"SIX MONTHS AGO"

"It's hard to realize that six month ago I couldn't walk across the floor and now I am so well!"

"I have never been very strong but the heat last snumer was too much for me. This and the fact that my husband was out of work and I had to work day and night to keep from starving, left me a physical wreck. Luckily my husband was able to get a good job just when I had to go to bed. I tried everything I could think of to get strong, but each day I seemed to be getting weaker and weaker. I was reduced to a skeleton, I couldn't eat or sleep, I had no strength left and finally I was so weak that in trying to cross the floor one day I collapsed. I was so ill and weak that I didn't care whether I lived or died. And then I heard about that marvellous preparation—Earnoll A friend of mine had used it with wonderful results and as it had done so much for her, I decided to try it. The results were nothing less than miraculous. In two weeks I was able to get up and walk about the house. My appetite had returned. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already taken six bottles of Carnol and I am still taking it. I weigh more today than I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my checks as rosy as girl's. I bless the day I heard about Carnol." Mrs. K., Toronto. Carnol is sold by your druggist and if you can conscientiously say, after you Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money.
