

SALT RHEUM CURED.

Sherbrooke, C. E. June 20, 1864.

S. J. Foss Esq., Druggist.
DEAR SIR,—For the benefit of those who may be suffering from the same disease, I wish to make known the great benefit I have received from the use of Bristol's Sarsaparilla. For a long time I have been troubled with a sort of breaking out on my legs and arms, which some called salt rheum, and some a scrofulous humor. Whatever it was, the torture from it was so great that I could not remain quiet. I tried a great many medicines but all without benefit, until I was induced to try Bristol's Sarsaparilla, from the use of which I found immediate relief; and now, after using only four bottles I find myself to all appearance entirely cured.

Yours very truly,
HURAC BARBER.

Perry Davis' Vegetable Pain Killer.

Travellers are always liable to sudden attacks of dysentery and cholera morbus and these occurring when absent from home are very unpleasant. Perry Davis' Vegetable Pain Killer may always be relied upon in such cases. As soon as you feel the symptoms, take one teaspoonful in a glass of water, and repeat the dose every hour until relieved. If the pain be severe, bathe the bowels and back with the medicine, clear.

A new and valuable agent, whereby surgical operations are painlessly performed, without the risk which has hitherto attended chloroform has just been discovered, and freely published for the public good, by Dr. Richardson, in an account of two severe operations by Mr. Spencer Wells. In the current number of the *Medical Times* it is stated that in the first case perfect insensibility was produced in four minutes; in the second case in about six minutes; in both instances the patients died, so to speak, into complete anaesthesia without a struggle. This valuable remedy is the bichloride of methylene, which differs from chloroform in the rapidity with which it produces perfect insensibility. In one case where it was used in a warm room the vaporization of the fluid was so rapid that frost was produced on the inhaler.

OVERDRESSING. The N. Y. *Tribune*, alluding to the style of overdressing which prevails among the ladies of the United States, as well as among those of Canada, to the morning walking-dresses, clanking with jet and resplendent with all kinds of fancy trimming, says truly, that the fair wearers of all this inordinate and inappropriate finery are much mistaken if they imagine that their gaudy costume will "give the same effect of high style as the faultless fitting serge suit, serious and simple, with linen collar and cuffs, and plain hat do to the well born English girls who wear them."

NOVA SCOTIA GOVERNMENT.—The members of the Nova Scotia Government were sworn in yesterday the 7th inst. as follows:—Provincial Secretary, Mr. Vail; Attorney-General, Mr. Wilkins; Commissioner of Mines and Minerals, Mr. Robertson; Treasurer, Mr. Annand; President of the Executive Council, Mr. McHaffey; Members of do, Messrs. Troop, Northup, Flynn and Ferguson; Speaker of the Assembly, Mr. Marshall.

FARM FOR SALE.

THE subscriber offers for sale a first-class farm, being Lot No. 8, East half 3rd Con. Township of Brin, containing 100 acres, from 75 to 80 of which are cleared, and, with the exception of about 10 acres, free of stumps. This farm is well fenced, and in a high state of cultivation. There is a never-failing creek and a good well and pump on the premises; also, a never-failing creek runs across the Concession about ten rods from the corner of the lot. There are two good barns—a log 30 x 50 and a frame 30 x 60—and a good log house 30 x 50 feet, with a black kitchen and a frame steep, four bed rooms, &c. Also, a good young orchard of choice fruit trees, many of them bearing. This farm is about five miles from Acorn Station, and about a mile and a half from the river Irrin runs through the back part of the lot. If desirable, a lease for ten years will be given. The tenant can have immediate possession.

PROOFS OF THE SUPERIOR QUALITY

OF THE

AMERICAN WATCH

MADE AT

WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.

Office of the General Superintendent, Altoona, Pa., 15th Dec. 1796.

GENTLEMEN:—The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 300 of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn at 1 do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time—correctly, nor have they done as good service as yours. In these watches I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS, General Superintendent.

American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD.

Locomotive Department, West Division, Rochester, Dec. 24, 1866.

GENTLEMEN:—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,
CHAS. WILSON, G. Chief Engineer, Locomotive Department of Locomotive Engineers.

American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:

Appleton, Tracy & Co., Waltham, Mass.

Waltham Watch Co., Waltham, Mass.

P. S. Bartlett, Boston, Mass.

Wm. Eldery, Boston, Mass.

Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of watch dealers.

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.
