

CARTER'S LITTLE LIVER PILLS.
CURE

SICK HEADACHE
Sick Headache is the trouble incident to a weak liver. It is caused by indigestion, constipation, and the accumulation of bile in the system, such as is the case in biliousness. After eating a few of these pills, the bile is expelled, and the headache is cured.

BILIOUSNESS
Headache, dizziness, and a sick feeling are the result of a weak liver. These pills are a powerful cathartic, and they cure biliousness, indigestion, and constipation. They are the only pills that will cure these troubles.

ACNE
In the hair, on the face, and on the neck, where we are most liable to get it, the eruption is caused by a weak liver. These pills are a powerful cathartic, and they cure acne, pimples, and other eruptions of the skin.

MR. ROBINSON'S POWERFUL SPEECH

(Continued from page 2.)

...and to assist in the development of the province. For in these days, Mr. Hazen and his friends made much of the fact that the debt had been increased. They even included the same item in their accounts and included in the Valley railroad. They said the debt was \$1,000,000 and that the increase was \$1,000,000. They said that they were not their money over and over and over again. They said that they were not their money over and over and over again. They said that they were not their money over and over and over again.

for work done in 1908, and the forest, fish and game protection estimated at least \$50,000.

The real expenditure was \$1,429,125. Thus the deficit was the vast amount of \$169,325.

The Central investigation report came in a year ago. One would suppose that all the expenditures and been paid long ago, but an item of \$2,345 is to be carried over to 1910. The only reason for carrying over the item must be to try and show a surplus.

When the house met last year, they found \$14,000 of road money already expended. All that the people received on the roads in the summer was \$17,000. The dominion elections had been held and a good deal of money was spent on the roads in the fall. What would have been left if there had been more elections last year?

When the old highway act came into force, the government had no county money, so for one year the government had to take the sole care of the highways. When Mr. Hazen came in to power he found the municipalities had \$60,000 of road money and the government had the benefit. When the new act came there was \$76,000 in the hands of the municipalities, as the result of the old act, and this money was applied to the roads instead of provincial money. Of the small amount spent much went to St. John county for the benefit of the government in the bye-election, but the desired effect was not accomplished and the government candidate was defeated.

When appealing for votes the ministers said they would know neither Liberal or Conservative. He failed to find anywhere that they now thought a Liberal good enough. On the agricultural commission, to teach Dr. Landry how to farm, there was no Liberals. There were no Liberals on the Central Railway Commission and no Liberal lawyers were employed in connection with it nor the Kay administration. There was no Liberal when they wanted a commissioner in the case of Registrar Rogers of Albert, a respected citizen whose job a hungry Tory wanted. This government obtained office through Liberal support and now forgets its debt to these electors.

Mr. Hazen's old policy was to divide the country into electoral districts and reduce the membership of the house. He has forgotten that policy but the gerrymandered Westmorland and legislated voters out of St. John county. He should have thought of something higher than mere party advantage. The Sunbury members represent some 6,000 the Westmorland members some 40,000 or 50,000, or each one more than the total number in Sunbury, Gloucester larger than Charlotte, has but three members to the latter's four. Is this fair?

In opposition the ministers advocated the abolition of the solicitor generalship. Now they have increased the salaries for the executive. They advocated redistribution; they have brought the gerrymander. They promised to give the highways to the control of the municipalities, instead they themselves appoint the officers.

They promised to reduce taxation, they have increased the road taxes. Instead of reducing probate fees, they profit by the fees for current revenue. Instead of extending the tender system they have contracted it. Instead of knowing no party they discriminate against the Liberals.

They promised no over-expenditures and over-expenditures are the rule. They promised to increase teachers salaries and have done nothing. Instead of appointing a farmer as commissioner of agriculture, they chose a medical doctor for whose great expense to the province. Instead of economy retrenchment, they have brought about large increases in ordinary expenditure. Instead of reducing the debt they are increasing it more rapidly than ever.
