(A) Imperative for both sides.

3. BRITISH HISTORY.—As in *Green's Short History of the English People* and CLEMENT'S HISTORY OF CANADA."

## The Patented Actual Business Plan

Of teaching is the one in operation in this school, and we know it to be infinitely superior to the old plan. By means of it a student will get a better business training in three months' work than he could get by an unlimited amount of text-book study and mechanical copying of imaginary book-keeping records.
