ound.
For present needs and for many decades of come a six-foot tunnel supplying 72,000,000 allons of Lake Outario water would be mple. If protected from sewage pollution he quality of the water ought to be ex-

content Pellet is a corrective, a regulator, a gentle laxative. They're the smallest, the easiest to take, and the most natural remedy—no reaction as water of good quality at a small tion afterward. Sick Headache, Bilious Headache, Indigestion, Bilious Attacks, and all stomach and bowel derangements forks Company are now prepared to

obtaining a water of good quality at a small outlay.

There is yet another plan. The York Waterworks Company are now prepared to offer the city of Toronto an abundant supply of pure water at a rate of more than one-half less than the cost of the present supply. The present impure supply costs 7.18 cents per 1000 gallons. The company offers pure spring water at 3.25 cents per 1000 gallons.

The company's principal location is on the highlands, about two miles north of the city limits. This property is on the crest of a hill, the ground falling away on all sides. Beneath the layer of surface clay there is a bed of water-bearing sand and gravel, capable of furnishing an enormous supply. The tests already made have satisfactorily proved this point, a conclusion vindicated by the fact that there is one well in the locality supplying the Town of North Toronto with 250,000 gallons per day. This well is sunk only 10 feet into the gravel.

Analysis of the water by Prof. Ellis of Toronto University conclusively sattles the question of its purity.

The company offers to supply to Toronto 4,000,000 gallons in 6 months, 14,000,000 gallons in 18 months and 24,000,000 gallons in 30 months.

The reasons for thus dividing the supply

30 months.

The reasons for thus dividing the supply are: (1) Because the proposed mode of construction made it possible to divide the supply in this way without very much increase in the cost of construction, and (2) because it was thought the citizens would appreciate an offer that would mean an almost immediate partial relief. Four million gallons of water per day will give the district above College and Carlton-streets a pure unmixed supply, as the city is divided from east to west by a line of valves along the streets named; besides, this amount would increase the fire pressure all over the city 50 lbs.

The tests, engineering work and plans for this project were all isid last summer, but this is the first time the actual plans have been made public. The temperature of the water is 45° Fab.

I would recommend therefore that the city

I would recommend therefore that the city purchase water from the York Waterworks Co., the water to be connected with the Toronto water system by a large main extending down Yonge-street as far as Bloor-street. A clause might be introduced into the agreement by which the city could secure the ownership of the rights and privileges now possessed by the company.

place yesterday afternoon at 4 o'clock from his late residence, 1164 Queen-street east,

to the Necropolis.

Service was conducted by Rev. William Frizzell of the Leslieville Presbyterian Church, of which the deceased was a member, assisted by Rev. Drs. Reid and Gregg. The chief mourners were Ald. Leslie, J. K. Leslie and George Leslie, jr., sons of the deceased; R. C. Jennings and A. McP. Allen, sons-in-law.

the deceased; R. C. Jennings and A. McP.
Allen, sons-in-law.
The pall-bearers were John Laidlaw,
Hugh Miller, Peter Macdonald, J. Mitchell,
John Lauder and William Helliwell.
The funeral cortege was the largest since
that of Alexander Mackenzie.
The City Council and the York Pioneers
attended in a body, as well as numerous
friends.

Pensioner Stricken With Paralysis. Richard James Byrne has been stricken with paralysis at Dundas, Ont. He was formerly color-sergeant of the 100th Regiment, of which Col. Grasett, Chief of Police British America ment, of which Col. Grasett, Chief of Police of this city, was adjutant. Byrne boarded with Mrs. Blackrigger, 588 Osingtonavenue, and for the last three weeks he was in the city he lodged with Mrs. John Forward, Dovercourt-road: On leaving Byrne said he was going to Erie, Pa., to see his sick mother, and that he would be back to claim his bride, a Givens-street widow, early in June. He is 54 years old and draws a pension of \$60 a quarter.

Realized Nearly \$3000.

The Sisters of St. Joseph in charge of the House of Providence thankfully acknow-

House of Providence thankfully acknowledge the following receipts from their May picnic: Admission \$1080.69; tables, Our picnic: Admission \$1080.69; tables, Our Lady of Lourdes, \$170, Sacred Heart \$30, St. Basil's \$182.25, St. Helen's \$137.51, St. Joseph's \$74.24, St. Mary's \$390, St. Michael's \$233.90, St. Patrick's \$269.72, St. Patrick's \$255.63; games and amusements \$165.95; total \$3025.09; expenses \$220.40; net proceeds \$2804.69.

