

Week's War News

Duncan Munroe, (formerly of the 17th and 12th battalions), of Truro, N. S., is reported killed in action.

Naples, July 22—Two thousand Italian volunteers from the United States were landed here today and received a great ovation. Headed by bands, they marched in procession through the principal streets, carrying the American and Italian flags.

Constantinople, (via London), July 22—There has been no change in the situation on the Gallipoli front in the past week. Both the Allies and the Turks have confined their efforts to desultory small arms fighting and sapping operations. The weather has been excessively warm.

Petrograd, July 22—The Germans are suffering men in their attempt to take Warsaw on a scale only comparable to the Gallipoli campaign. Von Hindenburg in particular has given whole battalions to certain slaughter against the Russian strongholds north of Warsaw, according to official despatches. The Russian losses thus far have been comparatively light.

Petrograd, July 23—The great battle for Warsaw has reached its decisive stages. South of the Vistula the Russians have withdrawn to their strongly fortified outer defenses extending from Novo Georgievsk to Ivanorod, and are checking the Austro-German advance. North of the river the right arm of the Russian army is holding Von Hindenburg at the Narow river and inflicting severe losses by sudden jabs against the German line.

Amherst News: It is understood that the officers and men of one of the companies now at the detention camp in Amherst, have applied to headquarters to be relieved from their work here and to be sent forward to the front. They are asking, in other words, a chance from home service to active service, abroad. The report is that the captain of the company intimated his desire to go on active service and his men at once filed a request that he ask the military authorities to allow them to accompany him.

ITALY'S KING FACES DANGER WITH HIS MEN
Watching Italian Soldier Cut Wire Entanglement, Refused to Retire to Safety when Group Became Target for Austrians.

Udine, Italy, via Paris, July 19—King Victor Emmanuel recently stood his ground while he and a group of officers were the target of Austrian gunners, refusing to retire to a place of safety because he was interested in watching a young Italian soldier who was trying to cut the wire entanglements in front of the Austrian trenches.

The King marked the progress of the wire cutter attentively from the time the latter left the Italian lines. The ruler and the officers about him attracted the attention of the Austrians, who began to shell them. The King was advised to retire from the spot, but declined.

For a short time the Austrians did not see the wire cutter, but when they did discover him they made him the centre of a terrific fire.

The soldier, however, redoubled his efforts and accomplished his work, returning to his own lines uninjured amid the cheers of his comrades. The King wished to congratulate the daring youth, and the soldier was brought before him. When asked his name the young man gave it, adding that he was a leader of the republican movement in Romagna, which tried to overthrow the Monarchy in June 1914. Now, he declared, he was determined to shed his last drop of blood for his King, the first soldier of the land.

Cardiff, July 22—Work was resumed all over the South Wales coal fields today, with practically all the 200,000 miners who went on strike back in the pits. No demonstrations attended the reopening of the mines.

Berlin, (via Amsterdam), July 22—North of Warsaw the Russian resistance has become more stubborn along the Narow, where the Germans have encountered strong defensive positions, that may check the advance.

Paris, July 22—Furious fighting in Alsace, in which French Chasseurs drove large bodies of Germans down the slopes of the mountain peak known as "Little Reichackerkopf," was reported in official despatches to the War Office today.

Athens, July 23—Under cover of fire from the Allied warships, the Anglo-French forces have driven the Turks from several armored trenches near the slopes of Archi Baba. Mitylene despatches today said the Turks suffered heavy losses.

A young lad six years old, named Eldon McKinley, of Marysville, had his leg broken at the thigh on Thursday afternoon, by a barrel of flour falling off a delivery wagon. He with other lads, was running after the team.

Rome, July 23—In the face of a murderous fire, a small Italian detachment forced a crossing of the Isonzo three miles above Goritz last night, and dug themselves in at the western base of Monte Santo. Latest despatches today said they were maintaining their position despite heavy attacks on all sides and were blocking the transport of munitions to the Austrians fighting around Piava.

Berlin, July 23—The American bark Dunsyre, from New York for Stockholm, has been seized by the Germans and taken into Swinemunde. The only Dunsyre mentioned in available shipping records is a three-masted clipper owned by the Victoria Shipping Company, Limited, of Victoria, B. C. This vessel sailed from San Francisco April 17 for Kalba, where she arrived May 5, and sailed for Helsingborg, Sweden, arriving July 11.

Sweden may yet enter the war.

Speech of Premier at Peace Congress:
Indicates Probability of Joining in Struggle

London, July 19—The Daily Telegraph's correspondent at Copenhagen says: "That it is not impossible that Sweden will enter the war was indicated by a speech of the Swedish Premier, Dr. Hammarskjöld, in replying to a deputation representing the peace congress recently held in Varberg. The Premier said: "The Swedish government sincerely hopes to remain neutral, but it does not necessarily follow that peace can be maintained. It is as dangerous to believe Sweden favors war as to believe that she favors peace at any price."

