Lynch's mills at South Nelson, shut down on Thursday, after a very successful season's operation.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Baden, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee Imitation ever produced. Not a grain of real Coffee is in it. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for Coffee. For sale by THOS. J. DURICK.

The Turkey supper held in the Town Hall on Wednesday night under the auspices of St. Andrew's Guild, was a grand success. Too much praise can't be given to the ladies who had charge of the affair, for the way in which everything was carried out.

CLARK'S LUNCH TONIC
is the best—We only ask you to taste it; it will do the rest.

In Montreal on Thursday, Joseph Oulette won in a contest of strength witnessed by 100,000 people. He carried a 200-pound bag of salt on his shoulders over a given course for three hours and fifty-five minutes, ceasing only then because of there being no competitor left of the 120 who had started with him.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing, mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or oppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. For sale by THOS. J. DURICK.

The Chatham, N. B. Schooner, Beaver, bound for New York with cargo of laths, arrived at Vineyard Haven, Mass., on Thursday, partly full of water, and with pumps constantly working. The Beaver encountered a heavy northwest gale near Pollock Rip last Wednesday and was compelled to anchor. After being anchored two hours, her starboard chain parted and the vessel was got under way to proceed over Nantucket Shoal; but when near Stonehorse Shoal she mistayed and went ashore. She pounded heavily, but after remaining ashore about thirty minutes, worked over the shoal and floated, leaking, and proceeded for Vineyard Haven.

Thibideau, who was a companion of Higgins, the St. John boy murderer, now serving a life sentence in penitentiary at Dorchester, in the latter's daring attempt to escape some months ago, was recently forestalled in another effort to gain freedom. On searching Thibideau a few days ago, the guards in the prison found on him, a skeleton key, which would unlock any door in his gallery. Thibideau, who is serving a seventeen year term for theft was given a year extra at the time he and Higgins made their daring attempts to escape through the third story window of the penitentiary, as the result of this latest effort is now wearing an iron hood.

The bridging of the Restigouche river by a passenger structure, to enable the people of both provinces, at this point, to communicate by team, was fully considered at Matapedia Thursday, by a strong committee in which Quebec's and New Brunswick's interests were fully represented. Among those present were James Reid, M. P., Charles Marcell, M. P.; Hon. C. H. LaBilloy, John Hall Kelly, M. P., P. Engineers Wetmore, Amiot and Vallee, Councillors Arseneau, McBeath and Taylor, Mayor Stes and others. Three sites were examined and the three engineers will make a report to Hon. Wm. Pugsley, minister of public works. The impression is that the original idea of building the passenger bridge over the I. C. is more will be recommended.

The engagement is announced of Miss Florence, daughter of W. T. Whitehead, M. P., P. Fredericton, to Mr. Frank Shute, of the Royal Bank, at present stationed in Havana.

An alarm of fire was rung in on Thursday afternoon, about 2 o'clock, for a slight blaze in Shaw's Drug store. The blaze was supposed to originate from the sun shining on a red bulb and igniting the paper decorations in the window. There was no damage done.

BILOUSNESS AND CONSTIPATION.
For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been to-day had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Purvis, Birmingham, Ala. These tablets are for sale by all druggists.

By a score of 3 to 0, the university foot-ball team defeated Mt. Allison at Fredericton Thursday afternoon in the first match for the King-Richardson trophy. It was a great victory and the university students are deservedly proud of the success. At the conclusion of the match they paraded the streets singing college songs and whooping it up in great style.

Signed by between eight hundred and a thousand residents of Albert county, the petition asking that the death sentence on Thos. F. Collins be commuted to life imprisonment, was recently forwarded to Secretary of State at Ottawa, in jail at Hopewell Cape, Collins with only a few days to live, if the sentence is not commuted, remains hopeful without apparently realizing his nearness to death. He has on several occasions had conferences with Rev. Mr. Winden, Baptist pastor at Hopewell Cape, and Rev. B. H. Thomas, Maritime prison chaplain at Dorchester, has also visited him on two occasions.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn heavy growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those made like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse for longer with out help. We sell, and in confidence recommend

**Dr. Shoop's
Rheumatic Remedy**
Lax-ets 5 C Sweet to Eat
A Candy Based Laxative.
THOS. J. DURICK

**MANY WILL BE
HELPED BY IT.**

To relieve the worst forms of Rheumatism take a teaspoonful of the following mixture after each meal and at bedtime:
Fluid Extract Dandelion, one-half ounce; Compound Kargos, one ounce; Compound Syrup Sarsaparilla, three ounces.
These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Put this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here say they will either supply these ingredients or make the mixture ready to take, if any of our readers so prefer.

