

19 Albion St.,
Nov. 29th. 1926.

Amherst, N. I.,

Sir Arthur W. Curry,
President McGill University,
Montreal, Que.

Dear Sir Arthur ;

I received your letter of November 17th., also letter of introduction to the Governor of the State of Massachusetts.

I thank you, Sir, for these, and I hope to be able to make good.

We have taken the matter of train-control up with the Chesapeake & Ohio Railway Company. They informed us they were greatly interested in our invention, and would meet us at any time.

In closing I would say, Sir Arthur, we will do our best. Again thanking you, I am.

Yours very truly,

C. J. Watt
