**Belled at Bell Island.**

Evening Telegram. WABANA, May 9, 1917. An incident occurred in Dominion this morning which resulted in the death of John Hunt. Hunt was employed as a cooper and accidentally caused the death of his arm and leg. He was taken to the Company's hospital for examination by the doctor. Hunt was apparently unconscious at four o'clock.

**Appreciation.**

Field Patriotic Concert. Last Saturday's Evening Concert was worthy of a more prominent place than it received. The general appreciation naturally have thought of the concert, promoted by the patriotic there, had been a sing-song type, but someone to point out the performers would have been in any way, any concert halls. The provided and the texture of first class texture despite ample justice on Wednesday evening were sufficient left over for a party on the following for an auction sale. Concerts and entertainments promoted by the people who live on the "islands" are ever being considered the city around Brookfield. Placerville Road, the are deserving of a appreciation by at

**The IDEAL Home!**

THE IDEAL HOME is first of all a Comfortable Home, with an inviting air of restfulness about it, cosy and cheerful. It is of course an artistically furnished home, showing taste and judgment, each article pleasing in itself and in harmony with the surroundings; but it requires knowledge of Stores as well as of Furniture in order to secure all these elements in the furnishing of one's home, without incurring an excessive outlay of cash. It is for this reason that

**"THE POPULAR FURNITURE STORE"**

appeals particularly to that large portion of St. John's home-loving people who have excellent taste but are economical.

Let us make a cosy, comfortable and artistic home for you, or make the home you have a little more cosy, a little more comfortable, or a little more artistic.

OUR INDIVIDUAL CREDIT SERVICE is the most refined, genteel and helpful credit plan in St. John's to-day—none excepted. Let us talk to you in person about these matters. May we?

**TO MASSAGE AWAY WRINKLES.**

If your face is badly wrinkled a fifteen minute massage each day will be necessary, but if there are only tiny lines, five minutes will suffice. Before manipulating the face it should be washed with hot soapy water and a complexion brush. After it has been rinsed carefully and dried, the skin should be coated thickly with the following cream: White wax, one half ounce; sweet almond oil, two ounces; lanolin, one ounce; spermaceti, one half ounce; cocconut oil, once ounce; tincture of benzoin, two drops; orange flower water, one ounce. Place the first five ingredients in a double boiler and melt over a slow fire. When

they are melted and mingled smoothly take from the fire and add the benzoin and orange flower, fluffing with an egg beater until cold. Then pour into small open mouthed jars ready for use.

The forehead lines should be massaged in a circular motion, using the finger tips of the right hand and hold the skin taut with the thumb and forefinger carefully, as it is an easy matter to rub in more wrinkles than you can ever rub out. Place the first and second fingers on the nose. Just above the eyes and massage out beyond the eye corners, then sweep in underneath

the eyes toward the nose. Use a very light pressure.

The cheeks should be massaged up from the point of the chin, using the palm of the hand. To efface the laughing wrinkles put the first and second fingers underneath the center of the lower lip, then massage up beyond the corner of the mouth and up toward the nostril. Hollows under the chin and behind the ears should be massaged with a delicate rotary movement of the fingers. After the massage is completed wipe off the surplus cream and spray the face with the following astringent to make firm the relaxed tissue: Thirty drops benzoin; thirty drops mucilage of acacia; one ounce lime-water.

**Household Notes.**

Invert a cup in the center of a meat pie and the juice will not run out.

Organize your housework and you can do it without feeling "run" by it.

Batters of all kinds require one scant quart of milk to one quart of flour.

Graham crackers with fudge filling are food for little girls' lunch boxes.

Rice should be washed through three waters, at least, before it is cooked.

For washing a baby's clothes, use a white soap; then rinse them thoroughly.

**Hr. Grace Notes.**

The s.s. Mary arrived from Bell Island yesterday and will go on dock for repairs.

A cargo of salt arrived to R. D. McRae & Sons this morning.

The schooner Minnie Maud arrived from St. John's yesterday with a load of provisions, etc. for her owner, Mr. E. Simmons.

Mr. St. George, the general manager of the Horwood Lumber Co., here, is suffering with an old malady of his—rheumatism. Although suffering he is not confined to his home, but gets to the business place of his firm and conducts their business with much satisfaction to the patrons.

Miss S. B. Parsons, Miss L. Sheppard and Mrs. F. Lee and two children left this morning by train en route to Boston.

We regret to report the serious illness of Mr. Chesley Butt, late of the Horwood Lumber Co.'s branch business at Western Bay and still more recently of Bishop's Falls. All his friends are hoping for a change soon when this popular young man will be on the road to recovery.

Herring of a very fine quality were sold in the market yesterday at 10 and 15 cents per dozen. The very palatable codfish has not made its appearance yet, but we are on the look out for him.

Capt. Thomas Dunn is having a concrete wall put along the front of his house on LeMarchant Street. The wall will be surmounted by an iron railing, and when completed will add considerably to the appearance of the place. Capt. Dunn never does things by halves, and he is going into the fishery on even a larger scale this year than formerly. We take this opportunity of wishing him abundance of fish, with fine weather for making, and a good price.

**Your Boys and Girls.**

It always does my heart good to talk to a certain little mother who hovers over her brood of five boys as watchfully as a mother possibly can. She knows the likes and dislikes of each one, and appreciates the contrasting personalities, and tries to become more acquainted with her children's individual natures each day.

She knows that Horace dislikes apple sauce and that Alfred loves it. She knows that Arthur's favorite color is red, and that Herman prefers green. She has watched her little family with the training of a professional and has analyzed their natures thoroughly. She knows her children, and she alone can account for their shortcomings and their failures, better than anyone else. Remember that every child has a different nature and that you cannot treat all alike.

**What a Gas Range Means for You, Mrs. Housekeeper.**

The gas range is a muscle saver and a step saver. Think of the many tons of coal you used in that coal range, and how you have had to handle it all twice; first carrying it up out of the cellar; then, from the kitchen to the ash barrel.

No more soot to wipe away; no more ashes to cart away; no more wood to fetch; no more coal dust; no more smoke and no more reason why the kitchen cannot be kept as clean and as orderly as the parlor. The gas range means just this.

**Saves 50 Per Cent. of Kitchen Cases.**

Half of the labor in the house is caused by dust from the coal range. Every time it smokes, no matter how good the draught, may be clouds of ashes rise and settle on the furniture.

**It Eliminates Hard Work.**

Use a gas range and you will live better, you will play better, and you will work better because the use of the gas range eliminates the drudgery of carrying coal, ashes and the chopping of kindling, as well as the drudgery of cleaning up a lot of dirt, and, best of all, for the cook it makes it unnecessary for her to stand over a hot stove from two to three hours a day.
