OF INTEREST

At this season of the year, when all the blowing element in every little shop is brought to bear upon an unsuspecting public, to induce them to patronize their particular establishment, it is well that purchasers should be guarded and quietly look around and examine for

The subscriber would herewith respectfully inform everyone throughout this section of the county and elsewhere, that he has now in store, the largest stock of

This is positively no exaggeration. These goods were bought in the best and cheapest markets of the United States and Canada, and will be sold on the

Smallest scale of Profit

ever adopted by any responsible house. Having bought the same under the most favorable circumstances, we have therefore the utmost confidence in solicting examination and comparison of Qualities, Styles and Price, feeling sure that the wants of everybody can be supplied better and cheaper at our Establishment than any other place in this Province

Wealth! Economy

We desire informing our patrons and the trade generally that we have entirely discarded the "cheaper grade of Goods," and our stock will be found to be of the most thoroughly reliable character. We have carefully observed and noted the defects of last season and have prepared for an

We defy the Old Ring and dare them to do their worst. We have the people with us and They have Come to Stay.

We want to do business in the squarest possible manner and want to hold our trade.

We have the largest and best equipped BOOT & SHOE FACTORY, in Fredericton, and point, with pride to the same. Although but recently established "PHELAN'S HAND MADE BOOTS" have already become known as the best made and cheapest in this Province, or

We are making a class of Boots for Farmers and Lumberers that for honesty of manufacture, quality of materials, shape and fit cannot be surpassed, while for price, no ore can compete with us. We buy our leather strictly for CASH, and save in every particular where money can be saved, "and there's where the hen scratches." A small percentage pays us better than the large and old times profits, anged you then and now by dealars generally. Therefore we say;

of the Manufacturer and save the profit you have to give the Dealer.

WE AIM TO BUILD UP a large JOBBING BUSINESS in connection with our retail department and make Fredericton a market for the retail dealer, than which no better or cheaper can be we aim to build up an immense retail business, by

tet. Integrity of dealing, or one price. Of course to do this we must increase of selly or we could not hold our trade, but we always were willing to sell cheap. This is the complaint other houses make against us. They say we have "ruined the business" "there's no more money in it," "selling at such prices cannot last," &c., &c.. However we may have ruined the business for others, we feel well attained with the course we have pursued, and simply ask you to encourage us by giving us your hearty support, promising in return stratection generally and a large saving of money. You all remember the prices you were compelled to pay before we came among you and how through our "coercion" the same have been cut down.

2. Giving satisfaction or refunding the money. This suits us, because it is fair and honorable, and we are willing to take any pains to reach the highest mark of mercantile dealing. We prefer to have our goods back promptly and hand back the money to those who are not fully attained.

Every detail of the business has been studied out, and when the people examine the present working of our establishment—and the stock—so Large, Rich and Varied, see the System, Prices and Improvements, we believe that our Fall Sales will treble our last season's immense business.

WE ARE READY FOR IT.

TTOM PRICES! In conclusion we submit the following propositions:-1st. Whether whole car loads of goods bought principally for Casit, are not likely to be bought at lower rates than a wheelbarrow load of goods bought on credit?

2nd. Whether people always want to pay double and treble prices for Boots and Shoes because they have suffered patiently for years under high charges?

3rd. Whether goods sold for CASH Dows cannot be sold a great deal cheaper than under the prevailing system of long credits, with incidental losses, interest and collectors' fees?

The attention of the Ratepayers for the Gounts of Fork is perticularly called the sections 33 and 40 of the Advisory of 1877, pages 27 and 28.

The attention of the Ratepayers for the country and the section of goods and Bed Rock Bottom Paters.

Ath. Whether open markets the world over and Cash Down will not secure the very first qualities, choicest selection of goods and Bed Rock Bottom Paters.

The test to all we have herein set forth shall be public opinion. We court its verdict, and will stand boldly by its decision. We are satisfied that clangor and clamor, misrepresentation and vituperation will never be mistaken for the true metal.

We now swing clear of all "Combinations," "Rings," or "Customs, and burn the bridge behind us, and with our entire business reconstructed, we open for the

Fall and Winter Campaign, and anticipate that marvellous and unprecedented increase of iness for which we are so well prepared.
