**SECCOTINE!**  
 FOR STICKING EVERYTHING.  
 In patent pin-stopper tubes. Vest Pocket Size, 10 cents. Large Size Tubes, 20 cents  
 SECCOTINE is an intensely strong adhesive for joining new or facturer surfaces in wood, leather, iron, delph, paper, pasteboard, cloth, glass, ivory, bone, etc. etc.  
 It is unequalled for office use. Being immensely stronger than gums or pastes, a much smaller quantity is required. It replaces glues and cements in the manufacture of small fancy articles.  
 The general uses of SECCOTINE are too numerous to mention. A tube goes a very long way, it requires no heating or other preparation; keeps for years, and is always liquid and ready. It sticks, binds and cements all articles of all materials.