H. Holmer, the winner of the Halifax Evening Mail's ten mile road race ran the course on Thanksgiving day in 59 minutes and 25 secs. L. C. Lennerton finished in 1 hour 1 minute 25 secs; and Gordon Wolfe in 1.01.32. All three are of Dartmouth. There were 62 competitors all but 12 of whom finished the race.

WEDDED AND PARTED.

Boston, Nov. 4.—That fear of exposure of the dual life he was leading caused the suicide of Dr. Albert Cushman Day, the young staff physician of the City Hospital, who shot himself through the heart in the woods at West Roxbury Friday, two days after his clandestine marriage to Miss Estelle Maud Callahan, a nurse at the Relief Hospital, was made certain by the discovery that there was a former wife of the young doctor who was about to bring proceedings against him, following the announcement of his recent wedding.

It was learned today that Dr. Day was married on March 16, 1904, at Brocton by a justice of the peace, Assistant City Clerk Packard, to Miss Martina Thompson, aged sixteen, a daughter of William A. Thompson, the Thompson family then living in West Roxbury, where Dr. Day made his home. The marriage was kept secret, as Dr. Day stated he wished to complete his medical course of study and hospital work before having his marriage made known to his family.

Mrs. Day and her three-year-old daughter Olive, have been living in Brocton, while the young lady's father, who is connected with a Boston business firm, lives at Norfolk Downs. In addition to this earlier marriage Dr. Day later became engaged to marry Miss Helen Morse, daughter of Mr. and Mrs. Frank C. Morse, of Haverhill, but Miss Morse recently broke off the alliance after an interview in which the young doctor told her he had planned to marry another girl.

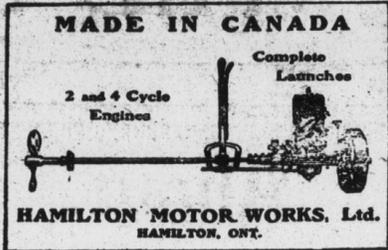

ANOTHER LYNCHING.

MEMPHIS, Tenn., Nov. 5.—A despatch from Helen, Miss., says: The body of Charles German, a negro, who, it is charged, criminally assaulted the young daughter of a white farmer was found hanging to a tree about five miles from here, his body riddled with bullets.

**TOO POOR
TO BE CONFIRMED.**

An extraordinary story of caste prejudice and narrowness is reported at Berlin, Germany. The other day there was a confirmation service at the old garrison church which is largely attended by the aristocratic or so-called "Junker" classes, and the candidates for confirmation were twelve lads who could write "Von" before their names, and one other boy, who was only "buergelich," the son of a doorkeeper in the Ministry of Justice, named Ableit. There was a crowded congregation, and the pastor filled his address with reflections on the duty of the higher classes, and how they were best to exercise their privileges. For the thirteenth candidate there was never a word. Two by two the aristocratic candidates knelt before the altar and received the pastor's blessing. Young Ableit was ignored and remained unblesed, and left the church unconfirmed. After the service, when Ableit's father asked the pastor for an explanation, he was informed that his action was in consequence of orders from "high authority." Little Ableit rushed home in tears, asked the servant for three marks and disappeared. He has not been heard of since.

He thinks of the supper last evening.
He bought her after the play,
And sighs with regret. He can't forget
It means free lunch to-day.

Stanfield's Underwear

A Talk by the Maker to the Wearer

(Chapter 2)

In its natural state, wool consists of long, curly, silky fibres, dotted with tiny prongs or branches. These prongs, when wet, interlock with the long strands and pull together, to protect the sheep from rain and dampness. When wool is woven, the same thing would happen, were it not for the Stanfield process, which makes the prongs on each strand of wool lie down until the knitting is finished. Stanfield's Unshrinkable Underwear is made absolutely unshrinkable by this special process, invented and perfected by the Stanfields. It is the only method of treating wool, which renders it unshrinkable and uninjured.

