

## TWO BODIES WERE FOUND

Victims of the Florence S. Disaster  
of July 23.

Which is Now on a Bar Above Selkirk  
—Third Victim Has Not Been Discovered.

From passengers who arrived on the steamer Nora today from Whitehorse it is learned that on Sunday afternoon the bodies of two victims of the Florence S. disaster which occurred on the afternoon of the 23d of July, two weeks ago last Saturday, were found.

The bodies found are those of Mrs. Stewart and Walter Monastes. The former was en route with her 14 year old daughter from Victoria to this place and when the accident occurred both were thrown into the water and drowned. Walter Monastes was from Skagway and shipped on the unfortunate craft at Whitehorse as steward of the steamer. He was coming here to join an elder brother who arrived some weeks previous. The bodies were found Sunday by members of the N. W. M. P., who are stationed at the mouth of Hootalinqua and who were out on a patrol of the river. The bodies, which are said to have reached an advanced state of decomposition, were put into the police boat and taken down to the police station at Hootalinqua at which place they were put aboard the steamer Eldorado, Dawson-bound from Whitehorse, which steamer is reported as stuck hard on a bar above Selkirk.

On their arrival here the remains of the unfortunates will be turned over to the authorities. It is not known whether inquests will be conducted or not. The body of the young man will probably be shipped to his mother, who resides in Skagway. The body of Miss Stewart, the third victim of the disaster, has not yet been found; but as the police are keeping a sharp lookout it is probable that it will be picked up soon.

The Yukoner is now on her way down the river. She left the upper end of her run at 5 a. m. She made the record trip going up, three days and fifteen hours. The Zealandian and Lightning covered the distance in three days and 17 hours. The Zealandian is now reported making splendid time in her endeavor to beat the record of the Yukoner.

It is said that the Cliffordifton is now the fastest boat on the upper river if properly handled.

The Clara is going down the river to Circle next week.

### A Fool's Paradise.

Sidney Grundy's three act play "A Fool's Paradise" was successfully produced by the Orpheum company last evening and that under one of the greatest difficulties.

Shortly before the performance was to begin Miss Blossom was taken suddenly ill, and was unable to go on the stage and had to be substituted. Fortunately for the management and the audience there is an actress here who is versatile and experienced enough in emotional work to be capable of taking a long and difficult part like the one presented last evening and getting through it with ease and grace, even though she was compelled to carry the part in her hand and occasionally refer to it. The

actress was Lucy Lovell, and despite the fact that she did not know the lines, she carried the part to a successful finish.

Robert Lawrence as Lord Norman, tower and Alf Layne as Sir Peter Lund, Bart., were successful in presenting the characters opposite their names in the cast, and Harry O'Brien represented the Hon. Tom Verinder very creditably. Miss Ida Howell as Kate Derwent was a decided success, but then Miss Howell is a great favorite with Orpheum audiences in any part. Johnson was presented by Julia Wolcott, the character woman, whose work would be a credit to any house, and May Ashley's Mildred Selwin was well received.

### Berries Command a Good Price.

Berrying parties are now the popular thing and has almost assumed the dignity of a "function." Sunday afternoon Mrs. J. B. Woods, Mrs. B. H. Moran, Miss Jennie Vaughn and Messrs. Fletcher and Murray made up a party to gather in the succulent fruit from the dewy huckleberry bushes. Their efforts were crowned with success and fully a quart of berries was the result. A Siwash urchin was seen with a large piece of silver after the party left West Dawson; but probably that was a coincidence.

### Officers Elected.

At a meeting of the Dawson Athletic Association held last night the following permanent officers were elected: President, J. T. Lithgow; vice-president, H. G. Wilson; treasurer, E. E. Tiffin; secretary, W. C. Young. Captains of the various teams were also appointed. It was decided to hold an athletic tournament during the third week of October.

### The Coming Match.

The sports around town are taking a lively interest in the coming ten-round go between Frank Slavin and Frank Smith. It is a well known fact that the men have a small private affair to settle as an incident to the go and that will undoubtedly serve to stimulate the activity of both in the ring. The contest will be for \$2000 a side and the winner to take all the gate receipts.

## POLICE COURT NEWS.

There was a new magistrate in the judicial chair in police court this morning who shows evidence of being able to fill the position from a mental as well as physical point of view. The new magistrate is none other than former Sergeant Major now Inspector McDonell, notification of his promotion and his commission as inspector having arrived by mail yesterday. Although Inspector McDonell has been a member of the N. W. M. P. for 19 years, it can not be said that he has grown gray in the service. His promotion is merited and his many friends will be pleased to salute him as Capt. McDonell.

The first case called this morning was that of S. M. Graaf vs. H. S. Manning, who was charged with having cut timber on the property of the former. The prosecutor submitted abstracts and maps of the property to show that a trespass had been committed, and the defendant likewise produced a map as big as a barn door to show that the timber cut stood in a reserved trail. With a warning to cut no more timber in that part of the country, the defendant was dismissed.

The case of E. A. Harriman, who is suing for \$89.75, wages alleged to be due for services as cook on the steamer Eldorado, was set for hearing Thursday morning.

Chas. McKenzie was in court with a claim against S. Tollmark for \$305 for wages. The defendant admitted the amount, but said McKenzie had been hired on a bedrock basis. In the absence of an important witness the case was continued one week.

If August Rocco had pursued his humble calling, that of fishing, yesterday instead of toying with "home brew" he would not have been arrested for being drunk in a public alley. Between paying \$5 and costs or pushing and pulling a crown saw for a period of ten days, he chose the former and at the present price of fish it will require him some time to play even for his day off.

The case of Donald B. Ross vs. James Hartney for \$177 claimed as wages will be heard this afternoon.

### O'Brien-Jackson Combination.

When the Yukoner gets in she will bring another large consignment of starchy-eyed soubrettes from warmer climes, together with the rest of the large company comprising the personnel of the O'Brien-Jackson Theatrical combination. A telegram was received from Whitehorse this morning stating that the company numbering about 40 people in all were on board the Yukoner, due to arrive here early Thursday morning.

### Two Capias Warrants.

Mrs. Manning, who formerly kept a roadhouse at 60 Bonanza creek, was a passenger on the last trip of the Yukoner up the river, and had rather an unpleasant experience at Whitehorse upon her arrival there when a bailiff met her with an order for her arrest on a capias issued at the instance of the N. A. T. & T. Co., which had a bill against her for \$609.60. The amount was paid and the lady allowed to continue her journey.

John Macneil was traveling to Whitehorse en route for the outside, it was believed, but when he got as far as the end of the steamer run, his travels were rudely interrupted by a bailiff with a capias warrant, sworn to by Austin Banks. Macneil put up a cash bail in the sum of \$525, which was the amount of the Banks bill, and is now on his way back here.

### He Told the Lawyer.

Lawyer S. is well known for his uncomely habits. He cuts his hair about four times a year and the rest of the time looks decidedly ragged about the ears. He was making a witness describe a barn which figured in his last case.

"How long had the barn been built?"

"Oh, I don't know. About a year mebbly. About nine months p'raps."

"But just how long? Tell the jury how long it had been built."

"Well, I don't know exactly. Quite a while."

"Now, Mr. B., you pass for an intelligent farmer, and yet you can't tell me how old this barn is, and you have lived on the next farm for ten years. Can you tell me how old your own barn is? Come now, tell us how old your own house is, if you think you know."

"Quick as lightning the old farmer replied:

"You want to know how old my house is, do ye? Well, it's just about as old as you be and needs the roof seeing to about as bad."

"In the roar that followed the witness stepped down, and Lawyer S. didn't call him back.—London Globe.
