4. (1) Subject to the regulatory requirements normally applied to such operations by the aeronautical authorities of Canada, the Government of Canada grants the right for designated airlines of Ecuador to enter into cooperative arrangements for the purposes of allowing multiple airline codes on single flights and specifically to hold-out the agreed services on the specified routes by code-sharing (i.e. selling transportation under its own code) on flights operated by any airlines of Ecuador, of Canada, and/or of any third countries.

(2) All airlines involved in code-sharing arrangements shall hold the appropriate underlying route authority to provide air services to and from Canada.

(3) Code-sharing services by each designated airline of Ecuador involving transportation between the Points in Canada shall be restricted to flights operated by airlines authorised by the aeronautical authorities of Canada to provide services between the Points in Canada. All transportation between the Points in Canada under the code of each designated airline of Ecuador shall only be available as part of an international journey.