Campbellton Boys Trim Bathurst Team

The Morell Bros. as Battery Won Splendid Game for Northern Town Team

The following is an account of a ball game played in Campbellton on Friday, the 16th inst., between Campbellton and Bathurst, in which Herb and Horace Morell, of this town, but now residing in Campbellton, as Campbellton's battery, won a splendid game for their town. "The game was fast and interesting, despite the fact that the diamond was not in the best of condition. Horace Morell pitched the ball for the locals and allowed the visitors only three hits. The Bathurst boys played good ball, but were unable to connect with Morell's "back-breakers," and marvellous twists, hence no scores for Bathurst. Ulrich for the visitors tried hard to prove his right to fame, but the team behind him were off form.

It is expected that this game will mark the opening of the season in Campbellton, and probably several games will be staged between local teams.

The Line up Campbellton

McIntyre	3 B.
A. H. Morell	C.
McLean	1 B.
F. Roy	2 B.
C. Roy	L. F.
Love	C. F.
Gerard	R. F.
Wetmore	S. S.
W. H. Morell	P.

Bathurst

Matthews	2 B.
McInerney	1 B.
Godfrey	3 B.
Andrews	S. S.
Douell	C. F.
DeGrace	P.
Ulrich	L. F.
Utz	R. F.
Melanson	R. F.

Summary

Score	1	2	3	4	5	Total
Campbellton	3	0	0	0	1	4
Bathurst	0	0	0	0	0	0

Struck out by Morell 9, by Ulrich 5. Bases on balls, Morell 2, Ulrich 1, R. J. Lavoie.

A letter received from Herb Morell is to the effect that the Campbellton boys are very desirous of playing a game with the Newcastle boys some Wednesday afternoon, but so far have been unable to arrange a game. Of course our local team is at a great disadvantage in the way of being able to put up the real class stuff they were able to do a couple of seasons ago, due to the fact that a number of the best players are now playing a more important game with their German contestants across the way. However, we believe there is enough of the good quality left to give the northern town boys a run for first, and a game some Wednesday afternoon would be a good drawing card, and would be another opportunity for the Red Cross to make a few dollars. We trust the late defeat at the hands of Chatham will not discourage the home team so much so as to prevent a game with Campbellton being arranged.

YOUNG MAN, BELIEVED TO BE INSANE, THREATENS TO KILL PARENTS

Flourishing a knife and threatening to kill his parents, brother and sisters, a young man who works in the I. C. R. shops and resides with his parents on Main street west, caused considerable excitement yesterday afternoon, greatly alarming members of his family and nearby residents. The police were notified and soon after appeared on the scene but the young man had disappeared. About nine o'clock last evening Sgt. Bellevue visited the house where the young man lives and placed him under arrest.

It is understood that he will be given a medical examination today as it is believed that he is insane. Moncton Times.

MARRIED
At St. James Church, Montreal, on Wednesday, Florence E. Ramsay, only daughter of Mrs. W. F. Copp, to Frederick E. T. Ives, of Montreal.

Popular Blackville Young Couple Wedded

Miss Myrtle D. Moorehouse and Mr. Victor N. Dunphy Joined in Wedlock

On Wednesday, July 21st, at seven o'clock in the evening, one of the prettiest weddings of the season took place at Upper Blackville, when Miss Myrtle D. Moorehouse, daughter of Mr. and Mrs. Chas. Moorehouse, was united in the holy bonds of matrimony to Mr. Victor N. Dunphy, at the home of her parents, in the presence of about forty friends and relatives, Rev. A. K. Dunlop performing the marriage ceremony.

While the wedding march was being played, the groom and officiating pastor walked into the guest room, where the groom took his place under a beautiful floral arch of evergreen vines, ferns and wild roses, with a floral bell-shaped nosegay of blush roses overhead. The father of the bride came next with the bride leaning on his arm, and presented her to the groom under the arch.

Pastor Dunlop then performed the marriage ceremony, and after the usual congratulations were extended to the happy couple, a most delicious wedding dinner was served.

The bride, who is one of the most popular young ladies of the community, was very prettily costumed in a marriage suit of white crepe de chene trimmed with lace and ribbons of white. She was the recipient of many beautiful presents of crystal, linen and silver sets of a very high quality, which testify to the esteem in which she is held by her large host of friends. The groom's present to the bride was a gold watch and chain, with her monogram engraved thereon.

At nine o'clock the newly married couple, followed by several carriages and most of the bridal party, went to the station where they took the ten o'clock express for Newcastle, enroute for Moncton, St. John and other towns in the province on their honeymoon trip. They were showered with rice and good wishes from their many friends. The bride's traveling dress was a unique suit of green Panama cloth, and black picture hat trimmed with ostrich plumes.

Among the guests who were present were Mr. and Mrs. Judson E. Moorehouse of Blackville; Mrs. James Sheppard and daughter Isabelle, of Massachusetts; and Mrs. P. Burns and daughters Miss Agnes and Gertrude, of Fredericton.

The Advocate joins with a large circle of friends in wishing Mr. and Mrs. Dunphy a long and happy married life.

