

Agriculture - gen

November 25th, 1926.

Dean G.S.H. Barton,
Faculty of Agriculture,
Macdonald College, Que.

Dear Dean Barton:-

I am afraid that I shall not be able to get out to Macdonald College this week, but will go next Monday morning.

When last there we spoke about the matter of the affiliation of the N. S. Agricultural College with Macdonald and you made reference to a few notes I made when we were together on a previous occasion. I think what I outlined then was my appreciation of the agreement. It was that we make available each year for the Truro College two Professors of Macdonald, who will visit that institution during the month of February. One of these shall be a Professor of Botany and the other a Professor of Entomology. For this service Truro is to pay to Macdonald \$750.00 a year.

The advantages to us we consider to be, as follows:

- (a) Truro affiliates with McGill.
- (b) Truro sends on to McGill all those graduates of hers going up for higher degrees. This may mean from six to ten extra students per year for Macdonald, thus increasing in two years our revenue anywhere from \$600. to \$1000. per annum.
- (c) This gesture of goodwill on the part of McGill should reap a reward to us in other departments than Agriculture. Certainly we are making a
