### Monthly Bulletin of the Foreign Society.

The Executive Committee met in regular monthly session in the mission room of the Y. M. C. A. Building, Cincinnati, Ohio, Oct. 23, 1893. The devotional exercises were conducted by L. E. Brown.

**FINANCIAL.**—The receipts for the month amounted to \$2,448.04. Of this sum, \$399.72 was given for special purposes, and could not be used to defray the current expenses of the society. The expenditures aggregated \$4,446.31. From the annual convention until the March collection the receipts are always very light.

C. E. Garst and family, and Miss Kate V. Johnson report their safe arrival in Tokyo, Japan. They are very glad to be back at their chosen life-work. The workers and the native Christians extended to them a cordial welcome. H. H. Guy and wife are on their way to the field. Japan needs a large central building, costing about \$5,000. This building can be used for a training school, a chapel, a printing house, and a Bible depository. Miss Rioch writes: "The charity school under my care is prospering as never before. I am delighted with my Bible woman. She holds women's meetings one afternoon in this school. The attendance and interest are splendid. Though the priests spoiled the Sunday-school in our house once, we have worked it up again with a larger attendance than ever."

James Ware, of Shanghai, China, informed the committee that J. Coop had agreed to provide a boat for the mission. They need to cross the great river in all kinds of weather. A seaworthy boat is a necessity. The workers in Shanghai have a mission in Tsung-ming, a large island in the mouth of Yangtze. The workers in Nankin express an earnest desire that the building promised Chu Cheo at Nashville be speedily erected.

G. L. Wharton, of Bilaspur, India, writes that Mrs. Cooper is not yet out of danger. She has been very sick. The missionaries feel that they can not afford to lose so saintly and efficient a worker. Their desire and prayer are for her recovery. The group that sailed from New York on the 6th of September were heard from last in Italy. They expected to reach Bombay about the middle of October.

G. N. Shishmanian, writing from Constantinople, Turkey, reports two additions in Marash, and one in Biridjek. One of the helpers made a tour to the Euphrates, and says he was everywhere kindly received. The people listened gladly to the preaching of the gospel. He reports two additions to the church in Bardizag, and one in Constantinople. Garabed Kevorkian has been recognized by the American Consul as an American citizen, and has returned to his work in Marsivan. The Porte still refuses to admit his citizenship. The Turkish theory is that no one can renounce his subjection to the Sultan without having first obtained his majesty's consent. No pains are spared to annoy the missionaries in Turkey, as they are looked upon as causing all the discontent that exists among the people. The gospel is making men free, and in making men sensible of their dignity as the children of God, make them discontented with despotism and absolutism. The monthly payments of the society average \$6,000. The brethren ought

to see to it that this amount is contributed each month, that the work may not suffer. The society has no reserves. It has no property upon which it can borrow money. The managers can pay out only what they receive.

A. McLEAN, Cor. Sec.,  
P. O. Box 750. Cincinnati, O.

### From the Foreign Field.

In a private letter from our faithful missionary at Nankin, China, F. E. Meigs, he says: "We have been so pressed for means that we have not had any peace. I have known hard times at home, but never anything to compare with what I have seen here." The work in China has been hindered for lack of money.

We have an organization in China known as the Central China Missionary Convention. The fifth annual meeting was held at the Christian Hospital, Nankin, China, April 20th, 1893. We have four stations in China and three out stations; twenty-three missionaries, six native helpers; 19 additions last year; 65 pupils in day school; 170 pupils in Sunday-school. This work must not be allowed to suffer for lack of support.

"We need an enlarged conception of our obligations, as Christ's disciples, to obey His royal mandate to publish His gospel to the whole creation. This must come largely through a more permanent, faithful and consecrated ministry. To the pulpit we are compelled to look as the chief agency for laying this solemn duty on the consciences of our people."

COMMITTEE ON ENLARGEMENT,  
Last General Convention.

Among the tribes of the Africans, the Bechuana have for many years attracted the notice of Christian missionaries. Their men consider the shedding of tears as a grievous weakness and very degrading. Neither the loss of wives and children, nor the most acute pain, makes them wet their eyelids. Tears are reserved for women. What was the joy of the missionaries, when one day, after ten years of apparently fruitless labor, they saw the tears flowing down the cheeks of these sturdy warriors. The greatness of the compassion of Jesus broke down their resolutions and stoicism. Some times there was scarcely a dry eye in the meetings.

