

Free Paint

Paint half your job Devoe; paint the other half whatever you like.

If Devoe doesn't take less gallons and cost less money, no pay. The cost of putting it on is about two-thirds of the job.

If Devoe doesn't wear a year or two years or three years or four years longer—distinctly longer and better—we'll give you enough to do it again.

But we warn you how it will all turn-out. The best half of your job will cost you so much less than the other half, and wear so much better too, that you'll never divide it again.

You won't get your paint free, you'll get what is better. You'll know Devoe; You'll know strong paint, you'll know weak paint; and the question is settled.

But Dodd's Kidney Pills cured J. Baillargeon's Rheumatism.

Further proof that no case of Kidney Disease can stand before the old reliable Kidney Remedy.

HYMENEAL.

On Tuesday evening a very pretty wedding took place at the residence of the bride's mother, when Mr. Arthur Smith, engineer of the S. S. Portia, and Miss Minnie Foster, a very popular young lady of St. Joseph's Parish, Holytown, were united in the bonds of wedlock by Rev. Dr. Kitchen. The bride looked charming in her beautiful wedding costume, and was attended by Miss Kitty Smith, as maid of honour, with little Miss McGettigan, as flower girl. Mr. John Foster, brother of the bride, did the honours of father-giver. The bridegroom was ably supported by Mr. J. P. Crotty, and Mr. Patrick Smith, the respected father of the groom, was also present to honour the occasion. A very pleasant hour was spent after the wedding with speeches, toasts and songs, after which the whole party drove to Waterford Bridge where the bride and groom took the train for Topsail to spend a few days. The bride was the recipient of many valuable as well as useful presents, testifying the esteem in which she is held by all her friends.—Com.

Concert Last Night

The Lecture Room of the British Hall was packed last night on the occasion of the concert in aid of Mount Cashel Orphanage. On the arrival of the Governor, Sir Ralph Williams, the C. C. C. band played the National Anthem. The selections were particularly good from the first to the last. The songs rendered by Miss Strang and Miss Bates deserve special mention. Miss Carter in "The moon has its eyes on you" scored highly. Mr. T. H. O'Neil carried the audience by storm in "Devil may care." The horn-pipe and other dances by the Mount Cashel boys was "the rare thing." The quartette "Shon McLean" was also a great success. Miss Johnson's violin selection was very artistically rendered and won well merited applause. The quartette singers were Messrs. Slattery, Hepburn, Cornick and LeMessurier. Mr. J. L. Slattery's song, "Has anybody seen Kelly," was out of sight and had to be repeated three times. The choruses under the direction of Prof. Hutton were very well rendered. These were sung by the boys of St. Patrick's Hall. The band selections were very fine. Mr. Hutton scored highly in his rendition of "Simon the Cellarer," and Mr. J. O'Reilly gave two sentimental songs in his usual good style. Mr. Mawer in the "Drum Major" pleased the audience very much and received well deserved applause. On the whole the concert was one of the most successful of the season.

Each of the events on the programme was keenly contested and all connected with the management of the sports deserve credit on their work. Two Fire Alarms.

At 5.45 p.m. yesterday an alarm of fire was turned in from box 118 bringing the East and Central firemen to the residence of Mr. Geo. Carter, Rennie's Mill Road. Sparks issuing from the chimney caused the alarm, and on arrival at the scene Capt. Trebble mounted to the roof which was on fire near the chimney, and cutting away a portion of the woodwork got a stream of water on it and soon quenched the blaze. The damage done was small, and a defective stove pipe caused the blaze.

An alarm from box 221 was sent in at 10.30 last night bringing the Central and Eastern firemen to the residence of Mr. W. McNelly, Barnes Road. Smoke and sparks issued from the chimney which was on fire, and a few buckets of water extinguished the blaze.

A Slight Mistake.

The "New Freeman," of St. John, N.B., is slightly in error in alluding to Rev. Father Sheehan's Parish as the furthest north. The most northerly Catholic Parish in Newfoundland is Conche where Rev. John Lynch, now Parish Priest at Northern Bay, conducted the arduous missionary labours incidental to that coast for over 20 years. He underwent privations and hardships that would kill any man except one of the most robust constitution.—Com.

Weak Heart, Poor Blood

Shortness of Breath a Symptom.

"It was a good thing I began taking Ferrozone when I did, or my condition would have fallen into Perniculous Anaemia, and this disease I am told is incurable," writes Mr. Samuel S. Michaud, of Pembroke. "I am thankful both for recovery and escape from a disease that surely runs its course in a brief time. The first symptoms that gave sign that my naturally great strength was falling, developed from climbing to the fourth floor in an office building in Montreal. When I got to the top, a blindness seemed to overcome my eyes. I breathed heavily and my breath was very quick and short.

"My blood had turned to water, I was told, and I needed the very best tonic obtainable to vitalize it. You can imagine how run down in quality my blood was when it seemed that I was suffering from Perniculous Anaemia. Ferrozone worked wonders. Every week I could see how my blood was making my constitution stronger. I hadn't any heart disease. The palpitation was caused by poor blood—so was the shortness of breath. Ferrozone has made a new man of me. I am as hearty, ruddy and vigorous as I was twenty years ago. I urge every man and woman in poor health to build up with Ferrozone."

No tonic is so certain as Ferrozone—just one or two tablets to take at meals. 50c per box, six for \$2.50, all dealers or The Catarrhozone Co., Kingston, Canada.

SHANNAHAN ON

"CALLING OUT."

I'd like to know how to go about being "called out" for the Council. I wonder what time of the night do the electors call on candidates. Do they go to their houses or do they call them out at a long distance range? I have thrown out all kinds of hints but haven't heard anyone even using a bird-call yet. You know 'tis a nice thing to be called out, it gives you a kind of an introduction. If you come out without being "called out" the people will say you have swelled head, but if you wait till you're "called out," the elections will be over. Some of the candidates say that they are coming out at the request of a number of citizens. How many were in the crowd we never heard. Mrs. Tucker says a number might mean two or two thousand, and as this is an important part of the job, she'd like to get the number who did the calling. Tucker says the only call that I'll ever get will be a call to get out of bed to go to work. Perhaps he's right, but anyway if the next crowd who start calling candidates out will make the one job of it, it will be a great relief to the taxpayers. I hate to see a race started with one boat ahead of the other, it puts me in

mind of the yacht races we used to have years ago. You never knew when 'twas started right. The same with this election. Why not all the Councilors be "called out" together, for now you have your mind almost made up on your choice, when the next thing you know a crowd calls on your father, and as blood is thicker than water, you have to drop one of your team in favor of him. He's no sooner entered the race than your landlord "signifies his intention," and of course as you owe him a year and a half's rent and want to keep him in good humor, you have to drop another of your team.

There should be a "close time" on candidates entering, for the way 'tis going now you can't promise a man a vote.
