

## FAMILIAR FORMS OF BYGONE DAYS.

## SPORTOGRAPHS

## FELIDIAN TO-NIGHT

If the Felidians win their game to-night it means that fresh interest will be aroused as to the final outcome. The Guards are trailing along the points behind the Cadets, and it is therefore being eagerly awaited by the enthusiasts. A large gathering is expected.

## NEW SEAPLANE RECORD IS SET

PHILADELPHIA—A new seaplane record was made at the Philadelphia navy yard to-day, when Lieut. W. Gorton, of Providence, R.I., flew over the Delaware River course in the average time of 177.5 miles an hour.

The previous record made a few days ago at Port Washington, Long Island, was 175 miles, by Lieut. Irwin, of Brooklyn. Both flyers will compete in the Schneider Cup race, the Isle of Wight on September 28.

## A.A.A. MEETING.

A meeting of the A.A.A. will be held next week to make arrangements for the Annual Championships Meet on Sept. 6th, and also to decide whether Newfoundland is to be represented in the All Canada Championships to be held at Halifax on Sept. 15th.

## PARIS—Mlle. Suzanne Lenglen, the

human tennis champion of the world, very desirous of making another trip to the United States, according to Le Matin.

She is quoted as saying she is only waiting an opportunity or an invitation to again meet Mrs. Molla Burydett Mallory, the American champion, in the latter's country, where the French girl was defeated by her.

Mlle. Lenglen intends to play in the women's singles, the women's doubles and mixed doubles in the Olympic games, but is unable to accept invitations to go to South Africa and Australia.

## SAINTS—C.E.F. POSTPONED.

owing to the heavy rain showers last evening, the Saints—C.E.F. game was postponed. It will now follow the Felidian—Cadet game next week.

## Newfoundland Power.

Industrial dealers are inclined to be sarcastic at the expense of the gilt-edged market, which condescends to list in the securities of an industrial company, the Newfoundland Power and Paper Company. The Four and a Half per Cent "A" Debentures are guaranteed by the British Government, and the Five and a Half per Cent "B" Debentures by Newfoundland, so that, for all practical purposes, they are both Government stocks.

There was a good deal of business in the Five and a Half per Cent "B" Debentures recently and the quotation at one time was 1 1/4 prem. bid on the basis price of 98 1/2, closing at 99.

## Newfoundland Crisis.

## INQUIRY PROMISED.

(From Our Correspondent.)  
ST. JOHN'S, July 30.

Sympathy is expressed in the Press for Mr. Warren, who formed a new Cabinet on Saturday after the negotiations for a coalition had failed, in the problems confronting him. Relief, however, is shown both by the Press and the public at the failure to form a coalition, because it guarantees an effective opposition and a thorough ventilation of all the matters over which the crisis arose.

The announcement of Mr. Warren of the new Government's intention to investigate these matters thoroughly meets with general approval. The newspapers published interviews with leaders of the Opposition in which it is indicated that the coalition negotiations of the past week were informal and without prejudice, and the determination of the Opposition party to insist on an absolutely sweeping inquiry is expressed. These interviews also hint that the Opposition will not hamper the Government in the disposal of the remaining business of the session, so that the Government may devote itself to the pressing question. The Opposition apparently intend to reserve critical procedure until the next session, which it is intended to open early next year, when the results of the promised inquiry are expected to be submitted.

## EX-MINISTER RECALLED.

Press Allegations.  
TORONTO, July 30.

Dr. Campbell, Minister of Mines and Agriculture of Newfoundland in the Squires Government, who has been paying a visit to Prince Edward Island, has now been ordered to return by the Governor of Newfoundland.

Press dispatches from Newfoundland are curiously reticent, with regard to the Cabinet crisis, but it is understood to have been caused by certain changes made with reference to expenditure in getting out pit props and the negotiations by which the Reid Railway was purchased by the Government. The chief trouble is apparently in the Department of Mines and Agriculture.

For some time the removal from office of Mr. John T. Mooney, Liquor Controller for the Colony, was demanded by a strong section of the public. When Sir Richard Squires yielded to this demand it was stated that copies of disturbing statistics had been placed in the hands of Mr. Higgins, the Opposition leader.