The needs of the Foreign Board are very great just now. Let all interested in this work remember it in a substantial way. Hundreds of churches have not made an offering during the year. Help just now would be most timely. Many business men could send us \$100 each, many more smaller amounts. Do not permit this work to suffer for want of funds. Help at once!

F. M. RAINS,

Financial Secretary.

### Worth Reading.

Mr. Wm. McNee, of St. Ives, Ont., had eleven terrible running sores and was not expected to recover, all treatment having failed. Six bottles of Burdock Blood Bitters completely restored him to health. Druggist Sanderson, of St. Mary's, Ont., certifies to these facts.

**Down With High Prices For Electric Belts.**  
\$1.55, \$2.65, \$3.70; former prices \$5, \$7, \$10. Quality remains the same—10 different styles; dry battery and acid belts—mild or strong current. Less than half the price of any other company and more home testimonials than all the rest together. Full list free. Mention this paper. W. T. BAER & CO. Windsor, Ont.

## A Lakeport Miracle.

AN EXPERIENCE FEW COULD PASS THROUGH AND SURVIVE.

Broken down by Congestion of the Lungs and La Grippe—Weary Months of Sleepless Suffering—A Narrow Escape.

From the Colborne Enterprise.

The village of Lakeport in the county of Northumberland is beautifully situated on the shore of Lake Ontario, two and a half miles from the town of Colborne. The location of the village is picturesque and healthy, and as a rule the inhabitants of Lakeport are a vigorous people, with very little troubled sickness. But there are exceptions, and even in this healthy locality occasional cases of suffering and long months of weary sickness are found. Among those thus unfortunate was Mrs. Milo Haight, who for nearly two years was a great sufferer, sickness having made such inroads in her constitution that she was almost a complete wreck physically. Although a young woman her system had run down until life had become almost a burden. She had consulted physicians and tried many remedies, but no relief was found. Her attention was finally directed to Dr. Williams' Pink Pills for Pale People, and having read of the many wonderful cures accomplished through the use of this great life-saving remedy, was induced to give them a trial. The result exceeded her fondest expectations, and before long she was restored to her former health and strength. Having heard of this case the Enterprise reporter called on Mrs. Haight, and enquired into the facts, which are given almost verbatim in the following statement: "I was ill for about twelve weeks in the latter part of 1891, while at home with my father in Trenton. I came to Lakeport, but was here only a few weeks when I was taken with inflammation of the bowels. After I sufficiently recovered I returned to Trenton. I had not been at home long when I was attacked with la grippe, which nearly brought me to death's door. A physician was called, who said my system was badly run down. This was in February, 1892, and I was under his care for some twelve weeks before I was able to get out of doors. When I was taken down congestion of the lungs and spine set in and then the trouble went to my throat, and lastly to my ear, causing an abscess, which gathered and broke three times, leaving me quite deaf. I suffered the most excruciating pains, sleep left me and I could not rest. I suffered continually with cold chills and cold hands and feet and severe headaches. The doctor gave me no hope of recovery. As soon as I was able I returned to Lakeport, but did not improve in health and I felt that death would be a relief. In June, 1892, I began using Dr. Williams' Pink Pills and had not been taking them long when the chills left me, my appetite improved, and sleep returned, something I had not enjoyed for many long weary months. After using the Pink Pills for some weeks I began to feel as though I could stand almost anything. In the month of June, 1892, I weighed 114 pounds, and in April, 1893, I weighed 151 pounds, my greatest weight. I took the Pink Pills for about four months, but I now resort to them for any trouble, even a slight headache. I truly believe that Dr. Williams' Pink Pills are worth their weight in gold, and I owe my health and strength, if not my life to them. My eyes were weak at the time I was sick, but I have had no such experience since I began the use of Pink Pills. I take great pleasure in thus making known my case, hoping that some fellow creature may be benefited thereby. I allow no opportunity to pass without speaking well of Dr. Williams' Pink Pills, and I know of several persons who began their use on my recommendation and were greatly benefited by them. My father, who is some seventy years of age, is receiving great help from their use. I can truthfully say I cannot speak too highly of Pink Pills, and I would not be without them in the house under any circumstances."

