THE DISTRICT

IRWIN.
Our annual excursion joined Christ Church Sunday school in going to Walpole Island on Tuesday. The day, though a little cool, was very pleasant, and all returned in good spirits, feeling better for the trip.

Mrs. A. Graham, of Romeo, Mich., is visiting her cousins, the Misses Brown. Rev. Mr. Fox spent last week in Wheatley.

EIGHTH CON. RALEIGH.
Miss Aggie Decker, of Detroit, is ill and has returned to her home here.

A number of girls from this place spent Thursday at the lake. They enjoyed themselves immensely.

Miss Flossie Ritchie, of the 10th, is spending a few weeks with friends in Dresden.

The lawn social held on the Separate school grounds was a decided success. The table, loaded with delicacies, was filled by the large crowd, which afterwards listened to a good program furnished by home talent, assisted by some of the best musicians from the Maple City. The late hours of the night and the early hours of the morning were spent in dancing.

The trustees of Wesley report great progress. We understand that a committee has been appointed to look up plans.

The sacred concert given by the Methodist Church here proved a success. A good crowd listened to the program, which consisted of songs by Mr. and Miss Kirby, by Mr. Bea, of Illinois, and by Miss Humphrey, of Chatham, a reading by Dr. Thornton and a recitation by Alice Hillman. Refreshments were served at the close of the program.

We are sorry to say that J. Howard is still laid up with a sore hand. The son of Mr. Boyle, who is in the hospital suffering with appendicitis, is, we are sorry to say, not progressing very favorably.

Miss Ethel Ogden returned to Sarina, after spending a few weeks with the Misses Brown.

SCALY BLEEDING SORES
No Rest Day or Night. Sufferings Beyond Description. Drivelled to a Skeleton. All Thoughts would Die.

Mother Reads of Wonderful Cure by CUTICURA. Father Goes 5 Miles to Get It. Instant and Grateful Relief.

Complete Cure in Nine Weeks, and Not a Sign Left to Tell of His Awful Sufferings.

My baby had a terrible breaking out all over his face and head, extending half way down his back, while his arms became one solid, scaly, bleeding sore. A physician gave me a prescription which I read, but he kept getting worse, and suffered beyond description. The pain became so intense that he had to be put under an anæsthetic. We could get no rest, night or day. He dwindled down to a mere skeleton. Everybody who saw him said he would surely die. As a last resort a trip to the country was suggested, that the change of air might do him good. At home as my mother saw the child she got a copy of an Atlanta paper, in which there was an account of a wonderful cure CUTICURA REMEDY, had brought on a two-year-old child. My father started on the nearest drug store, which was five miles, and purchased CUTICURA (ointment), CUTICURA SOAP, and CUTICURA REMEDY. We applied as per directions putting plenty of the CUTICURA on his head, face, arm, and back. The child slept for over two hours at night. Improved daily, and in ten weeks from the time he started on the CUTICURA REMEDY we were able to discontinue their use, and not a sign is left to tell of his awful sufferings.

Those friends are weak and worthless, that will not use the privilege of friendship in admonishing their friends with freedom and confidence, as well of their errors as of their dangers.—Bacon.

The English "Society for the Prevention of Consumption" was presided over by the Prince of Wales, was recently addressed by Sir William Broadbent, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case. There is no such thing as inherited consumption. There may be local weakness, which tends to consumption, but the germ has absolutely to be planted in that weak spot before consumption can ensue. "This ought to comfort thousands of people who have 'weak chests' or 'weak lungs'." They are not forced victims of this dread disease. All that is needed to bid absolute defiance to this deadly scourge, is to be able to strengthen the weak lungs, and build up a strong body. The answer to this need is found in Dr. Pierce's Golden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off, and the weak organs are nourished into perfect health, which defies germs of every kind. People, given up by doctors, emaciated, bleeding at the lungs, with obstinate, lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is a strictly temperance medicine containing no alcohol, whisky or other intoxicant.

If a man does not make new acquaintances as he passes through life, he will soon find himself left alone. A man should keep his friendships in constant repair.—Johnson.

CHOICE FICTION

FOR HOME READING.

Jack Master's Courtship.

By Frank Pratt.

Jack Masters was in a dilemma. Pretty little Maude Galloway had proved her heart adamant to his weekly calls and undivided devotion, to say nothing of the violets in lace paper and the most exclusive bonbons which he sent to her fifteen days in the month.

It keeps their delicate skins in good order. Made entirely from vegetable fats, it is an emollient as well as a cleanser, and is useful on a lady's toilet as in the nursery. Faintly but exquisitely aromatic. Beware of imitations.

Kindred weaknesses induce friendships as often as kindred virtues.—Bovee.

He is a Wonder.
All who see Mr. C. F. Collier, of Cherokee, Ia., as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped till he used Electric Bitters and was wholly cured by three bottles. Positively cures Backache, Nervousness, Loss of Appetite, all Kidney troubles. Only 50c. at A. I. McCall & Co.'s, Drugists.

Be more prompt to go to a friend in adversity than in prosperity.—Chilo.

CAN YOU TELL WHY
You have constant headaches, are nervous and sleepless at night, feel tired in the morning? Your blood isn't carrying the right materials to your nerves and other organs. Begin taking Hood's Sarsaparilla, the great blood purifier, and you will soon realize a change. You will feel better and stronger, will relish your food and enjoy refreshing sleep.

Nausea, indigestion are cured by Hood's Pills.

Perfumed Beds.
The recent fad for perfumed beds has gained great popularity. The perfume is managed by spreading a cotton pad, thoroughly sacheted, beneath the sheet. By this one's bed can be made to seem stuffed with roses or violets.

Conservative women, however, do not approve of this method. They stick to the custom of their grandmothers and the nearest thing to the clean and wholesome scent of lavender they exhale. Sprigs of this old-fashioned shrub are generously strewn in many well-regulated linen closets.

There is nothing new under the sun in housewifery.

Passing of the Old Maids.
The old maid of the past—sour, scandal-loving, sharp of temper and of features—is now almost an unknown quantity. The unmarried woman of to-day who has passed her twenties is cheery, active, busy and useful. Generally she is in business or has some special art, profession or accomplishment to which she devotes herself. Anyway, she is not idle. She finds time to employ her hands and brains. She has little time for gossip and less inclination. Culture and occupation have broadened her nature and given her charity and wisdom.

SCENTED HAIR.
The very latest vagary of the toilet is to have the hair scented. What the odor shall be is, of course, a matter of taste, but Dame Fashion with indefatigable persistence forces the violet, heliotrope and lavender odors into the most prominent places.

A little silk cap, lined with cotton-wool, thickly sprinkled with sachet powder, if worn for an hour occasionally will impart to the locks a delicate, indistinct fragrance that is the very epitome of delicacy.
