# The Sanitary All Gas Kitchen

Picture to yourself a modern gas kitchen in operation-there is the RUUD Automatic Gas Water Heater in the basement-without any attention-save the turn of a faucet, supplying you with unlimited, inexpensive, pure hot water. How convenient for scrubbing and cleaning-and time-saving to start your various cooking operations.

Think of the modern gas range-especially equipped for any mode of cooking-heat easily regulated to a "just right" temperature-no dirt-no ashes-no excessive labor. and all this comfort and convenience at a low cost of gas.

The best demonstration of these "comfort makers" is to see them in operation at our showroom.

It is the easiest thing in the world to have these time-saving appliances installed in your home. Just a modest deposit and smallmonthly payments with your gas bills.

"Mr. Cameron and his friends are making a great mistake when they are attempting to secure sympathy for Mr. Hanna and Sir James Whitney in the charges made against them by Mr. Proudfoot, one of Mr. McKay's warmest friends and strongest supporters, by suggesting that Mr. Mac-

Kay and Mr. Hanna were much in the same position-both persecuted. The association of Mr. MacKay in any way with the Hanna-Whitney charges is an insult to him and to his friends in this riding. Do you think that Mr. MacKay would hape condoned the suppression of evidence in the public accounts committee? Do you think he would have condoned the expunging from the records of the committee of the most vital portion of the proceedings? Do you think he would have condoned the blocking of the investigation in the committee of privileges and elections in order to onceal the misconduct of the minis- saying she wanted Sir William H. Passing to the Proudfoot charges, which have been attracting such interest during the campaign, Mr. Rowell said any political leader who was worthy of the name would properly have demanded such an investi-gation as Mr. Proudfoot had.