Sir Richard Squires returned to power less than three months ago with a comfortable majority, and it is still contended by those who know him best that his worst offence was the failure to stop wholesale waste and expenditure by officials and colleagues. The St. John's Daily News is publishing in each issue long extracts from the expenditures of the Department of Mines and Agriculture on the pit props account, and declares that the figures "show how much the so-called relief work has cost the country in actual financial outlay, and hint at an apparent disregard on the part of the Government of all businesslike management." The newspaper alleges that "big salaries and chances for huge profits went to an army of locusts who were never absent when the munificence of a bounteous and corrupt Government was being displayed."—Times.

## WM. (BOBBY) BURNS.

GOLF CHAMPIONSHIP TO-MORROW  
To-morrow afternoon will be a gala day at Bally Haly when A. G. N. Gosling defends his title against H. W. Dickinson. Both are now playing true to form, though in the preliminary ten days ago the champion appeared to be a bit off his game.

## Fads and Fashions.

Bands of checked braid trim a child's frock of plain and printed wool challis, with the sleeves and skirt plaited.

A delightful pair of hose in white silk has panel of Mexican drawwork in the front separated by white embroidery.

Charming bags, finely embroidered in metal and silk, are mounted on frames of Chinese lacquer in red and black.

A charming dress for a child consists of a jumper frock of pink linen, worn over a separate gimpie of figured chintz.

A most wise little skirt of blue twill has its two cleverly cut pockets buttoned right onto a tailored blouse of white pique.

Brown tones will be good in fall gloves. One short pair of pongee color has its turn-back cuffs embroidered in a contrasting tone.

Both front and side gores are featured in the latest footwear. Rather large solid buckles of cut steel or bronze heads are favored.

The circular tunic or redingote is developed for day time, afternoon, dinner or evening wear and seems to be a fall note of importance.

The simply cut gown of all-white crepe, heavily embroidered in rhinestone or crystals, is in irreproachable standing for any evening wear.

With fall black satin will come in to favor again, so say fashion experts, and is versatile in its charm for the street, afternoon, or evening wear.

The vogue for black and white combinations has extended to jewelry, some of the most effective being crystal combined with jet and pearls with onyx.

## Canadian Press News.

Ottawa, Aug. 15.—A cure or leprosy hitherto regarded as incurable, has been discovered, according to Dr. F. F. Carr-Harris, a medical missionary of the Presbyterian Church of Canada, who is home on furlough from Wei-hwei-fu, Honan Province, China. To a Canadian Press representative the doctor stated that a drug, called Eparseno, had been experimented with by French physicians and in one test made by a series of systematic injections particularly on victims of the nodular type of leprosy 15 out of 18 were completely cured, while in another instance three cases out of three tests made were cured.

The doctor explained the nodular type of leprosy as being that which started by depriving the unfortunate victim of the use of their limbs. Complete cures had been effected in from five to six weeks, according to the stages the disease had reached before the patients were submitted to the tests. Injections were made at intervals of from one to three days. Dr. Carr-Harris is a former Kingston boy. He went to China in 1913, was invalided to England for special treatment in 1915 and on recovery served three years on the Western Front in the war. On discharge from the army he returned to China and is now in Canada on furlough.

MONTREAL, Aug. 15.—Just before sailing for England, Mrs. Mary Ellen Smith, a member of the British Columbia Legislature was interviewed. She said that one of the happiest moments of her life was the announcement of a young Finnish mother, "We got one baby girl at our house and we name him vor you—Mary Ellen Ralph Smith Johanssen."

Termed the "mother" of the Millennium Wage Bill for Women and Girls, the Mothers' Pension Bill and other B.C. provincial enactment designed to better the condition of women and girls, Mrs. Smith has now accepted a commission from the Dominion Government to visit the British Isles and various European countries as a special immigration agent.

VANCOUVER, Aug. 15.—Quite a flutter was caused in women's hearts and a chill of dismay ran down the spines of their husbands when, during the recent visit of President Harding the rumor ran that only "new" dresses were to be worn at the state dinner. Lt.-Col. Chambers, Gentleman Usher of the Black Rod, had also to deny as ridiculous another report in trade" would be barred from attendance. Black Rod was besieged by dressmakers, and had to issue a statement. He felt he had been placed in an awkward position, fit target for ridicule. "It is no business of mine," he said, "whether a woman wears a new gown or an old one as long as she appears in evening dress. Naturally in a place like Ottawa where state functions are frequent women do usually order new clothes for nearly every social affair, but to say that it is obligatory here is very wide of the truth."

## British Income Tax

RELIEF TO RESIDENTS ABROAD.  
Editor Evening Telegram.