The sisters tender their sincere gratitude to all who congretated in making the feet. to all who co-operated in making the festival a pronounced success.

A Missionary's Farewell, Rev. R. Renison, who for the past year has been assistant at the Church of the Ashas been assistant at the Church of the Ascension, will give his farewell addresses at TWO FINE STORES the cottage meeting on the corner of Queen and Simcoe-streets on Friday night, and at the tent at Balmy Beach on Sunday evening. Mr. Renison leaves next week for the Algoma District, to work among the Indians, where he resided for 11 years before coming to Toronto.

The Delay At Leaside, Merchants and others resident in eastern towns who have occasion to visit Toronto complain of the delay on the C.P.R. between Leaside Junction and the Union Station. Business men claim that they wish to reach Toronto by 10 o'clock at the latest, as an hour in the morning is to them worth two in the afternoon. The delay at Leaside and the run in to the Union

Station evidently require attention. by worms: Mother Graves' Worm Exterminator gives relief by removing the cause. Give it a trial and be convinced.

For some time past unknown parties have been amusing themselves wrecking coach windows and occasioning other damage to the Niagara Park Electric Railway. A private detective left Toronto for the Falls yesterday to investigate the facts and, if possible, bring the offenders to justice.

The test of a good Refrigerator is its dryness. The Arctic Cooling Room or Refrigerator is the best in the world in this respect. We don't advise you to keep matches in them for fear of igniting. Call and see them or send for circulars to WITHROW & HILLOCK. coach windows and occasioning other dam

CLAIMS \$5000 DAMAGES.

Provincial Health Officers.

GUELPH, June 27.—The sighth annual meeting of executive health officers of Ontario opened in the city council chamber here this morning. Mayor Smith and Dr. Howitt, Guelph's health officer, delivered addresses of welcome, which were replied to by President Willis Chipman, Dr. Coventry of Windsor and Dr. McDonald of Hamilton. The following papers were read at the day's meetings: "Diphtheria Epidemics" by Dr. C. A. Hodgetts of Toronto; "Sanitary Conditions of Factories in Ontario" was read by KohertBarber, Toronto, inspector of factories, "Joy L. E. Kitonen, M.D., of St. George; "Sanitary Conditions of Factories," by L. E. Kitonen, M.D., of St. George; "Sanitary Conditions of Factories in Ontario" was read by RobertBarber, Toronto, inspector of factories, "Joy L. E. Kitonen, M.D., of St. George; "Sanitary Needs of the Farm" by D. McCrae, Guelph; "Pure Water on the Farm," by J. J. Cassidy, M.D., chairman of Provincial Board of Health. Dr. Cassidy said in brief:

That the present water supply of Toronto is defiled with sewage is acknowledged, that its likely to continue so is also true, inasmuch as there is no good reason to think that any important improvement will be effected in the conduit, or that even if that wonderful engineering device should be made perfect; Light it would remain so, besides sew-tage-tained waters, according to the direction of the wind, have been found near the intake.

Many plans might be devised by which the defects could be remedied. For instance a tunnel could be constructed under the bay extending from the pumping-house three miles out into Lake Ontario. If raw sindge were not dimped into the lake near the source of supply as is done at Chicago, and more particularly if no raw sewage were shree miles out into Lake Ontario. If raw sindge were not dimped into the lake near the source of supply as is done at Chicago, and more particularly if no raw sewage were shree miles out into Lake Ontario. If was a supply of the supply and by the condition of the supply

much exercise, ought to have Dr. Pierce's Pleasant Pellets to go with it. They absolutely

Trade at the Western Cattle Market to-day was on a much better basis than it has been for some time, owing to the light offerings chiefly. About 40 loads of stock, including yesterday's arrivals, were placed on the market, in which were in addition to cattle 400 hogs, 100 sheep and lambs and 50 calves.

The demand for export cattle almost absorbed the moderate offerings, and prices kept pretty shady all day. Some fancy loads sold up to 54c per lb, but the bulk of the offerings were taken at about 5c per lb, Only about 15 loads of butchers' cattle came in. The demand was fair and prices firm. Choice fat steers sold at 4c to
