## More than just materials

When you let us supply your building needs you get a great deal more than just so many feet of lumber—bundles of shingles—pounds of nails—or panels of Beaver Board. You get the benefit of our building material knowledge and experience in Service that helps you get the results you want at the right price. Service first in planning the work—more service in selecting proper materials—speedy service in delivering the goods.

You pay for the materials. The service pays for itself in the larger volume of business it brings through super-satisfied customers.

It will pay you to be one of them.

## INFORMATION RE SALMON FISHING

Policy of Dominion Government in Regard to Quebec Tidal Waters.

On March 2nd, Hon. Charles Macell M. P. for Bonaventure gave notice of the questions given below. It was only answered by Hon. C. C. Ballantyne, Minister of Marine and Fisheries on March 31st, on the eve of issuing licenses.

Mr. Macell (Bonaventure):  
1. Will salmon fishery licenses for the tidal waters of the Province of Quebec be issued this year by the Department of Marine and Fisheries? If so, when?  
2. What policy is to be adopted.  
3. Will the present holders of licenses from the province be given the preference for these licenses?  
4. Will applications have to be made?  
5. If so, to whom and when?  
6. Will due notice be given to license holders and the public generally and will application blanks be supplied?  
7. Who are the fishery officials for the country of Bonaventure?

Answers:  
1. Yes. After April 1st, next.  
2. Licenses will be granted in accordance with the fishery regulations keeping in view adequate protection of the fisheries.  
3. All applications for licenses will be considered on their merits.  
4. Yes.  
5. To a local fishery officer or to the Department of Marine and Fisheries.  
6. Notice has already been given through the press. No special form of application is required.  
7. None at present.

### DRIVE TO THE RIGHT.

Public opinion generally will heartily support the government if the law passed two years ago, giving the executive power to put into effect the law providing for driving to the right should be proclaimed. New Brunswick is in an anomalous position. All over the country—except in the Maritime Provinces—people drive to the right, and automobiles who come to this province find themselves in an awkward position and on some occasions fraught with danger. As a matter of fact many accidents have occurred. New Brunswick stands to gain, not to lose, by making the change. It would help to increase the tourist traffic and thereby aid in improving the business situation. The efforts made by the New Brunswick Tourist Association would be strongly aided. The St. John Retail Merchants' Association support the idea of a change; so have some of the Boards of Trade. In principle, Hon. Mr. Veniot, Minister of Public Works, favors driving to the right, but has not yet made up his mind to put the law in operation. The time has come, however, when action should be taken. Ample notice has been given that a permissive law is on the statutes, and nobody would be taken by surprise—Globe.

### BOOST! BOOST!

Boost your city, boost your friend. Boost the lodge that you attend. Boost the street on which you're dwelling. Boost the goods that you are selling. Boost the people round about you. They can get along without you. But success will quicker tend them. If they know that you're behind them. Boost for every forward movement. Boost for every new improvement. Boost the man for whom you labor. Boost the stranger and the neighbor. Cease to be a chronic knocker. Cease to be a progress blocker. If you make your city better. Boost it to the final letter.

FISH DINNERS POPULAR. Served at Reasonable Prices on "National" Trains.

According to officials of Canadian National Railways the delicious fresh fish for which the Maritime Provinces are noted, is becoming a very popular item of diet with the public while travelling through the Provinces by the sea. So popular, that on January 24th it was decided to serve "Special Fish Dinners" on the Maritime Province Dining Cars.

These dinners are served at 75c. per order and include a liberal portion of fish with boiled potatoes and bread and butter. From January 24th, the day of their inauguration on the menu, until February 15th, 1921 fish dinners were served and officials of the railway state that they are in as great demand as ever—Apr. 1-2-wks.

DOES IT PAY TO WORRY ABOUT APPENDICITIS? Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-ika, acts on BOTH upper and lower bowel removing ALL food, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-ika brought out. A. McE. OUR W. C. T. U. WOMEN. I wonder if we have ever thought what an honor it is to be a W. C. T. U. woman. There are many organizations today doing splendid work, and many of us have seen fit to cast in our lot with them. Yet the old W. C. T. U. goes marching on. The evil does would be glad to see it wiped out of existence, because it is one society that they are afraid of sometimes. We are at our wits end to know what to do to prevent certain things from going on. A certain man was nominated for the eldership of a Presbyterian Church, he went to his wife and said, "I cannot take this office, even if I am elected. I would be of no use." His wife tried to persuade him to do so. At last he came back smiling and said "I'll take it. There is one thing I could do, I could object." Many times the only thing the local W. C. T. U. seems to be able to do is object, and yet the very fact that we will object, has made many a scheme fall through that might have been carried to a successful issue.

Let us stand true to our W. C. T. U.