Mrs. Haight's husband is also taking Pink Pills for rheumatism, and being present during the interview gave his testimony to their benefit to him. Mrs. Haight's present appearance indicates the best of health, and no one who did not know of her long suffering would imagine from her present appearance

that she had ever been sick. Her case is one that cannot but give the strongest hope to other sufferers that they too may be cured by Dr. Williams' wonderful Pink Pills, whose action upon the human system seems almost magical.

Dr. Williams' Pink Pills for Pale People are manufactured by the Dr. Williams' Medicine Company, of Brockville, Ont., and Schenectady, N. Y. Pink Pills are not a patent medicine but a prescription. An analysis of their properties show that these pills are an unfailing specific for all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anæmia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, locomotor ataxia, paralysis, sciatica, rheumatism, St. Vitus' dance, the after effects of la grippe, scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sorrow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature. These pills are not a purgative medicine. They contain only life-giving properties, and nothing that could injure the most delicate system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper (printed in red ink.) Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Ask your dealers for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address, at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

The San Francisco Chronicle of last Sunday contained an account of the organization of "The League of the Cross," which heretofore existed in the Catholic church for young men and boys, into a military organization, by "Reverend Father" Montgomery. The Chronicle says: "The idea is by no means a new one. At different times the boys of several Catholic churches have formed themselves into military companies." It has been decided to restrict the membership of this military organization to boys who are five feet four inches and over in height. This signifies that it is to be a military organization that would "pass muster" in any well organized army.

What means this military array in the Catholic church? They suggest as an explanation themselves that other churches have the "Boys' Brigade," but the Boys' Brigade is for little fellows, and the military organization in the Catholic church is for big fellows, the little ones not being admitted. It is an ominous sign, and as it is stated that similar organizations are being made in other Catholic churches as well as in this city, it seems to signify that the emissaries of the pope in this country, under his direction, are preparing for the worst when it may come.

—The Harbinger.

Don't selfishly deprive your friend of cheerful company by remaining a dull, gloomy Dyspeptic. Restore your spirits by using K. D. C., the King of Dyspeptic Cures. It conquers every time.

For coughs use Slocum's Emulsion, 35c.

## OUR SPECIAL OFFERS FOR 1893

1. Anyone now a paid up subscriber, who wishes to present a friend or neighbor with the EVANGELIST for one year, may do so by sending us 50c.

2. Should our agents or other friends, who are soliciting subscriptions, find any brethren or sisters who are anxious to have the EVANGELIST, but not able to pay for it, if the names and addresses of such persons are sent to us, we shall put them on our complimentary list, and give them the paper one year for nothing.

3. By the kindness of J. M. Warner, proprietor of the Hamilton Carpet Sweeper Manufacturing House, we are able to offer to anyone sending ten new yearly subscriptions to the EVANGELIST a Grand Rapids Carpet Sweeper, the retail price of which is \$3.50. This offer will hold good throughout the year.

4. We have great pleasure in making the following offer to all subscribers to the EVANGELIST, old and new: For \$1.25 we shall give the EVANGELIST for one year, and a copy of "On the Rock; or Truth Stranger than Fiction." "On the Rock" until recently was only issued in cloth binding, and sold for \$1.50. The edition we offer is bound in paper—good, tough paper, though—and sells for 40 cents a single copy. "On the Rock" is one of the most popular and most useful books ever written by a Disciple. This is an opportunity to procure it for a trifle.

5. We are very anxious that "On the Rock" should have a large circulation in Canada this year. It is admirably adapted to the religious situation in this country at the present juncture. We should like to place a copy of it in every home the EVANGELIST visits, and in every family in the brotherhood in our land, and we are confident that it would be of great benefit to the cause of Christ were it widely distributed among our religious neighbors. To further such distribution we make this offer: If any paid-up subscriber will send us 50 cts. with the name and address of some person, not a Disciple, we shall send that person the EVANGELIST for three months, and a copy of "On the Rock."

GEORGE MUNRO,

86 Wellington St. North, HAMILTON, ONTARIO.
