Falls 40 Feet. Toronto Junction, Oct. 19—Yesterday Bert Joblin, a carpenter employed on the Dominion Carriage Co, building on Campbell avenue, while laying joist on the top flat, stepped on a loose brick and fell the distance of 40 feet. His fall was broken by striking a projection, otherwise he would have been instantly killed. He received a cut on the head, one behind the ear and a cut over the left eye. He was taken to the Western Hosnital.

Justice Romanones declares that the law was "conceived in the broadest democratic spix".

IT DOES CURE WOMANLY ILLS.

"I feel it my duty," writes Mrs. Mead, of Fraserville, Ont., to let S. Mead, of Fraserville, Ont., "to let you know that sometimes previous to the change of life I suffered more than I could tell. Neighbors told me Ferrozone was the only remedy and their advice was good. Ferrozone put a stop to my pain and sickness, had a direct action om my troubles and relieved from the start. I safely passed the turn, and now enjoy perfect health and rest. No womanly medicine can be better than Ferrozone." Instant relief is found in Ferrozone for female weakness of every kind. 50c. per box at all dealers.

Prosperous Farmer Suicides. Chatham, Oct. 19.—Worried by financial trouble, L. K. Silverthorne, aged 54 years, a prosperous farmer of Raleigh, committed suicide by hanging himself to a beam in his barn.

Opened After 40 Years.
Vilna, Oct. 19.—The Polish theatre, performances in which had been prohibited for forty years, was reopened yesterday, with much ceremony in the presence of the governor-general.

IT ACTUALLY DESTROYS THE

That's why catarrh is invariably cured by inhaling Catarrhozone. The cured by inhaling Catarrhozone. The healing vapor spreads to every part off the breathing organs. Germs infecting the tissues of the nose, throat and lungs are killed. Nothing is left to cause inflammation. Spots that are sore are healed Discharge is cleared away and catarrhocones something of the past. Use Catarrhozone and your recovery is guaranticed. Two sizes, 25c and \$1 at all dealers.

"Quick lunch" is one of the commonest of city signs. The sign does not say "a healthy lunch of good food—the character of the food apparently is not considered. It's just a quick lunch,—eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and innutritious food, very often, and the stomach has to do the best it can. Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all. It is a medicine designed for the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

The real reformer begins with

A SENSIBLE MERCHANT. Bear Island, Aug. 26, 1903. Minard's Liniment Co., Limited. Dear Sira,—Your traveller is here to-day and we are getting a Jarge quantity of your MINARD'S LINNI. MENT. M. A. HAGERMAN.

MRS. ANNA C. FALL

One of the Cleverest of Boston's Wo-men Lawyers.

Mrs. Anna C. Fall of Malden is one of the cleverest of Boston's bright coterie of women lawyers. Mrs. Fall, indeed, was among the very first women to practice law in Boston. She gradu-ated from the Boston university law school in 1891 and tried her first case in November of that year, it being the first jury case tried by a woman in Massachusetts.

Mrs. Fall is the author of a pathetic little story, "The Tragedy of a Widow's Third," which proved a strong argument in favor of increasing the wid-

MRS. ANNA C. FALL. ow's share of her husband's property

when the matter was being agitated in the legislature some years ago. For nine years this bright little woman was a member of the Malden school board, where her influence was

very valuable.
So successful has Mrs. Fall been in her chosen occupation that her daughter is following in her footsteps and is a student at the Boston university law school.-Boston Traveler.

A plano should be tuned at regular intervals, preferably after the beginning of each season. It becomes out of tune as much by change of tempera-

Too much stress cannot be placed upon the selection of a tuner, as an incompetent tuner can do great damage and will usually magnify a slight trouble in order to justify a high price. It is best never to engage an unknown tuner, or if he is engaged be careful to examine his references and be satisfied that he is reliable and experienced.

The jingling or singing sound at times noticeable when the piano is played frequently is due to what is called "sympathetic vibration." This is produced by an ordinary article in the room vibrating in sympathy with some particular note in the plano. To ascertain the cause of this vibration the key which seems to produce the difficulty should be struck by one person and another should go about the room listening carefully, and thus the article which vibrates can be discovered and the cause removed.