One way of getting rid of the prongs, is to burn them off by plunging the wool into a tank containing lime. As the prongs are a part of the wool, naturally the lime will "eat" the wool as well as the prongs. This is why some imported, and some Canadian-made "Unshrinkable" Underwear won't wear. It has been treated with lime in the effort to make it unshrinkable.

The illustrations above, show wool under the microscope both before and after going through the Stanfield process. They show that all the prongs that make it shrink are made harmless, BEFORE the Underwear is woven. And as there is no "shrink" in the wool, there can be no "shrink" in the Underwear. Every garment, bearing the Stanfield label, is sold with our standard guarantee of "Money Back If It Shrinks."

All sizes from 22 to 70 chest measure. The label tells the weight—RED label for light—BLUE label for medium—BLACK label for heavy weight.

STANFIELDS LIMITED - TRURO, N.S.

GREATEST OF TONICS

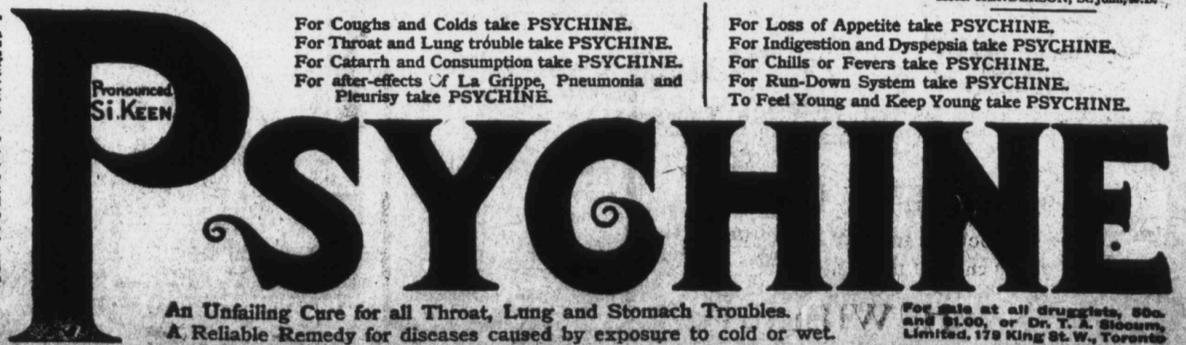

Those who use it get well.
A certain cure for all run down conditions and wasting diseases.
Highly recommended for Insomnia.

THE PROOF.

The following is a sample of thousands of testimonials of the wonderful merits of PSYCHINE in the most difficult cases. Boston, Mass. I was suffering from nervous prostration and was unable to do any work. I had been in bed for several months. I had tried every remedy known to me, but nothing had done me any good. I had heard of PSYCHINE and I bought a bottle. I took it as directed and in a few days I was able to get up. I took it for a few more days and I was able to do my work. I am now well and I am very grateful to you for the discovery of PSYCHINE. Rev. C. E. BURKELL, Baptist Minister, Forest, Ont.

For Coughs and Colds take PSYCHINE.
For Throat and Lung trouble take PSYCHINE.
For Catarrh and Consumption take PSYCHINE.
For after-effects of La Grippe, Pneumonia and Pleurisy take PSYCHINE.

For Loss of Appetite take PSYCHINE.
For Indigestion and Dyspepsia take PSYCHINE.
For Chills or Fevers take PSYCHINE.
For Run-Down System take PSYCHINE.
To Feel Young and Keep Young take PSYCHINE.

PSYCHINE

An Unfailing Cure for all Throat, Lung and Stomach Troubles.
A Reliable Remedy for diseases caused by exposure to cold or wet.

Used PSYCHINE 20 YEARS AGO.
"Years ago I was almost a physical wreck, and was suffering with lung trouble. Friends and neighbors thought I would never get better. I began to despair myself. Losing faith in my physician, I procured another one who recommended the use of PSYCHINE. It was surprising beyond description the effect it had. I seemed to gain with every dose. Inside of two weeks I was able to attend to my housework again. There are no symptoms of consumption about me now."
"MRS. HENDERSON, St. John, N.B."

For sale at all druggists, 50c. and \$1.00, or Dr. T. A. Stoughton, Limited, 179 King St. W., Toronto.
