

RATE DECISION HELPS MARKET

New York Stocks Sagging Prior to Commission's Report.

PRICES RESTORED LATER

Shorts Cover Hastily, Sending Issues Above Previous Day.

Canadian Press Despatch. NEW YORK, Dec. 18.—Prior to the announcement made shortly before midday that the interstate commerce commission had granted a restricted 1 per cent. freight advance to the eastern railroads, the stock market was dropping as a result of a strongly suggested liquidation. In the brief period between the opening of the market and the publication of a summary of the commission's decision, the market advanced 4 to 6 points under the weight of the news, when opening in the entire list was re-established.

Some shares were within a few points of the minimum prices and seemed to be declining for lack of support. What made the movement more noteworthy was the fact that it took very little stock to effect the declines. The average transaction at that time was in 100 and 200 shares, with losses between sales extending to half a point or more.

Share holders to Cover. Although early advice respecting the decision were somewhat misleading, they were of a tenor to indicate that many of the more important demands of the railroads had been granted. This was sufficient to precipitate a heavy covering for the stocks, although it induced some long buying which not only obliterated all early losses, but restored the average of prices well above the previous day. Realization in the final hour caused another shading of values, with few net changes at the end.

By students of the railway situation the decision of the interstate commerce commission was regarded as a victory for the roads, although its importance was nullified in large part by the fact that the failure to include coal, coke and iron ore in the list of commodities entitled to higher rates. Most of the eastern railroads derive a large part of their tonnage from these products, in some cases, the percentage running almost to 70 per cent.

Money Was Easier. The money market was easier, the rate for call money being reduced to 3 per cent. Large amounts of call money were placed at 3 per cent. The local Federal Reserve Bank followed the lead of other banks and lowered its discount rate by lowering its discount rates.

Bonds were heavy at the outset, but recovered with the stocks. Total sales amounted to \$1,700,000. United States bonds unchanged on call.

VARIOUS REPORTS AFFECT WHEAT PIT

Profit-Taking, Rumors of Peace and Export Difficulties.

Canadian Press Despatch. CHICAGO, Dec. 18.—Heavy profit taking and little talk of peace and difficulties hampering exports nearly wiped out today a substantial advance in the wheat market. Prices closed unsettled with a decline of a cent. Corn finished 1-4c off to 1-8c up, oats unchanged to 1-8c lower, and rye 1-4c up to 20c. Holders of wheat did not manifest that any general disposition to sell until it was not until the market had risen an average of a cent. A rumor that much unloading was done today has recently been the cause of the decline. It is being without any expectation of replacing the stock in an advantageous manner.

THREE VACANCIES ON IMPERIAL BANK BOARD

Much Speculation as to New President—Probably Second Vice-President.

In view of the rapid changes brought about in the personnel of the Imperial Bank board it is interesting to note that the oldest surviving member is now William Ramsay of Bowland, St. John's, who was elected to the directorate in 1875. The late Hon. Robert Jaffray became a member in 1885, and was president for more than one month ago, following the death of Col. D. R. Wilkie, who was president and general manager.

INCREASED DEMAND FOR MANITOBA WHEAT

That Higher Prices Will Rule Later is Impression. Canadian Press Despatch. MONTREAL, Dec. 18.—There was an increased demand for foreign buyers for Manitoba spring wheat today and as the prices bid were practically unchanged only sales of a few odd loads were made for January shipment as the impression among exporters is that higher prices will rule later on and therefore they are not free sellers.
