SPENT NIGHT ON ESTIMATES.

Fire and Water Committee Had Long Session

Which Was Broken Up by a Fire Alarm.

All Departments Want Greatly Increased Appropriations.

The new Fire and Water Committee last night had a three-hour struggle with siness before it, and the aldermen were still in session, going over the fire department estimates, at 11 o'clock, when an alarm sounded, and Chief Ten Eyck had to rush away. This broke up

the meeting. The first hour was spent discussing the problem of water for township resi-

the problem of water for township residents, a matter to which last year's committee devoted many an hour. It would not be surprising if the outcome of the latest agitation is the annexation to the city of another large slice of Barton, east of Sherman avenue.

A large deputation appeared, with a largely signed petition, asking for the annexation to the city of that part bounded by Barton, Henry and Kingstreets and Sherman avenue. The residents are hard up for water. Some of them have had to boil snow, there is such a scarcity of aqua pura down there. The property owners on Beachwood and Rosemount avenues are particularly anxious to get a supply. Out of 96 property ious to get a supply. Out of 96 property owners 57 signed the petition, and it was stated that the petition was only begun. The deputation was referred to the Finance Committee.

The aldermen were anxious to do some The aldermen were anxious to do something, but refused to override the City Solicitor's opinion. Mr. Waddell said he had been informed that petitions were now being circulated for the annexation of the entire district, east of Sherman avenue, to Ottawa street, and, perhaps, Kenilworth, east of there. The aldermen admitted that there was very little prospect of the city taking in the district in small slices, and agreed that they could do nothing in the way of a water could do nothing in the way of a water supply until the new pumps are installed. The chairman, Ald. Gardner and Lees were appointed a committee to report. THE SANDSUCKER.

An echo of the stormy days when the celebrated sandsucker made its first appearance in Hamilton harbor was heard when Secretary James announced that M. Brennen & Sons had sent the city a bill for \$24.81 for lumber used by Captain Hemphill, at one time commodore of the gallant sandsucker. T lumber was piled under the old city shed.
A letter to the Brennen Company from
Mr. Hemphill stated tht he had used the
lumber, under the impression that it

was city property. Chairman Clark said he knew nothing cnairman Clark said he knew nothing of the matter. No one had any knowledge of the company ever having secured permission to store lumber there. The matter was referred back for further information.

The old sucker will have a chance to deliver the goods" this spring. Those ho still pin their faith to it hold that thas never been given a chance to show that it can do. The committee decided o advertise for a first class man.

Ald. Milne asked for a statement of he cost of the sucker to date, and it will be furnished at the next meeting.

Some outside companies, desiring to tender on brass work, required by the waterworks department, asked that the city send away samples. Annual Social and Business Meeting Last Night.

James Street Baptist Church closed the sixty-fifth year of its existence with balance on the right side. Although the balance was only 92c, the record of the work for the past year made a most creditable showing. Rev. S. C. Sycamore was in the chair, and H. S. The report of the roll clerk was read by Mr. Moore. The membership at the beginning of last year was 653; added by baptism 32, by letter 35, by experience 4, by restoration 1. For different reasons 38 left, and 9 died. Total admissions were 72 and withdrawals 38, making an increased membership of 34, bringing the roll up to 687. An average attendance of 234 at communions was reported, being an increase of 4 per month during the year.

J. R. Watson presented the mortgage reduction fund statement, showing \$1.529.93 collected for this fund from different sources, and \$1,000 paid off the mortgage, reducing it to \$9,000. The balance will be added to this year and it is expected that another \$1,000 will be applied to the reduction of the mortgage this year.
