SOME CHANGES MADE IN ORGANIZATION OF A CALGARY PAPER
F. W. Crandell Becomes President of the Calgary News-Telegram

There has been a reorganization of the Calgary News-Telegram Publishing Company of this city, which involves change of control if not of ownership. To what extent the change will be made has not yet been determined.

The new president of the company is Mr. F. W. Crandell, president of the Dominion Farming Company, a gentleman who has been resident in this city for four or five years. He has been better known as interested in the High River and Hudson Bay railway. Mr. E. A. Daeg is treasurer, but acts in the capacity of trustee, and it is understood is not investing in the company. George Thompson, president of the company and editor, remains with the company, but C. E. Tryon, secretary-treasurer and manager, retires from the company and the paper.

The change involves a change in the financial administration. An application has been filed at the Public Utilities Commission, asking for the increase in the capitalization of the company to \$250,000. When this permission is granted by the commission, it is the intention of the company of placing a certain amount of stock on the market.

The policy of the paper will not be altered. It will continue to oppose the Union government but whether or not it will continue to endorse the Stewart administration is not known. Messrs. Oliver and Cross, so far as known, have no financial interest in the paper but have given it their editorial blessing.

The application has not yet been passed upon by the Utilities Commission.

MAGPIES WIN FROM HILLHURST
George Barnes, of "Mags," Is Star Feature of the Game

The Magpies won another basketball game when they defeated the Hillhurst team by a 44 to 35 score. In the first half the play was very even, but the "birds" came back strong and scored baskets with ease before the close of the game.

George Barnes of the Magpies was the star of the evening, being responsible for 25 points on the Magpies' score.

The Magpies are out for basketball honors this year—they have the star players.

Last night's lineup:
Magpies — Barnes, rf; Elliot, lf; Howell, c; Moyes, pf; Cope, pg.
Hillhurst — Ellick, rf; Mitchell, lf; Morris, c; Patterson, rg; Scott, lg.
Referee Jimmy Spence.

3,000,000 Davis Cigars are made each month
WHY?
Because we have made good cigars for over 70 years, and thousands of smokers will smoke no other.
So sure are we of the quality of DAVIS Cigars that we guarantee our merchandise to the dealers, on the money-back principle.
The word "DAVIS" on a band or box of cigars is a guarantee of the finest quality at the price paid.
When you want a DAVIS cigar, see that you get one!

S. DAVIS & SONS LIMITED,
Winners of Gold Medals,
Paris 1887, Philadelphia 1876, etc.

P.S. Have you smoked a "Wellman" Cigar lately?

UNION CANDIDATES IN CALGARY LIKELY TO BE CONSERVATIVE

R. B. Bennett to Be One, and T. M. Tweedie Probably Will Be Second Candidate in City

Both union candidates in Calgary may be Conservatives. Of course that has not been definitely decided, and will not be decided until the local organizations make the decision, but it is generally understood now that such an outcome would not be unexpected.

Mr. James Loughheed and Mr. Sifton were in conference yesterday, when the question of the appointing of seats to the party was under consideration. They gave out no statement at the end of the day.

It is understood, however, that the Unionists have decided upon a 50-50 division in candidates of the Great Lakes. That would mean, when figured out, seven Liberals for Alberta and five Conservatives.

In all conferences throughout the Dominion, the rule has prevailed that Unionist members in the local parliaments will not be preferred in the selections.

Applying such principle to Alberta, Messrs. Clark of Red Deer, Buchanan of Lethbridge, Douglas of Strathcona and Warnock of Macleod would make up four of the seven Liberal-Unionist candidates in Alberta and Mr. Bennett would be one of the five Conservative-Unionist candidates.

It is understood that Conservative-Unionists will contest both seats in Edmonton and Calgary. The Liberals, in addition to the four mentioned, will also be selected in Bow Valley and Macleod. Whether a Liberal-Unionist will be chosen for Battle River or Victoria is not yet decided, but it is believed that the Liberals will contest the former and the Conservatives the latter.

The second Conservative in Calgary will probably be T. M. Tweedie.

CONSUMPTION OF BEEF PROHIBITED BY NEXT SPRING

Less Waste in Turning Barley into Beer Than Feeding It to Animals to Produce Milk, Pork and Beef

ABOLISH ICE CREAM
Dr. Robertson, Chief Advisor to the Food Controller, Gives Interesting Address and Will Try to Prohibit Ice Cream

Dr. J. W. Robertson, chief advisor of the food controller, started his audience in the Central Methodist church last night by predicting that before next spring the consumption of beef would be prohibited. He also promised to use his influence to secure the prohibition of the manufacture of ice cream, although he predicted that to abolish ice cream would increase the price of milk. He gave as a reason why the killing of young animals was not forbidden, that it takes two years for them to grow and will not affect the quantity of meat now and added that if dairymen were forbidden to sell dairy produce they would kill them on the spot and bury them.

