M. L. A.'s Advice to Members of North Toronto Conservative Association.

STEVENSON PRESIDENT

Strong Executive Elected to Carry on Business for the Year.

"What I would like to see is a compensation act which would enable employees to secure compensation for accidents without having to go to court and by merely proving their accident to a board of commissioners appointed by the government," said W. K. McNaught, M.L.A., in addressing the North Toronto Liberal-Conservative Association at its annual meeting last night in Cumberland Hall.

"My ideas have been for a long time, and are the same as those shown in the report just issued by Sir William Meredith on this question, and I sincerely hope that he will be successful in getting this made law. Every citizen of Ontario should be taught to speak and write the English language, because those who cannot do this are greatly handicapped in their fight to get along. I think this will be done, because the Writings government will fulfill its promises in this respect."

A photograph of the Right Hon. R. L. Borden, was presented to the association by H. J. Baker, and in speaking of it Mr. McNaught said it was a mighty fine picture of a mighty fine man. He also

BOYS ARE BLAMED FOR DEATH OF CHUM

behind posts on either side of the road. From these positions Babcock and Sherman began firing in the direction of the other boy, Price, but only in fun with no intention of hitting him. Price in turn was firing at them. The fourth boy, McCallum, had no rifle, so he sat at the side of the road, out of the line of fire. After a time Sherman turned his back to Crisp and was reloading his gun, when he heard another shot, and immediately afterward Babcock called to him to look at Tommy. Sherman saw Crisp lying on the ground, and both boys ran over to him. Sherman claimed that his shot had not hit Crisp, as he had heard it hit the post. He also stated that Babcock had told someone that he (Babcock) had shot Tommy accidentally.

Ralph McCallum, told practically the same story, while Constable Holmes stated that Babcock had confessed at No. 3 police station to having shot the boy accidentally. Other witnesses testified that their testimony had very little weight, other than to establish the fact that Crisp had rented his rifle from Solomon Holmes, a second-hand dealer on East King street.

Coroner Johnson in his address to the jury laid stress on the fact that the boys were committing an unlawful act and must be held responsible for the result of the deed, as it resulted in the death of another boy. The one who fired the shot was guilty of murder. It was his opinion that there was no possibility of the shooting having been an accident, as the boys had, according to evidence, fired at least forty or fifty shots. He stated that it was for the jury to say whether one or both of the boys was guilty. On this point he questioned the credence of Sherman's story concerning his part in the affair. He blamed the circulation of trashy books, which west shows and melodramatic moving picture shows for exercising a bad influence on young boys.

The jury was out only twenty minutes when they returned their verdict, holding each of the boys equally guilty as far as they were concerned.

Inspector Parkinson of the Dominion police arrived here with Workman this morning. Workman was sentenced at Vancouver, B.C., in July, 1910, to serve five years in the penitentiary at New Westminster. TOWNSHIP COUNCIL STANDING FIRM

Local Option Bylaw Will Not Be Submitted—Petition Insufficient.

BIG DEPUTATION THERE Counsel Present for Both Sides—Also Many Local Clergymen.

Yesterday was a big day at the York Township council meeting, so big a day in fact, that the audience filled the council chamber to overflowing, and trickled down the stairs. Local option was the subject for debate, and both sides of the case were well represented. A petition requesting the council to submit a local option bylaw at the January election was presented at a former meeting and referred to the clerk and it was to be finally disposed of, hence the large attendance.

Rev. D. W. S. McTavish was the first speaker for the local option forces and claimed that the act was not intended to apply to conditions such as existed in the Township of York, and that a petition such as that presented was sufficient reason for the council submitting a local option bylaw to the electors.

A surprise is in store for the gentlemen of the A. Y. P. A. at St. Paul's Church tonight. The secret is being jealously guarded by the female section of the association.

At a regular meeting last night, the members of the association agreed to comply with a petition submitted to them asking that a bylaw for the repeal of local option be submitted to the electors.

As the petition was unanimously signed, they did not consider it necessary to take any action in the matter.

The need of a wider sidewalk on the south side of the avenue has long been felt in the locality, and the petition got up by P. J. Scott is being circulated widely.

