New York, June 7.—Courtney, the oarsman, added another laurel to his fame today. He was to pull the decoration day day. He was to pull the decoration day postponed race with Ross over the Oak Point course, but at 3 p.m., when the referee looked for him Courtney had skipped to the city and at 6 p.m. he boarded a train for his home in Saratoga Springs. Ross pulled over the course and was awarded the \$2000. There was not a particle of excuse for Courtney acting as he did, save that he is the quintessence of cowardice and trickery. There were 3000 spectators at the course to-day, and it is safe to say that if Courtney ever shows his face at a sporting event in this vivinity he will suffer at the hands of the people he has repeatedly tricked.

Catarrh_A New Treatment. Perhaps the most extraordinary success that has been achieved in modern science has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 2000 patients treated during the past six months, fully ninety per cent have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally bevertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple

HALL's HAIR RENEWER. The cases in which it has accomplished a complete restoration of color to the hair, and vigorous health to the scalp, are innumerable.

Old people like it for its wonderful power to restore to their whitening locks their original color and beauty. Middle-aged people like it because it prevents them from getting bald, keeps dandruff away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beautiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.
