**Asbestol Horsehide
Gloves for Men.**

TAKE men who are plying their calling through storm and tempest—the crew of ships handling icy ropes, cases and all kinds of packages in all conditions of weather, many of these packages with nails and sharp edges of iron jutting out at the sides.

Picture a man with pierced and bleeding hands caused by these sharp edges.

The captain from his position on the bridge exposed to the severest cold—the railroad man at all kinds of work—the engineer handling and fitting hot steam pipes—the truckman doing rough and heavy work—the mechanic doing outside skilled labor, and you will say it is necessary for these men to protect their hands with Asbestol Horsehide Gloves.

Asbestol Gloves are made of genuine horsehide, tanned by a mineral process, which makes these gloves stand the test of heat, steam, water and washing—sewed in the strongest possible manner, perfect fitting, and made for rough, heavy and hard work.

These gloves when dirty can be washed with soap and water, can be wet through and dried in the strongest heat and will dry out absolutely as soft and pliable as when new. Made in black and yellow. Size 9, 9½, 10, 10½. Come in and see these gloves. Prices are low for the qualities.
