And on the proposed amendment thereto of Mr. Horner, seconded by Mr. Schumacher,—That all the words after “That” be deleted and the following substituted therefor:

“this House will not proceed upon a measure to authorize the establishment of national marketing agencies for farm products where the establishment of such agencies is in the discretion of the government and the appointment of members to such agencies is in the gift and at the pleasure of the government and where the recommendation of the Governor General, by failing to provide for the necessary appropriation of public revenue, precludes amendment of the measure to provide that the establishment of an agency and the selection of the members thereof shall be by the decision of the majority of the farm producers concerned and determined by the democratic processes of plebiscite and election.”

And debate continuing;