St. John's, Newfoundland.  
Sir.—The new Finance Act contains a section of interest to certain residents abroad, viz: public servants. In such cases it is now provided that, when liability as a resident arises, emoluments, pensions and annuities payable in Great Britain or Northern Ireland shall be chargeable to tax which will be deducted by the paying authority.

So far as repayment of tax is concerned, it is now possible to claim three years ended 5th April, 1923; and it is apparent that many persons have yet to discover that they are entitled to claim under one or more of the following classes of relief:

- (1) Exemption in respect of dividends on certain British Government Securities where the beneficial owner is ordinarily resident abroad.
- (2) Exemption in respect of interest or dividends on Foreign or Colonial Securities, stocks, etc., owned by a person not resident in the United Kingdom.
- (3) Reduction or exemption from tax or Income from sources within the United Kingdom, in the case of a British subject, Crown servant, ex-Crown servant, widow of Crown servant, servant of British Protectorate, employee of missionary society, resident in the Isle of Man or Channel Isles, or resident abroad for sake of own health or health of member of the family.
- (4) Reduction of tax where Income Tax has also been paid on the same income in another part of the Empire.

Yours truly,  
W. R. FAIRBROTHER,  
Income Tax Specialist.

67/68, Chesapeake, London, E.C. 2.

Exclusive sports frocks for fall are trimmed in various ways; some with thin tucks or embroidery, others with leather or fur bands, while still others make use of the inverted pleat and front fastenings.

## Overseas League.

## GARDEN PARTY IN THE BOTANIC GARDENS.

The Duke of York, President of the Overseas League, and the Duchess of York were present yesterday at a garden party held by the League in the Botanic Gardens. This was the first opportunity that the members have had of meeting His Royal Highness since he became President about six months ago, and several presentations were made.

The League, whose aim is to build the different parts of the Empire together, has now 30,000 members in all parts of the world, and its new headquarters in Lord Hillingdon's former house in Park-place, with all the conveniences of a club and a very useful travel bureau, are a great enhancement of its popularity.

There was a large gathering of members and guests on the pleasant lawns, where the music of the band of the Royal Marines First Division (Chatham) was much appreciated. Among those who accepted invitations were:

The Duchess of Rutland, the Earl and Countess of Strathmore, Viscount Long, Lord and Lady Incheape, Lord and Lady Morris, Lord Leverhulme, the First Lord of the Admiralty and Mrs. Amery, the Hon. W. Ormsby-Gore, M.P.; and Lady Beatrice Ormsby-Gore, Sir Herbert and Lady Samuel, Sir Ernest Birch and Lady Birch, Lady Des Vaux, Lieutenant-General Sir Travers and Lady Clarke, Sir Percy and Lady Cox, Colonel Sir Edward Thackeray, Sir Francis and Lady Newton, Sir Walter and Lady Hearn, Sir George McLaren Brown, Sir

Charles Peers Davidson, Sir Edgar and Lady Walton, Sir Frank and Lady Newnes, the Hon. Sir Edward and Lady Lucas, Sir James and Lady Conolly, Colonel the Hon. Sir James Allen, Sir Michael and Lady O'Dwyer, Sir Joseph and Lady Cook, Sir James Masterton-Smith, Sir Timothy and Lady Coghlan, Sir Otto and Lady Bell, Sir Herbert and Lady Read, the Hon. A. H. Ashbolt and Mrs. Ashbolt, Sir Claud Severn, Sir John and Lady Ristley, Sir Newton and Lady Stabb, Sir Clement Kinloch-Cooke, M.P., and Lady Kinloch-Cooke, Sir Robert Baden-Powell, Dame Mariel Talbot, the Hon. Hugh D. and Mrs. McIntosh, Sir Malcolm and Lady Stevenson, Brigadier-General Sir S. and Lady Wilson, Major Cyril Bavin, Mr. Evelyn Wrench and Mr. W. A. Bulkeley Evans. Morning Post.

## Fads and Fashions.

Although the "tube-like" silhouette will probably be good for fall, most of the recent coats show a decided flare or what is more likely—several of them.

Printed chiffon makes a dressy afternoon frock and is an excellent reason for a wide sash of silk crepe, which ties in the back and forms delightful drapery.

Jane: "Please, ma'am, I've broken something."  
Mistress: "Well, Jane, what is it?"  
Jane (crying): "I'm very sorry. I couldn't help it."

Mistress: "Don't be silly, Jane; tell me what it is."

Jane: "Oh, ma'am, the cucumber was crooked, and seeing you had company, I tried to bend it straight."