Any hard substance, no matter how small, when dropped inside of a piano will cause a rattle or jarring noise.

If a pedal should squeak remove the bottom panel of the piano and apply a little black lead. little black lead, powdered from a per-cil, at the part where friction exists.

Cleaning the case may be accomplished by wetting a piece of canton fiannel and dropping upon it a few drops of ordinary olive oil. Rub a small portion of the piano at a time, wining it off thoroughly with a dry wiping it off thoroughly with a dry All men may be made of dust, but rub with a soft, clean chamois skin or another piece of clean canton fiannel, others.

Alterward rub with a soft, clean chamois skin or another piece of clean canton fiannel, always taking care to rub with the grain of the wood and occasionally to breathe on it in order to remove every particle of oily substance.

> The general problem of good water and safe sewage appeals to every owner of a country house. The best soil for these purposes is a sandy one, and wherever a rocky or clayey soil gives possibility of a fissure which might connect water and drainage expert examination should be called in. The individual plant for sewage disposal may often be a well and a cesspool, the cesspool, once a bogy to sanitarians, being now justified by the septic tank and the sand filter, both of which principles are employed in its construction. Two points must be recognized here: Such a covering of the well that the grave danger of surface pollution may be avoided, for it is owner of a country house. The best well that the grave danger of surface pollution may be avoided, for it is most essential that no pollution should be washed through covering boards; also the direction of drainage, which is generally toward the nearest water course, must be such that the water supply may not be below the point of sewage disposal. With these simple precautions of soil, covering of well and proper location of water and drainage, the isolated country house owner may feel secure.—Hollis Godfrey in Atlantic.

shelf, which should be covered with clean white paper, or, better still, with the pads made of dimity or of cheesecloth lined with perfumed wadding. Lavender is the most pleasant perfume to use for linens, especially the lavender flowers, sprinkled thickly in the padding and perhaps sewed up in little flat bags as well, which are laid here and there among pillow cases and sheets. No other perfume has quite so clean and fresh a quality about it for the purpose. Sheets and pillow cases the purpose. Sheets and pillow cases alike should be marked with indelible ink (unless you prefer to embroider everything), giving each set some distinguishing mark, so that they are kept together and meet the same amount wear and tear. A change for each bed is the usual allowance.

COULD SCARCELY WALK

Rheumatic Sufferer Cured by Dr. Williams' Pink Pills.

Rheumatism is rooted in the blood that is a medical fact every poor rheumatic sufferer should know. Liniments and outward applications Theumatic sufferer should know. Liniments and outwaird applications cannot possibly cure rheumatism. They are a waste of money, and while the sufferer is using them the disease is steadily growing worse—is slowly but surely taking a firmer grasp upon the entire system. Rheumatism must be treated through the blood. That is the only way in which the poisonous acid can be driven out. Dr. Williams Pink Pills actually make new blood and thus always cu e rheumatism. Every desert beaching juints and muscles and gives the rheumatic new health free from pain. Among those who can bear witness to the truth of these statements is Miss Dorsina Langbors, of St. Jerome, Que., for weary months she suffered from rhoumatism and habegun to think she was incurable. If could not straighten up," says Miss Lauglois. "My limbs were almost uscless, so stiff were they. For many months! endured such pains as cally rheumatic sufferers can understand. Although only thirty years of age the suffering I endured actually made me look like an old woman. I used liniment and tried several medicines but got not the slightest help until almost by chance my attention was directed to Dr. Williams' Pink Pills. I began bois, of St. Jerome, Que., for weary months she suffered from shoumatism and had begun to think she was incurable. "I could not straighten up," says Miss Langlois, "My limbs were almost useless, so stiff were they. For many months! andured such pains as only rheumatic sufferers can understand. Although only thirty years of age the suffering I endured actually made me look like an old woman. I used liminent and tried several medicines but got not the slightest help until almost by chance my attenticm was directed to Dr. Williams' Pink Pills. I began taking them and in the course of a few weeks I could see, they were helping me. Little by little the pain began to go, and the stiffness to leave my joints. I continued taking the pills for several months when every symptom of the trouble had disappeared. I have not felt a twinge of rheumatism since, and i bless the day Dr. Williams' Pink Pills never fail to cure rheumatism because they go right to the root of the trouble in the blood. That is why these pills cure all the common ailments due to poor and watery blood, such as anaemia, headaches and backaches, in digestion, neuralgia, St. Vitus' dance, general weakness, and the distressing irregularities that afiliet women and proving girls. If you need a medicine you will save money by taking Dr. Williams' Pink Pills for pale people, is printed on the wrapper around every box. Sold by all medicines think the proving girls. Manoeuvres at Montreal,

Manoeuvres at Montreal.

