NANAIMO

NANAIMO, Sept. 18. - Mr. Neil McLear Hussey, to take immediate effect.

Samples of rock taken from the tunnel now being driven by the Alberni Con-solidated at Alberni have been submitted for assay, with the following results: One specimen assayed \$6 per ton, another \$20 per ton, the third one \$30, and the richest \$143.66 per ton. In the latter sample the gold could be readily picked out with a penknife. A beautiful specimen, in which the gold bristled from all points, has been forwarded to Mr. James Dunsmuir, the president of

the Alberni Consolidated. According to arrangement, the committee of the city council and the committee of the fire department met and resolved to submit to council the following scale for the payment of firemen, etc., when at fires: The maximum active membership to be thirty (30). all fires \$1 per hour shall be paid for each fireman at work up to three hours: for the fourth and fifth hours, 75 cents per hour; and 50 cents per hour for each subsequent hour employed. Two drills will be held each month, the payment to be 50 cents each fireman per month. The chief of the department shall decide not to exceed the maximum of thirty.

EAST KOOTENAN.

(From the Spokane Spokesman Review.) made along the Kootenay from Elk rivis certainly an interesting district and one well worth visiting. The ledges in the district are unusually large and the ore of excellent grade. I think it is safe to say there are 500 locations in the Fort far exceeded thase of last season. Fort Steele is the supply point for all that district. The population is about 350,