Dr. Robertson also reiterated his declaration that the food controller had no objection to the production of food products there was less waste in turning barley into beer than in feeding it to animals to produce milk, pork and beef. The meeting was held in the Central Methodist church and was not largely attended, about two-thirds of the auditorium being filled and a few in the gallery. Mrs. W. D. Spence presided.

Dr. Robertson among other reasons why the consumption of food should be restricted gave the following: There are 50,000,000 less men producing because they have been removed from the land by enlistment in the army and to work on munitions. There will be 20,000,000 less bushels of grain this year than in previous years. The agriculture of Canada has lost 1,000 ships most of which carried food products.

Production Necessary
As early as last February a member of the British government said that it is more necessary to produce than to join the army. He added: "The situation is worse now."

There are three ways to help conservation. First prevent all waste. There has been a great waste by over-feeding. In England since the adoption of the food pledges the population eats 45 per cent less than before and are enjoying better health.

Second we should shift the consumption from the food we can ship, such as beef, bacon, wheat and cheese to those foods that cannot be shipped.

The third thing to do was to increase production. The man who produced garden truck did as much as the man who produced wheat or corn.

There is no way of stopping the consumption of meat at home, or even in the hotels for that matter, but he expected every person in Canada to help. There should be 5,000,000 food controllers.

When the question of having a meatless day per week was being discussed, he was asked if they could not have two meatless days or days without beef and bacon, and was told that it could be done, but it would be very inconvenient. Then he replied, although he is a Presbyterian elder, "When the inconvenience."

Mrs. Spence announced that the food pledge cards would be distributed in November and that arrangements are being made to have demonstrations by the domestic science teachers from the schools shortly to show how to cook the unexportable foods.

NIGHT CLASSES OF SCHOOL BOARD ARE VERY SUCCESSFUL

Matriculation Classes Have Been Started; Commercial Classes Are Still Open

A special meeting of the Calgary school board, called yesterday afternoon to decide upon the future of the night schools, decided to proceed with the night high school classes. Already there are ten pupils taking the high school work and others will likely follow later on. Mr. Richardson was appointed teacher in this class.

The report on the night commercial classes was very encouraging. The attendance now reaches to 50, with additional pupils every night.

Mr. Park, head of the commercial department, called attention to the fact that pupils were accepted at any time and would be accepted whenever they presented themselves during the term. Miss Bell was added to the night staff.

An application from the Jews for the use of the Central school, after school hours for the purpose of instructing the Jewish children in the Hebrew language, was granted.

Miss Poole, Trustee Spankis, Nemes, Kerby and Davidson were present.

VETERANS BAND TO HOLD CONCERT AND DANCE TONIGHT

Band Will Parade From the Veterans' Club to Al Azhar Temple at 7.30

An unusually attractive program is promised by the veterans' band tonight at the Al Azhar temple when the full band of 25 pieces have arranged a special musical program, in addition to which some of Calgary's star entertainers will be heard. In the intervals between this musical treat, slides of the western front will be shown.

At the conclusion of the performance the floor will be cleared and dancing will be engaged in to the music of E. K. Nielsens orchestra. The dance will last until midnight and is worth the price of admission, which is 50 cents, payable at the door or by ticket.

The proceeds are to provide uniforms for the band. Through the summer months this band continually gave its services free for patriotic affairs as well as providing honors for departed comrades, and apart from the big value that are giving for the money, they should receive the support of all those who have the interests of the Great War Veterans at heart. The place is the Al Azhar temple. The time is 7.30, to commence at 8 p.m. The fee for admission, including dance, is 50 cents.

At 7.30 p.m. the band will march down from the club to the temple, and a full band will be on parade.

FIRST SESSIONS OF TRIBUNALS NOV. 8; NORTHERN HEARINGS

Registrar Carson Completes Arrangements for Hearing Exemption Claims; Northern Boards to Travel

Registrar J. M. Carson announced yesterday that the first sittings of the military tribunals will be held Nov. 8. The tribunals will hold their first sittings at 10 o'clock on the morning of Nov. 8. Thursday, Friday and Saturday will be taken up by hearing claims for exemption that have not been put through the post office.

The following Monday the registrar will assign 25 claims for exemption per day to each tribunal. The decision has been reached by Mr. Carson to have two of the tribunals in the northern part of the province make tours of their districts owing to the large amount of the territory they have to cover. The tribunals will be High Prairie No. 31, and Grand Prairie No. 32. The dates of these tribunals will be announced later on.

INCREASED WAGES
On the recommendation of the city commissioners the council will be asked to advance all city teamsters one step in the city wage schedule. The commissioners reached this decision yesterday morning after hearing a delegation of city teamsters. The proposed increase will give teamsters with single teams from \$76 to \$78 a month and double teams from \$72 to \$75 a month.

