*KICKS ARE USELESSS."

Under the above caption, the following appeared in the local Liberal

organ on Monday evening: "As is well known to News readers, ldd. Kerr at a recent Council meeting registered a kick against the late morning mail service from Toronto. Mr. Kerr contended that business men as a rule do not receive their morning mail until 9.30 o'clock, and, as the Government are not lacking in funds, believed that a change in the rail-Government are not lacking in funds, he believed that a change in the railway carrying the early morning peninsular mail from Toronto would overcome the difficulty. * * But the idea will hardly work. * * Ald. Kerr has been informed that Chatham must be satisfied with existing conditions. * * And the railroad won't run extra mail trains for those who kick."

And so this is the answer from the

And so this is the answer from the mouthpiece of the Liberal party at Ottawa-"kicks are useless."

There are several million dollars of a surplus in the Post Office Department at Ottawa, according to Government reports, and the people have a very poor mail service but-kicks are

The money earned by the Post Office Department was taken directly from the people, who would now like better service from a flourishing department, for the money they are spending but-kicks are useless.

The people would like to see the surplus in the Postal Department devoted towards an improvement of the service instead of seeing it handed, out in public graft but-kicks are useless. "Chatham must be satisfied with existing conditions."

The farmers of this county want rural mail delivery, and Chatham wants a city delivery but-kicks are useless. "The idea will hardly work."

The readers of the Banner would like to see that paper encourage men who are trying to promote the interests of Chatham, and if possible get Mr. McCoig to interest himself in the farmers and citizens of this riding in reference to the present poor mail service but again-kicks are

Thus the Banner sticks tenaciously to the grafters at Ottawa, and throws cold water on any scheme which in the least reflects upon the way things are being administered at the present

Get in line, Bannery old boy. Don't be a knocker and a dead one. There is nothing so dampening and discouraging as the pessimistic doubter who, when there is a movement on hand to get something, sneers out the sullen answer "kicks are useless.

Mr. H. S. Clements, M. P. for West Kent, said at the South Es-sex Conservative convention that the present Ottawa Government is the most corrupt in the world. Mr. Clements is young and of course was not on the ground early enough to perceive the loud odor of the thing that fell to pieces with its rottenness in 1896. — Windsor Re-

It is very kind of the Record to so generously and completely exonerate Mr. Clements from any blame in connection with the "rottenness" it speaks of. Mr. Clements was "on the ground" early enough, however to see the electors oust the Ross administration because of its "rottenness," and Mr. Clements knew of the besmirched record of that Government when he voiced the sweepno statement which has made the Record so uneasy.

JUST A LITTLE BIT OFF THE TOP

There is still some doubt in the minds of many as to whether March came in like a lamb or a lion, but there is no question about its mule-like actions ever since.

A citizen says that natural gas is now in sight. Along certain por-tions of Queen street it has been in smell for some time,

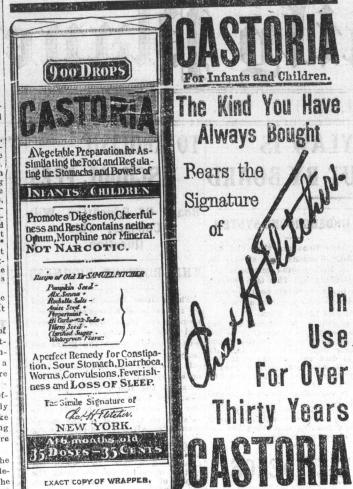

The members of the Board of Education should beware lest they fall into the evil ways of the City Council. It was very near the eleventh hour when they adjourned last night.

Spring begins the twenty-first day of this month. But don't get ex-cited—early spring is pretty much of gay deceiver.

It is said that the Imperial party in Russia, after looking over the election returns, has decided not to call the douma together at all. It is very annoying to the Czar that subjects are necessary to a ruler, for they are so perverse.

Burglars robbed the Public Library at Vancouver, and when the lib-rarian discovered it he didn't say anything but looked volumes.

> REGAINED NERVE AND VITAL ENERGY.

King to Blarritz.

London, March 5.—King Edward started for Biarritz yesterday morning. He will spend the night in Paris.

After about three weeks' stay at Biarritz His Majesty will join the royal yacht Victoria and Albert in the south of France, and will cruise in the Mediterranean with Queen Alexandra. Their Majesties will return to England towards the end of April. From Walton, P. O., Que., comes the following from Mr. Nazaire Begin — "If anyone had told me any remedy could build up my nervous system so well, I would not have believed them. Before using Ferroz was run down in nerve and vita l was run down in herve and vipa-energy, and in very weak health. I didn't get enough sleep at night, felt poorly in the day time. Ferrozone has filled me with energy and vim, increased my weight and made a new man of me."

Hundreds tell the same story— Weak and dispirited, everything go-ing wrong, unable to catch up. They took Ferrozone and all was changed Winnipeg, March 5.—A burglar attempted to rob the jewelry store of Dingwall & Co. here last night while the street was crowded.

Expensive watches were on display, and he threw a jack-knife through the plate-glass window, smashing a hole large enough to permit him to grab a handful.

He failed in his attempt to search to health and serenity. Price per box 50c. at all dealers.

MAY ASK CHANGE OF VENUE. Cayuga Poisoning Case May Be Tried In Toronto.

No Fear of Strike.

Ottawa, March 5.—A telegram received by the Department of Labor yesterday morning from F. A. Sherman of the Western Federation of Miners stated that there is no fear of a strike in the western coal mines. A conference of miners has been sitting in Calgary, and prospects for an amicable settlement of all questions is excellent. Cayuga, March 5.—Everything is in eadiness for the preliminary hearing on Wednesday of Mrs. Mattie Perkins, on Wednesday of Mrs. Mattie Perkins, the Cayuga woman under arrest on a charge of poisoning her husband Henry. Three Hamilton witnesses have been summoned, Drs. Edgar and Bauer, and C. D. Blachford. Other witnesses from Canfield, Welland, Cayuga and the surrounding country will testify, and the hearing will likely to the corned day. Perjurer Gets Five Years.

E. F. B. Johnston, K.C., of Toronto, will defend the woman, and application will probably be made for a change of venue to either Toronto or Hamilton, the claim being that the feeling against the woma nin Cayuga is too strong to result in a fair and impartial trial.

Don't underestimate your own powers of judgment. You are a grown man or woman and you must have some idea of which is the best course to follow.
