The city council, tonight, will deal with a matter that was threshed out by its predecessor two or three years ago-the extent of Engineer Graydon's control of public works. The old ward grabbing system, which had been in vogue until that time, was not judged to be the best for the city as a whole. It had resulted in some districts developing, while others were allowed to remain unimproved, and for many years there were annual deficits in the account of the board of works. The city engineer was freed from the influence of the aldermen, and since then the work, he claims, has been done more economically and more satisfactority. Some of the aldermen, however, are not satisfied. They exducted simple and impressive services pressed their dissatisfaction in the pre-election campaign, and have said also that the power given to Mr. Graydon was for that year and does not exist now. ABOUT STREET WORK. ABOUT STREET WORK.

To the Editor of The Advertiser:
Having heard some complaints about the way our corportion have been doing work and snow-plowing on the streets of this city. I beg leave to state that for the way the work has been done in the past two years, the foreman and men deserve great praise and credit in the east end, for the streets have been kept in a much better condition. Thanking you for past obligations, I am, sir, yours respectfully,

Nervous and Sleepless.

Two horrors crowded into one life, the product of poor digestion, and the poisons that are thereby formed within the body. There's just one method of cure for this terrible condition—plenty of food, but mind, food properly digested. That's the difficulty—the digestive power of the stomach must be improved. Rich, red blood formed, strength given to the organs to drive out poisons; then comes strength; vigor and endurance. Ferrozone does all this and more; it makes sick people well; weak people strong. Sow Ferrozone and you reap health. Sold by
