tions were read by the clerk. The first was from the Fourth Field Battery, for a grant of 25 cents per horse per day for the twelve days they are in camp at Niagara. There are 64 horse necessary and the amount would be \$192. The second communication was a request from the Hamilton and Wentworth Poultry Association for a grant towards the annual show next fall.

Councillor Binkley asked for advice on the erection of poles by the Hydro-Electric Power Company. He anticipated that possibly the company would put poles in an objectionable place. He also asked if the company could proceed to erect poles without the consent of the municipality and wished to know where to lay a complaint in case trouble should arise.

The Warden suggested that such a complaint should go to the Ontario Government, and that it is necessary for the company to get the consent of the municipality before creeting poles.

The Council agreed to call their solicitor, who said that the Hydro-Electric Power had no authority to place poles

Power had no authority to place poles on the highway or private property without first notifying the municipality or owners. If they put the poles on private property they could be arrested for trespass, and if they were putting poles on the public road he advised that the constables be sent out to put a stop to it.

Mr. Lawson asked if it was the intention of the Council to take up the question of equalization of the assessment of the townships this year.

Mr. Binkley was for going into the question at once, but others thought it not advisable, on account of the movement which is on foot for the annexation of a large part of the township of Barton by the city. The most valuable part will be annexed, and it might be advisable to drop the question this year. However, the Council decided to bring the matter up again on Wednesday at 10 o'clock.

10 o'clock.

About this time Mr. C. Ogg came into the Council with a complaint that the people were dumping refuse and flith in front of his property, which he did not propose to submit to. It was not only once that this nuisance was being unloaded there, and the offenders worked by night. He requested the Council to take some action to prevent ti. Mr. Hills suggested that the Superintendent and Commissioners of the road deal with the question, but it was thought to be more a question for the Health Inspector than for a Coully Council.

The Warden said it was necessary to lay the complaint in writing, when it would be dealt with. The Board of Health, he said, should be notified if the conditions of such were as Mr. Ogg represented them. He thought it a question that the County Council should deal with if the stuff was dumped on the county road. It was finally decided that the question be left to the Road Superintendent and Commissioners to be dealt with.

A-by-law was introduced by Mr. Vance, of Waterdown, that the Council grant \$300 for the purpose of uniting the Plamboro road with the Waterdown road. There were some who thought the benefit of this undertaking would be for those only in the immediate vicinity of Waterdown, but the others thought that what was for the benefit of the county roads in one place would be a benefit to the county generally. The by-law was amended and the amount of the grant made \$200.

made \$200.

The last question discussed was the remodelling of the registry office or the erection of a new one. The remodelling of the present one would cost about \$40. 000, whereas a new one would cost about \$50,000. If the old one was to be re-500,000. If the old one was to be remodelled a new storey would have to be added to it in order to get accommodation, the intention being to have an office for a population of 150,000, instead of 80,000.

The question was laid over, to be dis evssed at a meeting of the Joint Committee of the city and county. PROPERTY COMMITTEE MET.

The City and County Property Committee met yesterday afternoon at colock to consider the question of the registry office. The result was that a recommendation was adopted, to be sent to the Joint Court House Committee, in favor of a new office rather than remodelling the old. It was estimated that a new office would cost \$36,334, built of new office would cost source, brick, which would exceed the amount required to remodel the old one by was, 1000. The capacity of the new building, it was agreed, should be made adequatafor the next thirty-five years. If a new building is erected, it will be situated on the southeast-corner of the Court House. If the present one is remodelled it will be extended on the north and east sides, and another storey added.

AUDINIC, SESSION

MORNING SESSION.

At the regular sessions of the Council this morning at 10 o'clock Councillor Frank Hills asked if it was legal for the joint committee to spend 30 per cent. of \$40,000 or \$30,000 without reference to the people, the 30 per cent. being the county's portion for the maintenance of the registry office.

The Warden replied that the committee had no authority to do so without submitting the question to the people. The report of the joint committee must come before this Council for consideration.

The Council decided to go into Com-mittee of the Whole on Wednesday af-ternoon at 2 o'clock to discuss this re-

council then went into Committee of the Whole to discuss the endorsement of the resolution of the Good Roads Association to increase the Government grant from one-third to one-half, and that the Warden and Chairman of the Roads and Bridges Committee and Road Superintendent be a deputation to go to Tomoto and support the movement.

The resolution was passed in Council and Council adjourned at 11.30.

BISHOP MILLS

Thinks Church Union is in the Far Distant Future.

(Special Despatch to the Times.) Kingston, Ont., June 8.—Bishop Mills of Ontario, in his pastoral address to of Ontario, in his pastoral address to the local synod this afternoon, referred to church union. He referred to the re-quirement of the joint committee of the Presbyterians, Methodists and Congrega-tionalists that the general synod con-sent to the abandonment of the historic episcopacy as a preliminary to the ne-gotiation.

"So you can judge" he continued.

think that union will ever take place before the second coming of Christ, when
all things will be made new, and men
shall become of one mind. Bishop Mills
does not believe that the world is getting better, and in support of his posi-tion refers among other things to the divorce scandals and "the prevalence of the demoralizing crime of infanticide."

Wright, found in the home of the woman, was also stripped, beaten, and thrown into the same stream. To-day Wright and the woman appeared before Justice of the Peace McKean at California, Pa., of the Peace McKean at California, Pa, and made information against J. F. Charles and Clifford Wright, brothers of the male victim, and Playford Wright, a cousin. The charge is aggravated as-sault and battery and malicious mis-

chief.

It is said that the woman has been warned to leave the neighborhood a number of times, and when she refused the drastic action of yesterday resulted. At midnight five persons had been arrested in connection with the tarring and feathering of the Ridge woman and the beating of Wright. All were held in \$400 bail for a hearing before Justice McKean.

Dr. Sedgewick—We should spend days, yea, weeks, on such a question. The address of Dr. Patrick and his resolutions do not adhere. He begins to speak as if everything is lovely, just as if tought to be. He passes over weak spots, as if there was nothing definite. Then it does not ask the assembly to approve of it, which looks as if the committee were afraid. To read the department makes one think of going through "Alice in Wonderland." Think of Principal Patrick under the stationing committe. I am afraid that he would rule it. Well might we say, "O foolish Galatians, who hath bewitched you?" The doctrine is objectionable. We are told that it is the substance of the Christian faith, but he does not tell us what that substance is. Principal Patrick then went carefully over the ground. One retort was: "I am quite willing to go under a stationing committee (if I had my choice." I would prewilling to go under a stationing committee, for, if I had my choice, I would prefer it to some of our vacancy committees. The vote being taken, the amendment was defeated by 154 to 53. The motion carried by 160 to 42.
