rowd to the races to-day. Four favorites proved disappointing. Dick Behan, in the afth race, was tipped as a good thing, and groved to be the redeeming feature of the lat, winning easily. Blackball was bounded hard, but finished last. Attendance about 2500.

Yesterday Logan was the hero. When he carried his 123 pounds to the front in the seven-furlong handicap he was haled by everybody, winners and losers alike, as the gamest race horse that ever looked through a bridle. The good class 2-year-sid Mazzarine, with 94 pounds up, was in sgainst him and was conceded to have the race at her mercy. The wise people agured Logan out of it, but the bookmakers held him close, as there is no knowing what the old horse is liable to do. The other seven starters were not considered. Mazzarine went to the front early in the race, and having an abundance of speed, looked like an end-to-end winner, but Logan, vigorously ridden by Jimmy Lamley, wore the 2-year-old down in the stretch and broke her heart, winning fighting like a bulldog. The old horse was cheered lustly. Summaries:

The Mayor has authorized and duly published the announcement for the above Public Meeting for Saturday evening. We are asked to specially invite the mechanics and workingmen to attend in full force and give expression to their sentiments:—Whether Canadian industries are to be upheld, or crushed out of existence in favor of United States factories, who offer less valuable Fire Engines and exorbitant prices (\$2700), over our home-made better articles.

Mr. Ronald will ask your permission at the meeting to allow him to give you a brief review of the whole Fire Engine question. The Ronald Co. don't even ask an order, but they do demand British fair play (and no favors) and be allowed to compete on merit along side of any others offering, declaring they will knock them all out as they did Merryweather's Jumbo—saving the city \$2000 then, and now \$2700, (and which fair play the city is now refusing). Every Canadian with the best interests of Toronto and Canada at heart should attend this meeting. We predict a rousing meeting as the subject is in everybody's mouth.