V.L.G.C. APPLY FOR TAX DISCOUNT ON CULTIVATED LOTS

Out of 12,000 Vacant Acres in the City There Were 6,000 Cultivated, the Revenue to Cultivators Would Be \$600,000

The executive of the Vacant Lots Garden club at its meeting on Tuesday night decided to secure four lots centrally located, on two of which potatoes would be raised, and the other two used for a model garden. It is also operating considerable acreage. A committee, consisting of Messrs. Burrows, Underwood, Reader, Ticehurst and Williams, was appointed for the purpose of arranging the prize list for next year.

The president reported that there were 100 tons of vegetables in storage, but there would be no profit from the storage business. A committee was appointed to secure a permanent secretary. What she learns the truth, she goes to another city and poses for a woman artist. Later she meets and marries Austin Bland, a novelist whose new book is being engaged to illustrate, Margot posing for the pictures of the heroine.

THEATERS LIBERTY

ART LIFE OF A GREAT CITY SHOWN IN "THE POWER OF DECISION"

The art life of a great city is shown in "The Power of Decision," the Metro-Rolle feature production starring Frances Nelson, which will be seen at the Liberty theater today.

Historic Greenwood village, which has become the center of New York's artistic activities, is faithfully depicted in the play. Margot, the heroine of the story, is a model who has been befriended by an old artist while in the depths of poverty. At a sale of his effects after his death she meets a young illustrator, Wood Harding, for whom she then poses exclusively. He marries her, not telling her she has a wife living. What she learns the truth, she goes to another city and poses for a woman artist. Later she meets and marries Austin Bland, a novelist whose new book is being engaged to illustrate, Margot posing for the pictures of the heroine.

SPEED DEMONS ARE STILL ON THE JOB

Truck Driver Fined a Dollar a Mile for Speeding

Speed mania still continues to make the streets of Calgary dangerous to pedestrians. In the police court yesterday morning Magistrate Davidson fined a fruit truck driver \$25 and costs for driving his truck through the city streets at 25 miles an hour. While courts and police do all they can to impress the reckless drivers that they will be given the law's limit if found violating the speed regulations, there are hundreds of drivers who are taking chances daily in the hope they will evade detection.

Y.M.C.A. BANQUET

Last night in the quarters of the Military Y.M.C.A. at Victoria park a banquet was tendered to Lieut. Davis and the members of the Army Service Corps going overseas. Speeches were delivered by Sergt.-Major Barker, Quartermaster-Sergt. White and A. E. Haddock, western national secretary of the Y.M.C.A. The latter spoke on the work of the association. Lieut. Davis responded on behalf of the men in a few well-chosen words. The banquet closed with the singing of the national anthem, after which the men lined up and headed by Lieut. Davis, marched to the Orpheum to spend the evening.

Will some one please speak to the weather man and fix it for Thursday noon—Tom Campbell, chairman minstrel parade committee.

EXECUTIVE MEMBER OF CARPENTERS

Arthur Martel, the Canadian executive member of the International Brotherhood of Carpenters, who resides in Montreal, purpose to tour the western provinces during the month of November holding a series of meetings in the towns, starting at Winnipeg, Nov. 5 and reaching Calgary for the regular meeting on Wednesday, Nov. 14. Mr. Martel in addition to holding the office of Canadian member of the executive, is also vice-president of the Trades Congress of Canada, having been elected to that office at the recent convention at Ottawa.

Look out for the mule in the Rotary minstrel parade Thursday noon.

ORPHEUM

EMILY ANN WELLMAN FAVORS DRAMATIC SCHOOLS

To those popular American actors and actresses who seek as the attempt of standardized dramatic schools to produce artists worthy of the name, Emily Ann Wellman, star of the novel first drama, "Young Mrs. Stanford," due at the Orpheum next week, throws down the gauntlet. Miss Wellman studied at one of these schools, having been engaged modestly for her to point at her own success as a corroboration of her stand. She does not hesitate to express her unbiased judgment on the subject.

"I went to a dramatic school in New York," said Miss Wellman, in discussing her "Morbidity," "and I want to say that I do not consider this method of acquiring technique at all a waste of time. Something can be learned concerning the stage by giving the matter conscientious study.

"Practical experience is, of course, indispensable, and I should be the last to disparage its influence. But when I did get the chance to appear in a professional production I found myself much less green than the average aspirant is likely to be."

Miss Wellman was born in Stourport.

COMMENCING TODAY FOR THREE DAYS THURS., FRI. AND SAT.

Rotary

As a little girl, Miss Wellman related she was very fond of reading and by the time she was fifteen she had decided, come what may, she would adopt a stage career. After much persuasion, her parents consented to permit her to gratify her ambitions and she went to New York to study.

After a short period of tuition, Miss Wellman secured an engagement with a good company. Two months later she found herself playing with Cyril Scott in "The Prince Chap." The following fall, Louis Mann engaged her for his production of "The Man Who Stood Still" and for six years thereafter she continued as his leading lady. Her most recent appearance in the legitimate was in "Her Market Value."
