

MADOC JCT.

Mr. and Mrs. Frappé, of River Valley, have the sympathy of friends here in the sorrow they must feel in the loss of their only child.

Some of our people attended the Methodist church, Stirling, on Sunday evening to hear Rev. F. Howard, who is a son of Rev. E. E. Howard, a former pastor on this circuit. A very interesting sermon is reported, one text being Eccl. 2:24—"There is nothing better for a man than he should eat and drink and should find his soul enjoy good in his labor." The need of rest as well as labor were illustrated in a way that should do away with Sunday work, that can in any way be avoided. The service was well attended.

Rev. C. S. Reddick took charge of the service here last Sunday afternoon and preached the most inspiring sermon he has given here for some time according to reports.

Miss Mildred Clark spent Sunday at her home here, returning to Foxboro on Monday where she is engaged as assistant teacher in the public school.

Miss Annie Stapley has returned to her work at the Turner Settlement school.

IN SPITE OF THE KAISER

(1) C. P. O. S. Pacific Liner which made a speed record a few weeks ago. (2) C. P. O. S. Atlantic liner.

THE claim made by Kaiser Wilhelm and his satellites that the British merchant fleet is disappearing from the ocean seems particularly ludicrous in the case of the fleet most closely associated with Canada, namely that of the Canadian Pacific Ocean Services, which so far from diminishing has actually increased its tonnage since the beginning of the war by nearly 30%. No fewer than 15,000 men are employed with approximately 50,000 dependents, and the numbers are steadily increasing. Taking the Atlantic fleet first. At the outbreak of the war the steamships of the Allan Line and Canadian Pacific Co. (now known as the Canadian Pacific Ocean Services) numbered 35, with a gross tonnage of 313,000 tons. The value of these fleets to the British Empire in war-time has been carrying in practically every case large quantities of munitions, cargo, munitions, supplies, etc. These figures indicate no mean contribution to the "carrying on" of the war, and constitute a splendid tribute to what Canada—Britain's nearest Dominion—has tried to do to help the Mother Country in her hour of need. Add to this the fact that these ships have been carrying in practically every case large quantities of munitions, cargo, munitions, supplies, etc. These figures indicate no mean contribution to the "carrying on" of the war, and constitute a splendid tribute to what Canada—Britain's nearest Dominion—has tried to do to help the Mother Country in her hour of need.