The long-awaited high lights on the south side of Danforth have at last been installed, and Friday night saw them lit for the first time.

NORTH TORONTO.

The men of St. Clement's Church meet tonight for their annual supper, which promises to be more largely attended than ever. Local talent has been drawn upon for a program of entertainment, and some of the most interesting speakers in the district will deliver addresses.

In a report of a meeting of the Ratepayers' Association, published in The World yesterday, the names of W. J. A DAY'S DOINGS IN WARD SEVEN

Railway Employees to Hold Memorial Service—Resident Dead.

DEPUTATION'S SUCCESS Some Candid Criticism for English Churchmen—Other News.

The death occurred yesterday of Walter H. Large at the residence of his brother, 2127 Dundas street. He was unmarried and was 31 years of age. Interment takes place Wednesday morning at 10 o'clock in Prospect Cemetery.

The annual memorial service held by the railway employees of ward seven for their brethren who have died during the year will be held on Sunday afternoon, Dec. 1, in Victoria Presbyterian Church. The pastors of the various West Toronto churches of all denominations will assist in the service, which will be in memory also of the victims of the recent storms on the upper lakes.

The young people of St. John's Church made merry last evening in the parish house. Games and contests were followed by refreshments, and a very enjoyable evening was spent.

The efforts of the special delegation appointed by the Ratepayers' Association, at their recent "complaint" meeting to interview the board of control about the state of ward seven, have been made manifest by the laying of a heavy plank road along Humberside avenue from Main street to High Park avenue. This stretch of road has always been in an impassable condition, and temporary relief will now be assured during wet weather.

During a stirring address on Charles Kingsley, delivered before the literary branch of St. Paul's Anglican Church, Runnymede, last night, H. M. Wodson handed out some severe criticisms of men and conditions in the church in Canada. The speaker spoke feelingly of the churchmen in Canada, who are doing his utmost to forget the traditions of his great church, whose boast of "simplicity" in worship is the offense; whose burning zeal in the matter of "primitive truth" has for its base a calculated table of "irreducible minima," below which spiritually cannot exist; who talk largely of the "scriptured record" of living faith to be seen in the homeland cathedrals, but who cannot see the glory of the temple is shown to limit that cheap labor and inferior work which glorifies in the architectural beauty and magnificence of city halls and legislative buildings, and forgets to blush that to laith and plaster-gener is left the honor of "His Father's house."

"I wonder," went on the speaker, "how many 'high fathers' in Canada would spend a lifetime in the matter of soul for service in the church, or to put him into a wealthy and dignified career or real estate. A critical eye has been reached in the history of the Anglican church in Canada, and unless strong, well-educated, and vigorous men come forward to take up the church's battles, other denominations will swamp the Church of England."

BRAMPTON. The W.C.T.U. will hold a Tricentennial social at the home of Mrs. S. Devese, Elizabeth street, this afternoon.

Rev. R. B. McKay of Ottawa, secretary of the foreign mission board of the Baptist Church, and a former pastor here, occupied the pulpit of the Baptist Church Sunday afternoon, and presented the needs of the foreign mission board in a clear and forcible manner.

A joint meeting of the Peel and Halton County Councils will be held at the court-house tomorrow afternoon for the purpose of appointing a physician for the Union House of Refuge, made vacant by the death of Dr. C. Y. Moore. The salary is \$800 a year and there are a number of applicants.

The following additional entries have been made from Peel to the Live Stock and Horticultural Show at Toronto: Arthur Bros., two horses; Joseph Fawcett of Britannia, Clydesdale horses; J. J. Pierson, Cooksville, ducks and geese; J. H. Thompson, Britannia, poultry. The Women's Institute are making an exhibit of canned fruit, which will be donated to the Alice Tooke Home for Girls after the show.

His Lordship Bishop Sweeney of Toronto held confirmation services in Christ Church Sunday evening. The church was crowded and many young people were confirmed by the bishop.

Charles Isior, the young man charged with stealing from his employer at the Holy Name Society attached to the parish, was tried yesterday morning for trial.