Montreal, Oct. 19.—The attack and defence of the western approaches to Montreal were carried out pesterday by the Montreal garrison, augumented by the 43rd Infantry, the Queen's Own Hussars and the 23rd Field Battery, the net result being that the left flank of the defence was turned and one 4.7 inch gun of the heavy artillery fell into the hands of the invaders. Nearly 2,000 men were engaged.

mille track, and was, indeed, one of the the Montreal garrison, augumented by the Montreal garrison, augumented by the 43rd Infaury, the Queen's Own. Hussars and the 23rd Field Battery, the net result being that the left flank of the defence was turned and one 47 tind gum of the heavy artillery fell into the hands of the invaders. Nearly 3,000 men were engaged.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incur: ole. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven castarth to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a toespoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.

Sold by all Druggists, 75c.

Take Hall's Fermile Eitle.

There is more Catarrh in this section of the exhibition.

Changes All Plans.

Dr. Orr said that the fire meant an entire reconstruction of the exhibition.

"We will never build another two storey grand stand. One storey is enough, so as to let the people out in easy of fire.

"We will never build another two storey grand stand. One storey is enough, so as to let the people out in easy of fire.

"The military forces, horse, foot and artillery, were speedily on the ground from the Stanley barracks. And there is military arrived and the fire department hose was going.

"The military arrived and the fire department hose was going.

"The finest help I ever saw," was Chief Thompson's tribute to the soldier lads. "They were so many they could take hold of a hose and just cun away with it, and they w

PREY TO FIRE FIEND

Destruction Of Toronto Exhibition Buildings Worth \$225,000

VAST BILLOWS OF FIRE

Toronto, Oct. 19.—A tornado of fire swept the exhibition grounds last night for two hours, around midnight, and left in ruins the grand stand, the transportation building and four or five stables that lay between.

The fire started in the southeast corner of the grand stand, in what is known as Darling's Restaurant, where some officers of the garrison were quartered, with a number of horses and artiflery equipment, including ammunition, all of which was rescued.

The strong southeasterly wind blowing at the time, which afterwards veered to a more easterly direction, forced the fiames through the grand stand, whose inflammable wooden structure ignited with great rapidity.

Vast Billows of fiame.

Vast billows of fiame carried sparks and firebrands across the open spaces. Several of the stables immediately north, at the back of the grand stand, caught fire, and were speedily roaring furnaces.

This all occurred between 10.45 and 11.30.

About midnight some sparks entered

About midaight some sparks entered the southeast corner of the transportation building (the old main building, or Crystal Palace), and paper around the broken panes, which gave entrance to the cinders, and in five minutes the whole upper structure was alight. By this time the grand stand had burned itself to embers, and the stables were controlled.

By 12.30 the transportation building

By 12.30 the transportation building was in ruins, and further danger completely averted.

rooms, ticket boxes, entrances and fences there is \$1.000 insurance on each of the cattle sheds.

There is \$1.000 insurance on each of the cattle sheds.

The insurance was distributed among 36 companies, practically all in the business; on a percentage basis.

Had Seats For 12.500.

The grand stand was built in 1892. It was 725 feet long and built of wick and iron, with a seating capacity of 12,500. It overlooked a first-class half mile track, and was, indeed, one of the finest structures of its kind on the continent.

Changes All Plans.

A Fierce One.

For ferocity there has never been a fire to exceed it in Toronto. The strong gale blew the bdg bonfires into roaring volcances. At the transportation building the constant falling of the interior structures produced a roar as of muffled thunder, while the timbers crackled like rattling volleys of musches. An ounce of gold in the bank is morth a pound of luck, the bank is morth a pound of luck, the bank is like ratfiling relieve of musketser.