Weak, Tired, Depressed

That is The Usual Condition of Persons Afflicted With Anaemia

Anaemia is the medical term for poor, watery blood. It may arise from a variety of causes, such as lack of exercise, hard study, improperly ventilated rooms or workshops, poor digestion, etc. The chief symptoms are extreme pallor of the face and gums, rapid breathing and palpitation of the heart after slight exertion, headaches, dizziness and a tendency to hysteria, swelling of the feet and limbs and a distaste for food. All these symptoms may not be present, but any of them indicate anaemia which should be promptly treated with Dr. Williams' Pink Pills. These Pills make new, rich blood which stimulates and strengthens every organ and every part of the body. Dr. Williams' Pink Pills have made thousands of anemic people bright, active and strong. The following is one of the many cures.

Mrs. Phillips, wife of Rev. W. E. Phillips, Princeton, Ont., says: "Some years ago, while living with my parents in England I fell a victim of anaemia. The usual complications set in and soon I became but a shadow of my former self. My mother, who had been a former nurse of many years experience, tried all that her knowledge suggested; tonics of various kinds were tried, and three doctors did their best for me, but without avail, and a continued gradual decline and death was looked for."

"Later my parents decided to join my brothers in Canada, and it was confidently expected that the ocean voyage, new climate and new conditions would cure me. For a time I did experience temporary benefit, but was soon as ill again as ever. I was literally bloodless, and the extreme pallor and generally hopeless appearance of my condition called forth many experiences of sympathy from friends whom we made in our new home in Acton, Ont. Later a friend urged me to try Dr. Williams' Pink Pills, and although in a condition where life seemed to have little to hope for I decided to do so. After using three boxes I began to mend. Continuing I began to enjoy my food, sleep almost normally, and began to have a fresh interest in life as I felt new blood once again running in my veins. Dr. Williams' Pink Pills brought about a complete cure and I am today in robust health. My husband is rector of this parish and I have recommended the

UNDER-HAND FIGHTING

University Writers' Criticisms of "Made-in-Canada" is Superficial

"Show me a man who puts up a 'Made-in-Canada' placard and I will show you a man who hopes to increase his own private and personal profit, at your expense or mine, out of the movement."

The above extract is taken from an article signed "S.L." and occupying an editorial or semi-editorial position, which appeared in the April issue of the "University Magazine," a review which is published in Montreal and circulated chiefly among university graduates.

Throughout Canada, at the present time, there are thousands of "Made-in-Canada" placards displayed in the most important manufacturing, wholesale and retail establishments. In the advertisements and on the products of our leading manufacturers, whose reputations are national, and in many cases, international, the words "Made-in-Canada" appear. It is quite true, of course, that these "Made-in-Canada" placards and advertisements are intended to promote the sale of Canadian goods and, consequently, to yield legitimate profits to those who make and sell the goods; but "S.L." sees great wickedness in this and seems to infer that Canadian goods should be sold at cost or, better still, at a loss. Are we to assume that "Made-in-Germany" or "Made-in-Austria" goods were formerly sold in Canada without any regard for "private and personal profit" to those who made them, or that goods made in other countries are now being sold in Canada for similar disinterested motives?

Admitting that manufacturers and dealers who advocate the "Made-in-Canada" policy hope to derive personal benefit from it, which no reasonable person thinks of denying, surely they can also be given credit for a broader interest in the success of the movement and for entertaining the belief that the adoption of the policy will be of great advantage to other classes as well as to themselves.

TENDERS FOR DREDGING
SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Dredging, Grand Lake, St. John River, N. B., will be received until 4.00 P. M., Tuesday, August 2, 1915, for dredging required at Grand Lake, St. John River, N. B.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the work.

The dredges and other plant which are intended to be employed on this work shall have been duly registered in Canada at the time of the filing of this tender with the Department, or shall have been built in Canada after the filing of the tender.

Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for five per cent. (5 p.c.) of the contract price, but no cheque to be for less than fifteen hundred dollars, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Department of Public Works,
Ottawa, July 19, 1915.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—82229. 31-2

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Bloating and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Use of the Pills to a great number of people with whom we have come into contact in the course of my husband's ministry, for we both know what Dr. Williams' Pink Pills can do."

These Pills may be had from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

HAVE YOU A—MODERN BATH ROOM IN YOUR HOME? IF NOT, WHY NOT? IN TOWN OR COUNTRY

We can equip your farm home and buildings with every city convenience, Heating Sewerage disposal System, Bath Room, Hot and Cold water at tap, pneumatic water system and efficient fire protection.

Something Original—that's the Cry of Every Buyer of Printing

If every print shop could or would work character into their product there wouldn't be such common place printing.

We'll be glad of an opportunity to prove to you that when your printing is placed with us, there will be character to it.

Our new type faces will do that alone, but there will be more than up-to-date type faces. There will be care taken in the arrangement of the type—good ink will be used—the proper paper for the work will be selected, and printed in the largest and most modern country printing office in the Maritime Provinces.
