage, beets, carrots, radishes, onions and so forth sell in quite large quantities.

THIS CATARRH REMEDY RELIEVES QUICKLY, CURES THOROUGHLY.

The cause of Catarrh is a germ. It multiplies in the lining of the nose and throat, spreads to the bronchial tubes and finally reaches the lungs. A Cough Syrup can't follow to the lungs—it goes to the stomach and fails to cure. Catarrhozone is inhaled. It goes everywhere—gets right after the germs—kills them—stops the soreness—stops discharge and hacking—cures every trace of Catarrh. You're absolutely on the cure for Catarrh, throat irritation, colds or bronchitis, if you use Catarrhozone. The dollar outfit is guaranteed to cure, costs \$1.00; smaller sizes 25c and 50c, at all dealers.

WANTED FOR FIGHTING

Two citizens who are wanted for fighting are to be brought to court for a demonstration of the disorderly art on Front Street.

INDIAN CHARGED WITH FRAUD

R. J. Barnhart, of the Indian Reserve, Tyendinaga was arrested by Constable L. Soule on Saturday on a charge of fraud in obtaining credit to the amount of \$63 in January, 1916, in the German market lamps this morning he was remanded for a week.

AUTOIST FINED \$50 AND COSTS

Minimum Fine For Being Drunk in Car. On Saturday afternoon a motorist was arrested on a charge of being drunk and disorderly while in charge of an automobile. He had backed up into a car and damaged a tool box but had made good the loss by paying five dollars. Just then a citizen ran into and as the auto driver was starting off, put on the emergency brake and stopped the car. At the same time a call was sent in for the police.

This morning he was fined \$50 and costs.

LT-Col. Wilson, D.A.A., and Q.M.G., has come to Belleville for the colors presentation, and will officially represent the 49th regiment of which he is the commanding officer.

Miss Margaret Malloch has returned to town after spending a pleasant vacation in Peterborough.

MID-SUMMER RATES ON

Painting and Papering

Best time of all the year, surely, for the paper-hangers to take possession of your rooms, are these summer days when you and your household are living outdoors on the verandah or holidaying in some other place—when the invasion of step ladders, tables and paste pots will prove little or no inconvenience.
Moreover special midsummer rates have now been instituted on all manner of interior decorating—papering, painting and tinting of walls and ceilings, painting and staining of woodwork and staining or finishing of floors.
And in addition to these reduced rates for workmanship are the daily "sale specials" in the wallpapers themselves, making it possible for you to decorate your rooms at a mere fraction of the usual expenditure.

If your home needs to be freshened up with new paper and paint, let us send a man to ascertain what is required and submit an estimate of cost.
